Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Personal Trust Company, FSB, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Note 1 - Description of Plan

The following brief description of the WGS 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of West Gaines Seed, Inc., Gaines County Trucking Co., and Americot, Inc. (collectively referred to as the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Eligibility

Employees are eligible to participate in the Plan on their first day of employment.

Entry Date

Employees may enter the Plan on their first day of employment.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Vesting is based on years of credited services as set forth in the following table:

Participant's Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $21,289 and $7,673, respectively. These accounts will be used to reduce employer contributions and/or offset Plan expenses. During the year ended December 31, 2017, employer contributions were reduced by $4,360 and Plan expenses were reduced by $16,929, from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The loan interest rate set at 4.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence. A participant may have no more than 2 outstanding note(s) at any one time.

Payment of Benefits

Participants may elect to receive a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan sponsor has evaluated subsequent events through October 3, 2018, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for Substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds (including money market mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and other third parties.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	2017			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 5,816,936	$ -	$ -	$ 5,816,936
Investments at fair value	$ 5,816,936	$ -	$ -	$ 5,816,936

	2016			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 3,768,443	$ -	$ -	$ 3,768,443
Investments at fair value	$ 3,768,443	$ -	$ -	$ 3,768,443

Note 4 - Information Certified by Fidelity Personal Trust Company, FSB

The Plan administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the plan administrator instructed the plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by Fidelity Personal Trust Company, FSB, the custodian, except for comparing such information certified by the custodian with information included in the plan's financial statements and supplemental schedule H, Line 4i-Schedule of Assets (Held at End of Year).

Other than the notes receivable from participants and the related interest income, all investment information for the Plan disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016 and net appreciation [depreciation] in fair value of investments, interest, and dividends for the year ended December 31, 2017 was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity Personal Trust Company, FSB, the custodian of the Plan. Notes receivable of $102,799 and $133,281 as of December 31, 2017 and 2016, respectively and interest income of $5,600 for the year ended December 31, 2017 were not certified by the custodian.

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Ingham Retirement Group, which received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Personal Trust Company, FSB, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Excess Contributions Payable

Amounts payable to participants for contributions in excess of nondiscrimination provisions are recorded as a liability with a corresponding reduction to contributions. The amount of excess contributions was $7,984 and $10,875 for the years ended December 31, 2017 and 2016, respectively.
