### 1. Plan Description

The following description of the Americhem, Inc. Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering substantially all domestic employees of Americhem, Inc. and Subsidiaries (Company or employer), except for those employees classified as ineligible (as defined). Employees are eligible to participate in the Plan provided they have completed three months of service and have attained the age of nineteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 18, 2016 the Company acquired the shares of Vi-Chem Corp. (Vi-Chem), at which time the Plan was amended to include prior service rendered for former employees of Vi-Chem.

#### *Administration*

The Plan is administered by the Company or persons appointed by the Company. Fidelity Management Trust Company (Fidelity), the trustee of the Plan, receives and holds Plan assets and makes distributions to participants in accordance with the Plan.

#### *Contributions*

Subject to limitations contained in the Plan and under the Internal Revenue Code, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan agreement. In addition, participants may also contribute amounts representing distributions from other qualified retirement savings plans (termed "rollover contributions"), Roth elective deferrals, after-tax contributions, and based on qualifying age, catch-up contributions. The Plan is a safe harbor 401(k) plan. The Company matches 100% of the first 3% and 50% of the next 2% of compensation a participant contributes to the Plan (as defined). Additional amounts may be contributed at the discretion of the Company's board of directors. No additional discretionary contributions were made for the year ended December 31, 2017.

Effective January 1, 2017, the Plan was amended to add an automatic escalation feature (as defined).

#### *Participant Accounts*

Each participant's account is credited with the participant and employer contributions, as well as an allocation of Plan earnings and losses and administrative expenses. Allocation of the earnings and losses is based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Additionally, participants elect to maintain their accounts in a combination of investment funds. Separate accounting for each of the participants' funds is maintained pursuant to each participant's designated election.

# Americhem, Inc. Employee Retirement Savings Plan

## Notes to Financial Statements

---

Effective March 1, 2017, the Plan was amended to add an in-plan conversion option of a participant's traditional after-tax account balance to a designated Roth account. This will allow participants to roll over any vested Plan balance to a Roth account within the Plan. Only a participant who is still employed by the Company may elect to make such in-plan Roth rollover.

### *Vesting*

Participant and Company safe harbor contributions plus actual earnings thereon are vested immediately. Participants are subject to the following vesting schedule for Company discretionary contributions plus actual earnings thereon:

| <b><u>Years of Service</u></b> | <b><u>Vested %</u></b> |
|--------------------------------|------------------------|
| Less than 2                    | 0%                     |
| 2                              | 20%                    |
| 3                              | 40%                    |
| 4                              | 60%                    |
| 5                              | 80%                    |
| 6                              | 100%                   |

### *Forfeitures*

Forfeited nonvested contributions totaled \$429 and \$0 for the years ended December 31, 2017 and 2016, respectively. These amounts were used to pay Plan expenses in each of the respective years.

### *Distributions*

Vested benefits are payable upon the participant's attainment of age 59-1/2, retirement, separation from service with the Company, death, or total and permanent disability. In addition, upon existence of substantial hardship, withdrawals are available to Plan participants. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account, or a partial withdrawal of his or her vested account balance. With respect to distributions, if the vested balance is greater than \$1,000 and less than \$5,000, and the participant does not make an election to either receive or to roll over the distribution, the distribution must be rolled over to an Individual Retirement Account (IRA). If the vested balance is \$1,000 or less, the form of distribution remains as a single lump sum payment.

Effective January 1, 2017, the Plan was amended to add an installment payment option after a participant is terminated or retires.

### *Notes Receivable from Participants*

Participants are eligible to take out notes against amounts accumulated in the Plan on their behalf. The Plan limits the loan amount to a maximum of \$50,000 minus the difference, if any, between the participant's highest loan balance during the previous one-year period preceding the date the new loan is to be made and the participant's outstanding loan balance the day before receiving the new loan; or, fifty percent of the participant's vested account balance, whichever is less. Participants can only have one loan outstanding under the Plan at any time. The loans are repayable over one to five years, unless used to acquire a principal residence. Interest rates

charged on outstanding notes receivable from participants was between 4.25% and 5.25% as of December 31, 2017 and 2016. Principal and interest are paid ratably through payroll deductions. In addition, participants may choose to make additional payments directly to the trustee.

Effective January 1, 2017, the Plan document was amended to include a waiting period of 6-months after a participant pays off an existing loan before another loan may be taken.

## 2. Summary of Significant Accounting Policies

### *Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis in conformity with generally accepted accounting principles in the United States of America (GAAP).

