We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

HUGHES ENTERPRISES, INC. 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hughes Enterprises, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution plan covering employees of Hughes Enterprises, Inc. and Blue Kangaroo LLC (the Company). To participate in the Plan, an employee must have attained 21 years of age. To be eligible for Company discretionary contributions, an employee must have completed one year with 1,000 hours of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 60% of their annual compensation up to the maximum allowable limits of Code Section 401(k). Each year, the Company has the option to make a discretionary contribution which is not limited to its current or accumulated net profit.

The Company also has the option to make an employer matching contribution based on an annual election. For the plan year ended December 31, 2017, the Company matched up to 100% of the first 7% of total compensation of participants.

Participant Accounts

Each participant's self-directed 401(k) account is credited with the participant's contributions, earnings on the participant's contributions, and charged with plan expenses. The participant has separate self-directed 401(k) accounts for employer matching contributions and employer discretionary contributions, which consist of the Company's contributions, earnings on the Company's contributions, and are charged with plan expenses.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Description of Investment Options

The Plan's assets are held in a trust administered by Fidelity Management Trust Company. Participants may elect to have their account contributions invested in one or a combination of investment options provided by the Plan. The investment options consist of a money market fund, common collective trust, and various registered investment companies selected by the Plan Administrator. The Plan also provides for self-directed investing whereby each participant can select specific investments such as stocks, bonds, mutual funds, and registered investment companies as permitted by the law.

Notes Receivable from Participants

The Plan contains provisions which allow for loans to participants, subject to certain restrictions. The maximum loan amount is the lesser of one half of the vested balance or $50,000 reduced by the highest outstanding loan balance in the account during the prior 12 month period. Up to 50 percent of the vested balance may be used as collateral for the loan. These loans, which have a maximum term of five years (longer, if used to acquire a participant's principal residence), are to be repaid through regular payroll withholdings. The interest rate charged for loans from the Plan is established by the Plan Administrator.

Payment of Benefits and Distributions

On termination of service due to death, disability, retirement, or other reasons, a participant will receive an amount equal to the value of the participant's vested interest in a lump-sum payment or a series of substantially equal installments over a period not exceeding the life expectancy of the participant or the joint life expectancies of the participant and his designated beneficiary. In addition, the Plan provides for in-service withdrawals under certain circumstances.

Administrative Expenses

Certain administrative expenses have been paid by the Company. Administrative expenses paid by the Plan include investment advisory and management fees.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $10,234 and $7,907, respectively. These forfeitures may be used to pay administrative expenses or reduce employer contributions. During the year ended December 31, 2017, forfeitures totaling $9,392 were used to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Administration

The Plan is administered by the Plan Administrator.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and that also affect revenues and expenses during the reporting period. Actual results could differ from those estimates.

Date of Management's Review

For the current reporting period, subsequent events were evaluated through October 3, 2018, which represents the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The financial information relating to the Plan's investments is included in the accompanying financial statements based on information provided by the trustee. Fidelity Management Trust Company was the trustee of the Plan's investments at December 31, 2017 and 2016. All investments are participant directed utilizing the investment options provided by the Plan.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	2017	2016
Investments, at fair value:		
Money market funds	$ 552,809	$ 674,333
Registered investment companies	12,441,125	10,341,386
Common collective trust fund	94,200	170,769
Self-directed brokerage accounts	845,080	638,152
Total Investments	$ 13,933,214	$11,824,640

The trustee also certified to the completeness and accuracy of $1,208,554 of net realized and unrealized appreciation in fair value of investments and $777,326 in interest and dividends investment income related to the aforementioned investments for the year ended December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosure Topic of the Financial Accounting Standards Board Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data or correlation by other means.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

	If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Money market funds: Valued at cost, which approximates fair value.

Registered investment companies: Valued at the end of the plan year by obtaining quoted prices on nationally recognized securities exchanges.

Common collective trust fund: Valued at the end of the plan year by dividing net assets by the number of units held by the plan.

Self-directed brokerage accounts: Within the self-directed brokerage accounts, registered investment companies and publicly traded common stocks are valued by obtaining quoted prices on nationally recognized securities exchanges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017 and 2016:

	Assets at Fair Value at December 31, 2017			
	Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs	
	Level 1	Level 2	Level 3	Total

Investments at fair value	$ 13,933,214	$ -0-	$ -0-	$ 13,933,214

	Assets at Fair Value at December 31, 2016			
	Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs	
	Level 1	Level 2	Level 3	Total
Money market funds	$ 674,333	$ -0-	$ -0-	$ 674,333

Common collective trust fund	170,769	-0-	-0-	170,769
Self-directed brokerage accounts	638,152	-0-	-0-	638,152
Investments at fair value	$ 11,824,640	$ -0-	$ -0-	$ 11,824,640

NOTE 6 - TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, except as disclosed in Note 11, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits at December 31, 2017 and 2016 per the financial statements to Form 5500:

	2017	2016
Net assets available for benefits per the financial statements	$ 14,149,824	$ 12,108,182
Less: Participant and employer contributions receivable recorded as an asset on the December 31, 2017 and 2016 financial statements	-0-	(40,857)
Add: Excess contributions payable recorded as a liability on the December 31, 2017 and 2016 financial statements	28,978	12,505
Net assets available for benefits per Form 5500	$ 14,178,802	$ 12,079,830

The following is a reconciliation of the statement of changes in net assets available for benefits for the year ended December 31, 2017 per the financial statements to Form 5500:

Increase in net assets available for benefits per the financial statements	$ 2,041,642
Add: Amounts recorded as participant and employer contributions receivable on the December 31, 2016 financial statements	40,857
Less: Amount recorded as excess contributions payable on the December 31, 2016 financial statements	(12,505)
Add: Amount recorded as excess contributions payable on the December 31, 2017 financial statements	28,978
Increase in net assets available for benefits per Form 5500	$ 2,098,972

NOTE 8 - EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination test for the years ended December 31, 2017 and 2016. Excess participant contributions amounting to $28,978 and $12,505 at December 31, 2017 and 2016, respectively, are recorded as a liability in the accompanying statement of net assets available for benefits and as an increase of distributions to participants for the year ended December 31, 2017.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to the trustee are included as a reduction of the return earned on the registered investment companies.

NOTE 11 - PROHIBITED TRANSACTIONS

During 2017, the Company failed to remit to the Plan's trustee certain employee contributions totaling approximately $171,650 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Company has or will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays. The Company estimated the amount of corrective payments due to the Plan and considers the amount to be immaterial.

During 2016, the Company failed to remit to the Plan's trustee certain employee contributions totaling approximately $156,291 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. The Company was contacted by the DOL regarding the late remittances and options for correction available under the Voluntary Fiduciary Correction Program (VFCP). The Company has filed a VFCP application and taken corrective actions, and acceptance of the VFCP filing is pending. The Company estimated the amount of corrective payments due to the Plan and considers the amount to be immaterial.
