INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Pavement Recycling Systems, Inc. Employee Stock Ownership Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the Pavement Recycling Systems, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

1. PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the Pavement Recycling Systems, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provision.

General

Pavement Recycling Systems, Inc. (the Company or Sponsor) established the Plan in 1990. The Plan is intended to operate as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan had purchased shares of Company common stock using borrowed proceeds secured by the unallocated purchased shares, and holds the common stock in a trust established under the Plan. The Plan paid off the debt during the year ended December 31, 2016 and all Company common stock is fully allocated to participants as of December 31, 2017 and 2016.

Eligibility

Employees who have attained at least 21 years of age, have completed 12 consecutive months of service, with at least 1,000 hours and are employed on the last day of the plan year will become a participant in the Plan as of the first day of the Plan year in which the eligibility requirements are satisfied. For vesting purposes, participants do not have to complete the 12 consecutive months of service requirement.

Company Contributions

The Company may make discretionary contributions as determined each year by resolution of the Company's Board of Directors. For the year ended December 31, 2017, the Company made discretionary contributions to the Plan equal to 10% of the participant's gross eligible compensation, as defined. Employee contributions to the Plan are not permitted.

1. PLAN DESCRIPTION AND BASIS OF PRESENTATION – (Continued)

Plan Administration

The Plan's assets, which consists primarily of Company common stock, are held by the trustees of the Plan.

The trustees of the Plan are a group of designated employees of the Company. Company contributions are held and managed by the trustees, which invests cash received, interest and dividend income, and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

Participant Accounts

Each participant's account is credited with allocations of the Company's contributions, forfeitures, net appreciation of Company common stock, and other investment earnings net of plan expenses.

The Company's contributions may consist of cash or common stock contributions and are allocated to active participants based on the percentage that their eligible compensation is representative to total eligible compensation.

Forfeitures of terminated participant's nonvested account balances are annually allocated to active participants based on the percentage that their eligible compensation is representative to total eligible compensation. During 2017, $209,011 of forfeitures were allocated to participants.

Net appreciation of Company common stock, as determined by an independent appraiser, is allocated based on the number of shares held by the participants at year-end multiplied by the change in the per share value.

Other investment earnings, including interest and dividend income, net of plan expenses are allocated to participants based on the percentage that their other investment account balance as of the first day of the plan year adjusted for distributions made, is representative to the total other investment account balance.

1. PLAN DESCRIPTION AND BASIS OF PRESENTATION – (Continued)

Payment of Benefits

Distribution of Plan benefits due to termination for retirement, disability, death or other reasons will be made in shares of Company common stock (see Put Option below), lump sum, or annual installments. Annual installments are paid after a one to six year waiting period over no more than five years, unless the participants vested account balance exceeds the amount as defined under the IRC, in which case installments could exceed five years. The Plan provides for in-service distributions once a participant attains age 70 ½. As of December 31, 2017, 58 participants who terminated employment have 144,075 vested shares valued at $19,531,019. These amounts are scheduled to be paid commencing December 31, 2018 through December 31, 2027.

Vesting

Prior to December 31, 2017, distributions are subject to vesting in the Company's contributions based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 5	0%
5	100%

Distributions made subsequent to December 31, 2017, are subject to vesting in the Company's contributions based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	100%

Voting Rights

Participants may direct the voting of shares of the Company common stock allocated to their accounts on any matters on which shareholders are allowed to vote. Such matters are limited to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or other similar transactions. Each participant will be provided with notification of the shareholders meeting and the proxy voting instruction form, which will need to be returned to the trustee prior to said meeting. The trustee will vote all shares according to those instructions. The trustee will vote all shares for which no instruction was received in the same proportion of yeas and nays on the instructions received.

1. PLAN DESCRIPTION AND BASIS OF PRESENTATION – (Continued)

Right of First Refusal

The right of first refusal shall provide that prior to any subsequent transfer, the shares must first be offered for purchase in writing to the Company, then to the trustee, on behalf of the Plan, at the fair market value. The fair market value for these shares of Company common stock shall be the greater of the price offered to the participant by the prospective purchaser or the price per the most recent preceding valuation date of the Plan. The Company and the trustee have 14 days to exercise this right of first refusal.

