Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

WESTERN REFINING & AFFILIATED COMPANIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(1) Description of the Plan

The following description of the **Western Refining & Affiliated Companies 401(k) Plan** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General** – The Plan is a defined contribution plan established for the benefit of employees of the subsidiaries and affiliates of Western Refining, Inc. (collectively referred to as the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective June 1, 2017, the Company was merged with a subsidiary of Andeavor whereby the Company survived the merger as a wholly-owned subsidiary of Andeavor. In connection with that merger, the Plan was merged with and into the Andeavor 401(k) Plan effective August 15, 2018, and the Plan ceased to exist as a separate plan as of that date.

Further, on April 29, 2018, Andeavor and Marathon Petroleum Corporation ("MPC") entered into an Agreement and Plan of Merger under which MPC will acquire all of the outstanding shares of Andeavor. The transaction remains subject to certain closing conditions, including approval by shareholders of both companies.

- B. Administration of Plan assets** – The Plan's assets, which consist of mutual funds, a money market fund, a stable value fund and a self-directed brokerage account, are held by the trustee of the Plan. Contributions are held and managed by the trustee, which invests, as directed by participant, the cash received, interest, and dividend income and makes distributions to participants.
- C. Eligibility** – Employees of the Company are eligible to make elective deferrals; employees who have also completed 12 months of eligible service are eligible to receive employer safe harbor matching contributions and discretionary non-elective profit sharing contributions.
- D. Contributions** – Each year, participants can make contributions to the Plan. Pre-tax contributions can be made up to 60% of eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations. The maximum elective deferral for the year ended December 31, 2017 was \$18,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,000 for the year ended December 31, 2017. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Effective September 1, 2016, new and returning participants becoming eligible to make salary deferrals under the Plan are automatically entered into a salary deferral election equal to 3% of eligible compensation, unless a different deferral election is made or an election not to defer is made.

The Company's safe harbor matching contribution is equal to a percentage of the participant's eligible compensation contributed to the Plan. For employees in El Paso who are covered under the Collective Bargaining Agreement with the International Union of Operating Engineers Local 351 the determination of safe-harbor matching contributions is equal to 250% of the first 4% of a participant's compensation contributed to the Plan. For employees covered under the collective bargaining agreement at the Albuquerque Wholesale Terminal with the Chauffeurs, Teamsters and Helpers, Albuquerque, New Mexico Local Union 492 the determination of the safe-harbor match is equal to 133.4% of the first 6% of compensation not to exceed 8% of a participant's compensation contributed to the Plan. All other employees covered under the Plan receive safe harbor matching contributions equal to 133.4% of the first 6% of compensation not to exceed 8% of a participant's compensation contributed to the Plan. Effective January 1, 2017 the Plan was amended to replace the current determination of the safe harbor matching contribution to 175% of the first 6% of the participant's eligible compensation up to a maximum of 10.5% after the participant attains one year of service. Participants receiving the safe harbor contribution are immediately 100% vested in the contribution.

COMPANIES 401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(1) Description of the Plan (continued)

The Company may also decide each plan year to make a discretionary non-elective profit sharing contribution to the Plan on behalf of different groups of participants. If the Company elects to do so, each plan year the Company shall identify the members of each allocation group and the amount to be contributed to each group. For each group, such contribution is allocated based upon a non-integral formula in the same ratio as each participant's compensation bears to total compensation of all participants in the group. The participant must be employed on the last day of the contribution period to be eligible to receive the discretionary non-elective profit sharing contribution. There were no profit sharing contributions made to the Plan for the year ended December 31, 2017.

- E. Participant accounts** – Each participant's account is credited with the participant's contribution, the safe harbor matching contribution, the discretionary non-elective profit sharing contribution, and an allocation of Plan earnings. Allocations of Plan earnings are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. Vesting** – Participants are immediately vested in their elective deferrals, the Company's safe harbor matching contributions, and the discretionary non-elective profit sharing contribution.
- G. Notes receivable from participants** – Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are collateralized by the vested balance in the participant's account and supported by a promissory note. Loans bear interest at a rate commensurate with prevailing rates at the time the loan is made as determined by the Plan Administrator. Principal and interest are ratably paid each pay period through payroll deductions. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits.

Effective January 1, 2017, the Plan was amended to limit the number of loans participants may have at any given time to one loan. Prior to that date participants were allowed to have more than one loan outstanding at a time.

- H. Payment of benefits** – Participants may take distributions from the Plan under the following circumstances: (i) at age 59½, (ii) at age 55 with 10 years of service (for previous Giant Plan participants and only from source lines specified in the Plan's adoption agreement), (iii) upon termination of service, and (iv) at retirement, death or hardship as defined by government regulations and the Plan.
- I. Forfeitures** – At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$41,611 and \$2,724, respectively. Forfeited balances of terminated participants' non-vested accounts are used to reduce plan expenses or reduce employer contributions. During 2017, no forfeitures were used to reduce participant transaction fees or to reduce employer contributions.
- J. Administrative expenses** – Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain Plan expenses are paid by the Company. Investment expenses are paid by fees associated with each investment fund.

COMPANIES 401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(1) Description of the Plan (continued)

K. Participants' investment options – Upon enrollment in the Plan, a participant must direct deferrals and employer contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via direct phone or Internet access.

(2) Summary of significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest.

Payment of benefits – Benefits are recorded when paid.

Subsequent events – The Plan's management has evaluated subsequent events through September 10, 2018, which is the date the financial statements of the Plan were available to be issued. Except as described in Notes 1 and 5, there were no material subsequent events requiring disclosure.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**WESTERN REFINING & AFFILIATED
COMPANIES 401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

(3) Fair value measurements (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or collaborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability and inputs that are observable for the asset or liability either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value and net asset value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market fund: Valued at the net asset value ("NAV") of shares held by the Plan at year end that are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

Mutual funds: Valued at the NAV of shares held by the Plan at year end that are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

Self-directed brokerage account: The self-directed brokerage account includes mutual funds and cash. Mutual funds are valued at the NAV of shares held by the Plan at year end that are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

Stable value fund: The stable value fund is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