### *Valuation of Investments*

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation methodology used to measure the fair value of the New York Life Anchor Acct IV fund is derived from the net asset value (NAV) of units held by the Plan at December 31, 2017 and 2016. The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less liabilities. See Note 3 for a discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Benefit Distributions*

Benefit distributions are recorded when paid to participants.

### *Expenses of the Plan*

Direct fees and expenses related to investment transactions are paid from the Plan. All other fees and expenses relating to the operation of the Plan and its related trust are paid by the Company.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

# Americhem, Inc. Employee Retirement Savings Plan

## Notes to Financial Statements

---

### *Risks and Uncertainties*

The Plan invests in various investment securities through the use of mutual funds. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

### *Evaluation of Subsequent Events*

The Company has evaluated subsequent events through October 4, 2018, which is the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

## **3. Fair Value Measurements**

The Plan follows the provisions of *Fair Value Measurements and Disclosures*, which defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

*Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

# Americhem, Inc. Employee Retirement Savings Plan

## Notes to Financial Statements

---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Registered investment company securities:* Valued at the daily closing price as reported by the fund. Registered investment company securities held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The registered investment company securities held by the Plan are deemed to be actively traded.

*Common/collective trusts - Stable value fund:* Valued using the NAV based on the fair value of the underlying investments held by the fund less its liabilities. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

|                                 | Fair Value Measurements at Reporting Date Using |         |         |               |

### 4. Investments/Notes Receivable (unaudited)

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and the net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2017, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

### 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### 6. Tax Status of the Plan

The Plan is a prototype plan document sponsored by Fidelity Management Trust Company. Fidelity received an opinion from the Internal Revenue Service (IRS), dated March 31, 2014, which stated that the prototype document satisfies the provisions of Section 401 of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 7. Parties-in-Interest Transactions

Transactions that qualify as parties-in-interest consist of purchases and sales of Fidelity Management Trust Company funds sponsored by an affiliate of the Plan's trustee and notes receivable from participants.

The Plan was under contract with Fidelity Management Trust Company to provide various administrative services. Fees paid by the Plan for these services for the year ended December 31, 2017 were \$55,815.

Also during 2017 and 2016, the Company utilized the prototype plan sponsor for other consulting matters. The fees for these services were paid by the Company.

### 1. Plan Description

The following description of the Americhem, Inc. Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering substantially all domestic employees of Americhem, Inc. and Subsidiaries (Company or employer), except for those employees classified as ineligible (as defined). Employees are eligible to participate in the Plan provided they have completed three months of service and have attained the age of nineteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 18, 2016 the Company acquired the shares of Vi-Chem Corp. (Vi-Chem), at which time the Plan was amended to include prior service rendered for former employees of Vi-Chem.

#### *Administration*

The Plan is administered by the Company or persons appointed by the Company. Fidelity Management Trust Company (Fidelity), the trustee of the Plan, receives and holds Plan assets and makes distributions to participants in accordance with the Plan.

#### *Contributions*

Subject to limitations contained in the Plan and under the Internal Revenue Code, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan agreement. In addition, participants may also contribute amounts representing distributions from other qualified retirement savings plans (termed "rollover contributions"), Roth elective deferrals, after-tax contributions, and based on qualifying age, catch-up contributions. The Plan is a safe harbor 401(k) plan. The Company matches 100% of the first 3% and 50% of the next 2% of compensation a participant contributes to the Plan (as defined). Additional amounts may be contributed at the discretion of the Company's board of directors. No additional discretionary contributions were made for the year ended December 31, 2017.

Effective January 1, 2017, the Plan was amended to add an automatic escalation feature (as defined).

#### *Participant Accounts*

Each participant's account is credited with the participant and employer contributions, as well as an allocation of Plan earnings and losses and administrative expenses. Allocation of the earnings and losses is based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Additionally, participants elect to maintain their accounts in a combination of investment funds. Separate accounting for each of the participants' funds is maintained pursuant to each participant's designated election.

## Notes to Financial Statements

---

Effective March 1, 2017, the Plan was amended to add an in-plan conversion option of a participant's traditional after-tax account balance to a designated Roth account. This will allow participants to roll over any vested Plan balance to a Roth account within the Plan. Only a participant who is still employed by the Company may elect to make such in-plan Roth rollover.

