Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodian is complete and accurate to the best of their knowledge.

Notes to Financial Statements
December 31, 2017 and 2016

Note 1: Description of the Plan

The following description of the Matson, Driscoll & Damico, LLP Profit Sharing Plan & Trust (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which became effective as of January 1, 2008, is a qualified retirement plan covering all eligible employees of Matson, Driscoll & Damico, LLP (Company) and provides for retirement benefits to all participants. Upon satisfying the requirements of attaining the age of 21½, completing six months of service and continuing employment with employer, employees become eligible to participate in the Plan. Effective January 1, 2009, a participant became eligible to begin receiving profit sharing contributions on the first day of the calendar quarter coincident with or following attainment of age 21 and completion of six months of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

The Company makes a safe harbor Qualified Non-Elective Contribution to the Plan in an amount not less than three percent (3%) of participants' compensation on behalf of each employee who is eligible to make elective deferrals during the plan year to the Company's 401(k) Plan.

The Company may, in its sole discretion, make a profit sharing contribution to the Plan on participants' behalf if participants have completed at least 1,000 hours of service during the plan year and are employed by the Company on the last day of the plan year.

The amount that may be contributed to the Plan on participants' behalf in any year is limited to a fixed dollar amount and cannot exceed 100% of participants' compensation.

Investment Options

The Plan provides for each participant to direct the investments in their accounts in investment funds established for each such participant.

Participant Accounts

Each participant's account is credited with the allocation of the Company's contributions, administrative expenses and plan earnings. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants have a fully vested and nonforfeitable interest in the Qualified Non-Elective Contributions plus the actual earnings thereon. The profit sharing contribution account vests based on years of vesting service described as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant or his beneficiary shall be fully vested in the entire value of the participant's account upon the participant's attainment of his normal retirement age, early retirement age or upon such participant's disability or death.

Payment of Benefits

If a participant retires, the balance of the participant's account is payable at his/her option in a lump-sum distribution, cash distribution or a rollover into a qualified plan or IRA unless the participant's balance in the Plan is less than $1,000, in which case the participant will receive a lump-sum distribution. Upon death or termination of a participant, the custodian of the Plan advised the beneficiary or participant of the various methods of distribution of the participant's account available to the participant or his/her beneficiary. Beneficiaries are entitled to 100% of the participant's account balance upon death or disability, as defined.

Forfeitures

At December 31, 2017 and 2016, the unallocated forfeiture accounts amounted to $3,271 and $0, respectively. These accounts shall be used to restore forfeitures, reduce Company contributions (or reallocate as Company contributions) or to pay reasonable plan expenses. For the year ended December 31, 2017 and 2016 , $100 and $19,385, respectively, of forfeitures were used to pay plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with the accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value except for the fixed income account which is a fully benefit-responsive investment contract and is reported at contract value. The pooled separate accounts are valued based upon the net asset value (NAV) of the funds multiplied by the units held by the Plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments of the pooled separate accounts consist solely of mutual funds, and the investment strategy of the respective pooled separate accounts aligns directly with the investment strategy of the underlying mutual fund investments. Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

All direct expenses of the Plan relating to the custodian, plan administrator and investment fiduciary are paid or reimbursed by the Company. Certain other expenses of the Plan, such as distribution processing fees, are recognized by the Plan as incurred. Administrative expenses paid by the Plan totaled $585 and $19,835 for the years ended December 31, 2017 and 2016, respectively. Certain investment fees are netted in the net appreciation in fair value of investments.

Revenue Sharing

The Plan recognizes the income from revenue sharing agreements when received. During 2017 and 2016, the Plan received $44,274 and $24,738 of revenue sharing income, respectively, of which $44,576 and $24,888 was allocated back to participants during 2017 and 2016, respectively. At December 31, 2017 and 2016, no amounts are available for future use.

Note 3: Fair Value Measurements

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2017				
Pooled separate accounts	$ 21,722,029	$ -	Daily	None
December 31, 2016				
Pooled separate accounts	$ 19,027,217	$ -	Daily	None

Large Cap pooled separate accounts seek long-term growth of capital and income in common stocks of large capitalization companies. Small and Mid-Cap pooled separate accounts seek to provide capital appreciation and primarily in common stocks of small to mid-sized companies.

International pooled separate accounts invest in large capitalization companies with their principal place of business outside of the U.S for long-term growth of capital and capital appreciation. Balanced pooled separate accounts seek to provide for retirement outcomes based on quantitatively measured risk in equity, hybrid and fixed income funds according to asset allocation strategies designed for specific investment time horizons. Bond funds seek to generate current income consistent with the preservation of capital in fixed income securities, debt securities and short-to long-term bonds. Fixed income pooled separate accounts invest in fixed income and securities such as assets backed securities, residential mortgage backed securities and commercial mortgage backed securities and corporate bonds.

Note 4: Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy to the best of their knowledge of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017, and the investment income components reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5: Group Annuity Contract

One of the Plan's investment options is the Fixed Income Account, a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6: Income Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan sponsored by CCH Incorporated d/b/a FTWilliam Com. This volume submitter profit sharing plan has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

Note 8: Party-in-Interest Transactions

Plan investments are held and managed by the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions.

Note 9: Subsequent Events

Subsequent events have been evaluated through September 14, 2018, which is the date the financial statements were available to be issued.
