1. PLAN DESCRIPTION

The following description of the Rodan & Fields, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete discussion of the Plan's provisions.

General and eligibility - The Plan is a defined contribution plan covering all eligible employees of Rodan & Fields, LLC (Company). The Plan became effective January 1, 2008 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401 (a) of the Internal Revenue Code (IRC). All employees of the Company who are at least twenty-one years of age or older are eligible to participate in the Plan.

Plan administration - The Company administers the Plan and is the Plan's named fiduciary. Ascensus Trust Company (Trustee) is the directed trustee and Ascensus, Inc. is the third party administrator. The Company has assigned the power to hold title to Plan assets to the Trustee.

Contributions - Eligible participants may contribute up to the Internal Revenue Service (IRS) limitations of their eligible annual pretax compensation, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for automatic enrollment of eligible participants at a deferral rate of 3% of eligible pay, unless the participant affirmatively elects otherwise. Participants may also make rollover contributions from other qualified plans. Participants are allowed to designate all or a portion of their contributions as Roth Contributions.

The Company has the ability to make matching contributions on a discretionary basis. For the years ended December 31, 2017 and 2016, the Company elected to contribute 100% of the first 4% of annual pretax compensation that a participant contributed to the Plan. Matching contributions totaled $2,162,203 and $1,533,292 for 2017 and 2016, respectively.

Participant accounts - Each participant's account is credited with the Company's contributions and the salary deferral contributions as elected by the participant. An allocation of Plan earnings or losses is also credited to the participant's account. Allocations are based on the participant's account balance and individual investment directions.

Vesting - Participant account balances from salary deferral contributions and matching contributions are 100% vested at all times.

Benefits and withdrawals - The Plan provides for the payment of benefits to the participant or the participant's beneficiary at retirement, death, hardship, disability or termination of employment with the Company. The Plan permits involuntary distributions of account balances under $5,000 if a participant terminates employment.

Loans to participants - Participants may borrow against their account balances. Loans are limited to a minimum of $1,000 and up to a maximum amount equal to the lesser of $50,000 or 50% of the current value of the participant's account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate established by the plan administrator. Interest rates on notes receivable from participants ranged from 3.50% to 4.25% at December 31, 2017 and December 30, 2016. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with generally accepted accounting principles.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Consequently, actual results may differ from such estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition - The Plan's investments are stated at fair value. The Plan's trustee certifies the fair market value of all investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are reflected on a trade-date basis. Interest and dividend income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan’s gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of maintaining the Plan are paid by the Company.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Plan Trustee as of and for the years ended December 31:

	2017	2016
Mutual funds	$ 19,252,535	$ 10,839,691
Money market funds	469,434	170,443
Notes receivable from participants	161,910	113,315
	$ 19,883,879	$ 11,123,449
Net appreciation in fair value of investments	$ 2,251,885	$ 555,918
Dividend income - mutual funds	$ 200,603	$ 113,534
Interest income	$ 4,296	$ 2,674

4. FAIR VALUE MEASUREMENTS

Accounting Standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Money Market and Mutual funds: Valued at the net asset value (NAV) of shares, based on quoted market prices, held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2017				
Mutual funds	$ 19,252,535	$ -	$ -	$ 19,252,535
Money market funds	469,434	-	-	469,434
	$ 19,721,969	$ -	$ -	$ 19,721,969
2016				
Mutual funds	$ 10,839,691	$ -	$ -	$ 10,839,691
Money market funds	170,443	-	-	170,443
	$ 11,010,134	$ -	$ -	$ 11,010,134

5. PARTY-IN-INTEREST TRANSACTIONS

Ascensus Trust Company serves as the trustee of the plan's assets. Ascensus, Inc. serves as the third party administrator of the plan. All transactions with Ascensus, Inc. qualify as party-in-interest transactions. Administrative expenses and transaction fees are paid by the Plan. Participant loans also qualify as party-in-interest transactions.

6. TAX STATUS

The Plan has adopted a prototype plan sponsored by a third party. The prototype plan received a letter dated March 31, 2008 from the Internal Revenue Service stating the prototype plan, as then designed, meets the applicable requirements of the IRC. Though the Plan has been amended, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the Trustees will distribute the entire net assets available for benefits to the participants or their beneficiaries in accordance with the terms and provisions of the Plan and ERISA.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contributions plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan by the 15th business day, contributions of $3,187,933 were not remitted as soon as reasonably segregated from the employer's general assets for the year ended December 31, 2017.

For the years ended December 31, 2016, 2015 and 2014, contributions of $3,213,932, $1,793,243 and $1,126,213, respectively, were not remitted as soon as reasonably segregated from the employer's general assets. All contributions were remitted to the Plan by the 15th business day.

The Company has reimbursed the Plan for lost earnings in the amount of $8,101 in 2017 and filed Form 5330 on November 17, 2017. On February 27, 2018, the Company received a no action letter from the U.S. Department of Labor. As of September 2017, the Company remitted all employee contributions timely.

Board of Trustees
Rodan & Fields, LLC 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Rodan & Fields, LLC 401(k) Plan for the year ended December 31, 2017 and have issued our report thereon dated September 5, 2018. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 13, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Rodan & Fields, LLC 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 5, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Trustees and management of Rodan & Fields, LLC 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

BHLF LLP
