#### **Note 1 - Plan Description**

The following description of Avita Health System Employee 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### ***General***

The Plan is a defined contribution plan covering all eligible employees of Avita Health System. On January 28, 2011, the adoption agreement was amended to include all eligible employees of Bucyrus Community Hospital and related entities and to revise the name of the Plan to Avita Health System Employee 403(b) Retirement Plan, as the entities covered by the Plan are each a part of Avita Health System (the "System"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

##### ***Contributions***

The Plan provides for employee pretax deferrals subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 50 percent of the participant's contribution not to exceed 2 percent of the employee's deferred compensation. The Plan also provides for employer fixed nonelective contributions of 3 percent of the employee's compensation. Eligibility for employer matching contributions and employer fixed contributions is limited to individuals who have completed one year of service and are age 21 or older.

Effective May 30, 2012, the Plan was amended to no longer exclude employees who work less than 20 hours per week. The amendment also allows all participants who have previously met the eligibility requirements described above to share in the allocation of any employer matching or employer nonelective contributions each year regardless of service completed during the current plan year or employment status at the end of the year.

##### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the System's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

##### ***Vesting***

Participants are immediately 100 percent vested in all account balances and any income or loss thereon.

##### ***Participant Notes Receivable***

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

##### ***Benefit Payments***

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount or in various installment annuities equal to the vested balance of a participant's account. The Plan also permits partial distributions.

#### **Note 1 - Plan Description (Continued)**

##### ***Party-in-interest Transactions***

Certain plan assets are in investment funds managed by American United Life Insurance Company (AUL) or its affiliates. AUL is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

##### ***Termination***

While it has not expressed any intent to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

#### **Note 2 - Summary of Significant Accounting Policies**

##### ***Investment Valuation***

The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The pooled separate accounts are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. Investments in pooled separate accounts are invested in a variety of debt and equity securities, which may include common stocks, corporate bonds, U.S. and non-U.S. municipal securities, certificates of deposit, interest rate swaps, options, and futures. There are no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

##### ***Participant Notes Receivable***

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

##### ***Benefit Payments***

Benefits are recorded when paid.

##### ***Administrative Expenses***

Certain administrative expenses of the Plan are paid by the System.

##### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

#### **Note 2 - Summary of Significant Accounting Policies (Continued)**

##### ***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

##### ***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 1, 2018, which is the date the financial statements were available to be issued.

#### **Note 3 - Unaudited Information**

American United Life Insurance Company (AUL or the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

#### **Note 4 - Investment Contracts**

The Plan has a benefit-responsive investment contract with AUL. AUL maintains the contributions in a general insurance account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return AUL expects on new investments made by it and held in the AUL general insurance account. When establishing interest credit rates for these general insurance accounts, AUL considers past general account investments, adjusted for portfolio turnover, and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate of 3 percent for the AUL Fixed Fund.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

#### **Note 5 - Tax Status**

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