Put Option

Under federal income tax regulations, the Company common stock held by the Plan and its participants, and that are not readily tradable on an established market, or that are subject to trading limitations, include a put option (liquidity put). The liquidity put is a right to demand that the Company buy shares of its common stock held by the participant for which there is no market. The put price is representative of the fair market value of the common stock. The Company may pay for the purchase with interest not exceeding a period of five years. The purpose of the liquidity put is to ensure that the participant has the ability to ultimately obtain cash. In addition, if the Company elects to pay the purchase price of the common stock option under the installment method then the Company shall give the participant who is exercising the put option the Company's promissory note for the full unpaid balance of the purchase price.

Diversification

Diversification will be offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least 55 years of age with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25% of his or her account balance, less any amounts previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. As of December 31, 2017, 31,261 shares of Company common stock were eligible for diversification.

Plan Termination

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net earnings includes the Plan's gains and losses on investments bought and sold as well as held during the period. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of Sponsor common stock.

Risks and Uncertainties

The Plan invests in the common stock of the Sponsor and registered investment companies, which are exposed to various risks, such as interest rate risk, credit risk and market risks, as well as valuation assumptions based on earnings, cash flows or other techniques. Due to the level of risk associated with these investments and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pavement Recycling Systems, Inc. common stock: The fair value of the Company's common stock was determined by an independent appraisal. This appraisal was based upon a combination of the income and market valuation techniques which is consistent with the prior year. The asset-based approach was not used as it provides no consideration of earnings. The appraiser took into account historical and projected cash flow and market comparables. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. This investment is classified within level 3 of the valuation hierarchy because the asset value is not based on an active market with quoted prices and was determined using observable and unobservable inputs.

3. FAIR VALUE MEASUREMENTS – (Continued)

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Interest-bearing cash: Interest-bearing cash consists of money market investments. The carrying value is believed to be representative of its fair value based on its short term nature and is classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Description	Total	Level 1	Level 2	Level 3
December 31, 2017				
Investment in Pavement Recycling Systems, Inc. common stock	$ 73,310,000	$ -	$ -	$ 73,310,000

Total investments at fair value	$ 64,447,575	$ 597,575	$ -	$ 63,850,000

In regards to the classification of investment options offered by the Plan, there were no reclassifications between levels 1, 2 and 3 during the year ended December 31, 2017.

3. FAIR VALUE MEASUREMENTS – (Continued)

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2017:

	Investment in Pavement Recycling Systems, Inc. Common Stock
Balance, beginning of year	$ 63,850,000
Contributions of common stock	3,192,968
Appreciation	10,802,009
Benefit payments	(4,534,977)
Balance, end of year	$ 73,310,000

Starting in 2009, the Company has issued additional new shares of Company common stock and contributed these shares into the Plan in settlement for a portion of the Sponsor contribution receivable that is recorded at each prior year end. Although the new issuances of shares create a dilution impact on existing shares, it also provides new additional shares to eligible participants. The net impact from these transactions is allowing newer employees to participate in receiving shares of Company common stock through ownership dilution of existing shares. During the Plan years 2009 through 2017, the Company has contributed a total of 185,300 shares of Company common stock to satisfy employer contributions. During the year ended December 31, 2017, the Company contributed 29,000 shares of Company common stock that resulted in share dilution of $5.80.

4. INVESTMENT IN COMMON STOCK

The following table summarizes the investment in Sponsor common stock at December 31, 2017 and 2016:

	2017	2016
Pavement Recycling Systems, Inc.		
Common stock shares:		
Number of shares	540,786	550,915
Cost	$ 61,240,664	$ 57,294,101
Fair Value	$ 73,310,000	$ 63,850,000

The Sponsor common stock cost amounts above include cumulative basis adjustments of $50,005,388 and $44,820,676 as of December 31, 2017 and 2016, respectively.

5. TAX STATUS

The Company received a favorable opinion letter from the Internal Revenue Service (IRS), on October 24, 2014, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Such parties are parties-in-interest under ERISA. The Plan invests in Company common stock and had indebtedness to the Company. The Plan invests in registered investment companies and holds interest bearing cash with Charles Schwab & Co. and non-interest bearing cash with Wells Fargo Bank. The Company paid certain administrative expenses, including recordkeeping and audit fees of the Plan. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

7. CONCENTRATION OF INVESTMENTS

At December 31, 2017, the Company stock valued at $73,310,000 represented 99% of the Plan's total investments.
