# Notes to Financial Statements

## 1. Description of Plan

The following description of RP Automotive II Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan to provide retirement benefits for employees of RP Automotive II, Inc. and related entities (the "Company"). The Board of Trustees of the Company controls and manages the operations and administration of the Plan. Employees are eligible to become participants in the Plan following three months of continuous service and have attained the age of eighteen. Wells Fargo Bank N.A. Institutional Retirement and Trust ("Wells Fargo") is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### *Contributions*

Each year, participants may contribute compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. The Company exercises a negative deferral election where it automatically withholds 6% of an employee's compensation for purposes of being contributed into the Plan as a salary deferral, unless an election for an alternative deferral amount or an election not to participate in the Plan is made. Participant salary deferrals are traditional 401(k) (pretax). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

The Company may provide a discretionary profit sharing contribution determined on an annual basis. The Company may also provide a matching contribution based on employee salary deferrals. Discretionary Company contributions for the year ended December 31, 2017 were $15.

### *Investment options*

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and common collective trust funds as options.

### *Participant accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings, and charged with benefit and transaction fees related to notes receivable from participants and distributions, allocations of administrative expenses and plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after three years of credited service.

### *Notes receivable from participants*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, based upon approval by the plan administrator. Notes range from one to five years or up to fifteen years for the purchase of a primary residence. The notes are secured by the participant's vested account balance. The current loan interest rates range from 5.25% to 6.50%. Principal and interest are paid ratably through payroll deductions on not less than a quarterly basis.

### *Payment of benefits*

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

### *Forfeitures*

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $6,466 and $4,207, respectively. These accounts will be used to reduce future Company contributions or pay plan expenses. During 2017, $52 was used to pay plan expenses.

## 2. Summary of Accounting Policies

### *Basis of accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

### *Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### *Investment valuation and income recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Notes receivable from participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

### *Payment of benefits*

Benefits are recorded upon distribution.

### *Administrative expenses*

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

### *Transfers from the Plan*

Plan assets transferred from the Plan from other Company-sponsored qualified plans as a result of employee status changes are included in the "Transfers from the Plan" line item of the accompanying Statement of Changes in Net Assets Available for Benefits. Transfers for the year ended December 31, 2017, were $204,997.

### *Subsequent events*

The Plan has evaluated the effects subsequent events would have on the financial statements through September 4, 2018, which is the date the financial statements were available to be issued.

## 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

**Level 1:** Observable inputs such as quoted prices in active markets.

**Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.

**Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities, and their placement within the fair value hierarchy levels.

The Plan held no investments within the fair value hierarchy as of December 31, 2017 and 2016.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

### *Mutual funds*

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

### *Common collective trust funds*

These funds are valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2017 and 2016:

| | Assets at Fair Value at December 31, 2017 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Level 4** |
| Mutual funds | **$ 718,304** | **$ -** | **$ -** | **$ 718,304** |
| Investments measured at NAV [(a)] | | | | **2,385,376** |
| Investments, at fair value | | | | **$ 3,103,680** |

| | Assets at Fair Value at December 31, 2016 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Level 4** |
| Mutual funds | $ 926,767 | $ - | $ - | $ 926,767 |
| Investments measured at NAV [(a)] | | | | 1,918,577 |
| Investments, at fair value | | | | $ 2,845,344 |

[(a)] In accordance with *Topic 820*, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan.

| | **Fair Value at December 31, 2017** | **Fair Value at December 31, 2016** | **Unfunded Commitments** | **Other Redemption Restrictions** | **Redemption Notice Period** |
|---|---|---|---|---|---|
| Common collective trust funds | **$ 2,385,376** | $ 1,918,577 | None | Daily | 12 months |

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2017.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2017 and 2016 and for the year ended December 31, 2017 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

| | 2017 | 2016 |
|---|---|---|
| Investments | **$ 3,103,680** | $ 2,845,344 |
| Notes receivable from participants | **$ 96,887** | $ 105,378 |
| Net appreciation in value of investments | **$ 394,037** | |
| Interest income | **$ 12,981** | |
| Interest income on notes receivable from participants | **$ 4,845** | |

## 5. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid by the Plan for administrative services amounted to $34,377 for the year ended December 31, 2017.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## 7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed Wells Fargo Bank, N.A. by an opinion letter dated March 31, 2014, that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
