WOMACK MACHINE SUPPLY, CO. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

A. Description of the Plan

General

The following description of the Womack Machine Supply, Co. Retirement Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Womack Machine Supply Company and its participating subsidiaries (collectively, the "Company"). Participants should refer to the Plan document for more complete information.

The Plan is a defined contribution plan available to all employees of the Company who have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make rollover contributions to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

Participants are automatically enrolled into the Plan and contribute 3% of compensation unless they choose not to participate or elect to contribute a different amount.

The Company may make discretionary matching contributions to the Plan equal to 50% of a participant's elective deferrals, not to exceed 6% of the participant's eligible compensation. These matching contributions were suspended after the first quarter of 2016 and were resumed in the third quarter of 2017. The Plan also provides for annual discretionary contributions of which none were made during 2017 or 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Company contributions vest at a rate of twenty-five percent per year of qualified service, starting upon completion of two years of service. A year of qualified service is one in which the participant is employed for 1,000 hours or more. An employee is fully vested after five years of service. In the event of disability, early retirement, or death, the participant will become fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. As of December 31, 2017 and 2016, interest rates ranged from 3.25% to 5.25%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balances. Vested account balances of more than $1,000 at the time of termination may be distributed in the form of rollovers, lump-sum payments, or installments over a specified period of time. Vested account balances less than $1,000 at the time of termination are distributed as a lump-sum distribution. If withdrawing participants are not entitled to their entire account balances, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, his/her spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his/her principal residence, or foreclosure upon the mortgage of the participant's principal residence; (5) to pay for funeral or burial expenses for a participant's immediate family members; or (6) to repair damage to the participant's principal residence as a result of casualty loss.

A. Description of the Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to pay Plan expenses; generally, any remaining forfeitures are used to offset employer matching contributions. No forfeitures were allocated to reduce matching contributions during the year ended December 31, 2017. Approximately $4,000 was allocated to reduce employer contributions during the year ended December 31, 2016. Unallocated forfeitures outstanding as of December 31, 2017 and 2016, were approximately $6,000 and $0, respectively.

Investment Options

Upon enrollment in the Plan, participants may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Administrative Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and record keeping. However, the Plan may pay transaction fees, which are allocated to the accounts of the specific participants initiating the transactions.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued, but unpaid, interest.

Payment of Benefits

Benefits are recorded when paid.

Cash and Cash Equivalents

All highly-liquid investments with a maturity of three months or less when purchased are treated as cash equivalents. At December 31, 2017, the Plan held a cash balance related to a participant balance which was rolled into the Plan near year end, but not allocated to the designated investment funds until 2018. No such cash balance was held at December 31, 2016.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels are defined as follows:

- Level 1 – observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. Exchange-traded funds, which comprise all investments stated at fair value, are measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2017 and 2016. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

D. Information Certified by the Record Keeper on Behalf of the Trustee

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the investment information certified by the record keeper on behalf of the trustee, which included total investments as of December 31, 2017 and 2016, the total investment income for the years ended December 31, 2017 and 2016, and all information included in the supplemental schedule Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

E. Tax Status

The Plan utilizes a prototype document sponsored by Ascensus Trust Company. Ascensus Trust Company received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, that states the document is acceptable under section 401(a) of the Code and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participants' accounts will become 100% vested.

G. Party-in-Interest Transactions