### *Vesting*

Participant and Company safe harbor contributions plus actual earnings thereon are vested immediately. Participants are subject to the following vesting schedule for Company discretionary contributions plus actual earnings thereon:

| <b><u>Years of Service</u></b> | <b><u>Vested %</u></b> |
|--------------------------------|------------------------|
| Less than 2                    | 0%                     |
| 2                              | 20%                    |
| 3                              | 40%                    |
| 4                              | 60%                    |
| 5                              | 80%                    |
| 6                              | 100%                   |

### *Forfeitures*

Forfeited nonvested contributions totaled \$429 and \$0 for the years ended December 31, 2017 and 2016, respectively. These amounts were used to pay Plan expenses in each of the respective years.

### *Distributions*

Vested benefits are payable upon the participant's attainment of age 59-1/2, retirement, separation from service with the Company, death, or total and permanent disability. In addition, upon existence of substantial hardship, withdrawals are available to Plan participants. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account, or a partial withdrawal of his or her vested account balance. With respect to distributions, if the vested balance is greater than \$1,000 and less than \$5,000, and the participant does not make an election to either receive or to roll over the distribution, the distribution must be rolled over to an Individual Retirement Account (IRA). If the vested balance is \$1,000 or less, the form of distribution remains as a single lump sum payment.

Effective January 1, 2017, the Plan was amended to add an installment payment option after a participant is terminated or retires.

### *Notes Receivable from Participants*

Participants are eligible to take out notes against amounts accumulated in the Plan on their behalf. The Plan limits the loan amount to a maximum of \$50,000 minus the difference, if any, between the participant's highest loan balance during the previous one-year period preceding the date the new loan is to be made and the participant's outstanding loan balance the day before receiving the new loan; or, fifty percent of the participant's vested account balance, whichever is less. Participants can only have one loan outstanding under the Plan at any time. The loans are repayable over one to five years, unless used to acquire a principal residence. Interest rates

charged on outstanding notes receivable from participants was between 4.25% and 5.25% as of December 31, 2017 and 2016. Principal and interest are paid ratably through payroll deductions. In addition, participants may choose to make additional payments directly to the trustee.

Effective January 1, 2017, the Plan document was amended to include a waiting period of 6-months after a participant pays off an existing loan before another loan may be taken.

## 2. Summary of Significant Accounting Policies

### *Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis in conformity with generally accepted accounting principles in the United States of America (GAAP).

### *Valuation of Investments*

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation methodology used to measure the fair value of the New York Life Anchor Acct IV fund is derived from the net asset value (NAV) of units held by the Plan at December 31, 2017 and 2016. The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less liabilities. See Note 3 for a discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Benefit Distributions*

Benefit distributions are recorded when paid to participants.

### *Expenses of the Plan*

Direct fees and expenses related to investment transactions are paid from the Plan. All other fees and expenses relating to the operation of the Plan and its related trust are paid by the Company.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

## Notes to Financial Statements

### *Risks and Uncertainties*

The Plan invests in various investment securities through the use of mutual funds. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

### *Evaluation of Subsequent Events*

The Company has evaluated subsequent events through October 4, 2018, which is the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

## **3. Fair Value Measurements**

The Plan follows the provisions of *Fair Value Measurements and Disclosures*, which defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

*Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

# Americhem, Inc. Employee Retirement Savings Plan

## Notes to Financial Statements

---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Registered investment company securities:* Valued at the daily closing price as reported by the fund. Registered investment company securities held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The registered investment company securities held by the Plan are deemed to be actively traded.

*Common/collective trusts - Stable value fund:* Valued using the NAV based on the fair value of the underlying investments held by the fund less its liabilities. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

|                                 | Fair Value Measurements at Reporting Date Using |         |         |               |

## Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

- (a) In accordance with ASC 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### 4. Investments/Notes Receivable (unaudited)

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and the net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2017, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

### 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### 6. Tax Status of the Plan

The Plan is a prototype plan document sponsored by Fidelity Management Trust Company. Fidelity received an opinion from the Internal Revenue Service (IRS), dated March 31, 2014, which stated that the prototype document satisfies the provisions of Section 401 of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 7. Parties-in-Interest Transactions

Transactions that qualify as parties-in-interest consist of purchases and sales of Fidelity Management Trust Company funds sponsored by an affiliate of the Plan's trustee and notes receivable from participants.

The Plan was under contract with Fidelity Management Trust Company to provide various administrative services. Fees paid by the Plan for these services for the year ended December 31, 2017 were \$55,815.

Also during 2017 and 2016, the Company utilized the prototype plan sponsor for other consulting matters. The fees for these services were paid by the Company.
