Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kenmode Tool and Engineering, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Information

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the *Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.*

KENMODE TOOL AND ENGINEERING, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Kenmode Tool and Engineering, Inc. 401(k) Plan (the "Plan") provides only general information. Interested parties should refer to the plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Kenmode Tool and Engineering, Inc. (the "Company"). Nonunion employees who have attained the age of 21 are eligible to participate in the Plan upon completion of one year of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA).*

Contributions

The Plan is funded by voluntary pre-tax and after tax contributions of the participants, safe harbor matching contributions of the Company and discretionary profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. In 2017 and 2016, the Company made safe harbor matching contributions amounting to $333,027 and $320,409, respectively. A matching contribution was made of 100% of participants' deferrals up to 3% of compensation. Then an additional 50% matching contribution was made of deferrals between 3% and 5% of compensation. No discretionary profit sharing contributions were made for the years ended December 31, 2017 and 2016, respectively.

Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary profit sharing and safe harbor matching contributions, an allocation of forfeitures of terminated participants' nonvested accounts, and an allocation of plan earnings. The Company's discretionary profit sharing contribution and forfeitures of terminated participants' nonvested accounts as of the last day of the plan year and are based on a ratio of each participant's compensation to total compensation for all participants. The Company's safe harbor matching contributions is allocated based on a basic safe harbor matching formula. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately fully vested in participant, rollover, and safe harbor matching contributions in addition to the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions become 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, periodic installments not exceeding the participant's life expectancy, or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. The loans are collateralized by the borrowers' respective vested account balance and bear interest ranging from 4.25% to 5.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $10,596 and $8,423 for the years ended December 31, 2017 and 2016, respectively.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Company. Administrative expenses paid by the Plan Sponsor totaled $27,378 and $27,257 for the years ended December 31, 2017 and 2016, respectively.

Forfeited Accounts

At December 31, 2017 and 2016, unallocated plan assets resulting from forfeited nonvested accounts totaled $16,793 and $11,687, respectively. These accounts will be used to reduce future employer contributions or Plan expenses. Plan expenses were reduced by $27,128 and $26,930 from forfeited nonvested accounts for the years ended December 31, 2017 and 2016, respectively.

NOTES B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Adoption of New Accounting Standard

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part III is not applicable to the Plan.

Part (I) addresses the reporting of fully benefit-responsive contracts held by defined contribution plans and health and welfare benefit plans. Prior to implementing ASU No. 2015-12-I, a Plan must measure a fully benefit-responsive contract at contract value and show an adjustment that reconciles contract value to fair value on the face of the Plan's financial statements. ASU No. 2015-12-I changes this requirement. After implementation, a plan must report fully benefit-responsive contracts only at contract value.

Part (II) simplifies the required disclosures by employee benefit plans regarding portfolio investments. More specifically, these amendments modify current disclosure requirements, as follows:

- The disclosure requirements regarding individual investments that represent 5 percent or more of net assets available for benefits is eliminated;
- The disclosure requirement regarding net appreciation or depreciation of investments by type, whether participant-directed or nonparticipant-directed, is eliminated. The disclosure requirement regarding net appreciation or depreciation of investments by general type of investment is also eliminated. Instead, a plan must disclose only the net appreciation or depreciation in the aggregate;
- The disclosure requirements regarding the disaggregation of investments are amended. Plans within the scope of Topic 960, Defined Benefit Pension Plans, Topic 962, Defined Contribution Pension Plans, and Topic 965, Health and Welfare Benefit Plans, must continue to classify investments by general type, but the requirement to disclose investments on the basis of their nature, characteristics, and risks under Topic 820, Fair Value Measurement, is eliminated; and
- The disclosure of the significant investment strategy that pertains to an investment is no longer required if: the plan measures the investment at net asset value per share under the practical expedient in FASB ASC 820-10-35-59, and the investment is in a fund that files U.S. Department of Labor Form 5500 as a direct filing entity.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value in investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported.

Reclassifications

Certain amounts in the 2016 financial statements have been reclassified to conform to the 2017 presentation with no effect on previously reported net increase in net assets available for benefits.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit.

The Plan administrator has obtained a certification from Reliance Trust, as trustees of the Plan, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Investments as of December 31, 2017 and 2016
- Plan transactions related to investment income and securities transactions for the years ended December 31, 2017 and 2016
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2017

Accordingly, at the request of the Plan administrator, the Plan's independent certified public accountants performed no procedures on investment information and related activity, other than to agree the information to the trust statements certified by the Plan's trustee and provided to them by the Plan administrator.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1:
Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:
Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016.

	Plan Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,067,760	$ -	$ -	$ 12,067,760
Common collective trust fund	-	529,740	-	529,740
Investments, at fair value	$ 12,067,760	$ 529,740	$ -	$ 12,597,500

	Plan Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,834,237	$ -	$ -	$ 9,834,237
Common collective trust fund	-	617,755	-	617,755
Investments, at fair value	$ 9,834,237	$ 617,755	$ -	$ 10,451,992

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The Plan held shares on interests in a common collective trust fund at December 31, 2017 and 2016. The common collective trust fund invests primarily in fixed securities, including other common collective trust funds and synthetic contracts. There were no unfunded commitments at December 31, 2017 or 2016. Participant-directed withdrawals may be made on any business day provided that the withdrawal is not to accommodate an exchange to another investment option which is a competing fund, as determined by the trustee of the fund. Withdrawals directed by the Plan Sponsor must be preceded by twelve months written notice to the trustee of the fund.

NOTE E – INCOME TAX STATUS

The Plan is a prototype plan. Effective March 31, 2014, the Company adopted the Great-West Trust Company, LLC Prototype Non-Standardized Profit Sharing Plan, which is a non-standardized prototype plan. The Plan has received a favorable opinion letter from the Internal Revenue Service (IRS), who stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan has not individually sought its own determination letter.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. For federal purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadline of those returns. The Plan Sponsor believes it is no longer subject to income tax examination for years prior to 2014.

NOTE F – RELATED PARTY TRANSACTIONS

Plan investments are held by Reliance Trust. Reliance Trust Company is the trustee and agent, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment. UBS Financial Services, Inc. is the investment advisor, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment advisory services totaled $27,128 and $26,930 for the years ended December 31, 2017 and 2016, respectively. JPMorgan Retirement Plan Services LLC. Is the Plan record keeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services totaled $250 and $327 for years ended December 31, 2017 and 2016, respectively.

NOTE G – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive guaranteed investment contract with Invesco National Trust Company (Invesco). Invesco maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Invesco, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2017 and 2016 was $529,740 and $617,755, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and was 2.18% at December 31, 2017. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Invesco. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit Invesco to terminate the agreement prior to the scheduled maturity date.

	2017	2016
Average yields:		
Based on actual earnings	2.18%	1.94%
Based on interest rate credited to participants	2.30%	2.05%

NOTE H – SUBSEQUENT EVENTS

The Plan Sponsor has evaluated events subsequent to the statement of net assets available for benefits date of December 31, 2017, through October 1, 2018, the date the financial statements were available to be issued. It has concluded that there are no effects that provide additional evidence about conditions that existed at the statement of net assets available for benefits date that require recognition in the financial statements or related note disclosures in accordance with FASB ASC 855, *Subsequent Events*.
