Vrable Healthcare, Inc. 401(k) Savings Plan

Notes to the Financial Statements
For the Years Ended December 31, 2017 and 2016

Note A - Description of Plan

The following description of the Vrable Healthcare, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees of Vrable Healthcare, Inc. (the "Company") who have completed one year and attained age 21. The entry date of the Plan is semiannual on the first day of the first and seventh months of the Plan year. Employees of Vrable Healthcare, Inc. and related entities are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Please refer to the Company's Plan document for more information.

Contributions

Each year, participants may contribute up to the maximum allowed by law of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with Internal Revenue Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching or additional contributions on a discretionary basis as determined by management. For the years ended December 31, 2017 and 2016 the employer elected not to make a matching contribution. Contributions are subject to certain limits. Contributions are reported on a cash basis.

Participant Accounts

Each participant's account is credited with the participant's own contribution and an allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

The Plan provides that participants can borrow from the Plan. These loans are secured by 50% of the vested balance in the participant's account and bear interest at rates which are commensurate with rates available for similar loans from commercial lending institutions and are determined periodically by the administrator. These loans are limited to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum of \$500. Loan principal and interest payments are made in accordance with the note's amortization schedule and are made via payroll withholding.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may first be used to offset plan expenses. Any remaining forfeitures may be used to reduce the employer's matching contribution. As of December 31, 2017, and 2016, forfeited amounts of \$0 were available. During 2017 and 2016, \$0 and \$686 of forfeitures were used to pay administrative expenses, respectively.

Payment of Benefits

On termination of service due to death, disability, retirement, or due to other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows required minimum distributions to be paid in installments only if the participant is required to receive lifetime required minimum distributions.

Notes to the Financial Statements
For the Years Ended December 31, 2017 and 2016

Note A - Description of Plan (continued)

Investment Options

Participants may direct investments of their account into a range of investment options under the terms of the Plan. Participants can change the investment of their funds on a daily basis.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis. The modified cash basis differs from generally accepted accounting principles in that it recognizes contribution income and expenses when received or paid instead of when earned or incurred. The effects of this difference have not been determined.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan.

Subsequent Events

Subsequent events were evaluated through September 28, 2018, which is the date the financial statements were available to be issued.

Note C - Unaudited Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete by the custodian.

	December 31, 2017	December 31, 2016
Investments, at fair value:		
Mutual funds	\$1,196,298	\$ 994,209
Dividend income	4,059	25,573
Investment income	136,057	33,310

Note D - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Vrable Healthcare, Inc. 401(k) Savings Plan

Notes to the Financial Statements
For the Years Ended December 31, 2017 and 2016

Note D - Fair Value Measurements (continued)

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016.

Fair Value Measurements at Reporting Date Using:				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2017</u>				
Mutual Funds	<u>\$ 1,196,298</u>	<u>\$ 1,196,298</u>	<u>\$ -</u>	<u>\$ -</u>
<u>December 31, 2016</u>				
Mutual Funds	<u>\$ 994,209</u>	<u>\$ 994,209</u>	<u>\$ -</u>	<u>\$ -</u>

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note F - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note G - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
