INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Trust Technologies Profit Sharing and 401(k) Plan
Eastlake, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Trust Technologies Profit Sharing and 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Substantial Doubt about the Plan's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 9 to the financial statements, the Plan may be partially or fully terminated due to the potential sale of the Plan Sponsor. Management's evaluation of the events and conditions and management's plans regarding those matters are also described in Note 9. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental Schedule of Assets Held as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

General

The following description of the Trust Technologies (“Company”) Profit Sharing and 401(k) Plan (“Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan and is subject to the provisions of the Employer Retirement Income Security Act of 1974 (“ERISA”). The Company’s senior management oversees governance of the Plan and determines the appropriateness of the Plan’s investment offerings. The Company contracts with a third-party service provider to assist in monitoring investment performance and certain plan recordkeeping.

Eligibility

Eligibility requirements to participate in the Plan include all full time employees who have completed at least three months of service and are age 18 or older.

Participant Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan subject to certain Internal Revenue Service (“IRS”) limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Company contributes 100% of the first 3% of base compensation that a participant contributes to the Plan. The matching contributions are invested in the same manner as the participants’ contributions. Additional profit sharing amounts may be contributed at the option of the Company. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions. Matching contributions are based on participant deferrals. Each participant’s account is also credited with allocations of Plan investment results; all earnings and losses are allocated to each participants’ account as soon as practicable. Participant accounts may be reduced with an allocation of administrative fees or expenses. Forfeited balances of terminated participants’ non vested accounts may first be used to pay administrative fees or expense incurred by the Plan. Any remaining forfeiture balances are used to reduce future Company contributions, as specified in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

1. DESCRIPTION OF PLAN – continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is credited with 20% vesting per year of service reaching 100% vesting after five years for both non-elective and matching contributions. Participants also become fully vested upon death or total and permanent disability or termination of the plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. All loans bear a reasonable rate of interest based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to separation of employment, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or elect to receive distributions under a systematic withdrawal plan (installments). A participant may request a withdrawal of their vested interest in cases of financial hardship, subject to a \$500 minimum amount.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non vested accounts may first be used to pay administrative fees or expense incurred by the Plan. Any remaining forfeiture balances are used to reduce future Company contributions, as specified in the Plan document.

For the year ended December 31, 2017, \$39,497 of forfeitures were used to reduce employer contributions and pay administrative expenses. As of December 31, 2017 and 2016, forfeited non-vested accounts totaled \$31,034 and \$44,372, respectively.

Payment of Benefits

Benefits to participants are recorded when paid. Corrective distributions payable generally represent the distribution of certain assets to employees in order for the plan to comply with nondiscrimination rules or the Internal Revenue Code ("IRC").

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statement in accordance with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received if an asset were sold or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in common-collective trusts (fully benefit-responsive guaranteed investment contracts) are reported at contract value. See Note 3 for a discussion on fair value measurement.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Dividends and capital gains distributions reinvested in the plan have been presented as investment income and are shown separately from changes in fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

As of December 31, 2017 and 2016, liabilities of \$-0- and \$9,451, respectively, are recorded for amounts refundable by the plan to participants for contributions made in excess of amounts allowed.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Adoption of New Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, "Fair Value Measurement (ASC Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2015-07"), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In addition, the standard limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient, rather than for all investments that are eligible to be measured at fair value using the net asset value per share.

TRUST TECHNOLOGIES PROFIT SHARING AND 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

The provisions of ASU 2015-07 were adopted by the Plan, retrospectively on January 1, 2016 and the disclosures in the Fair Value Measurement note have been updated. The adoption had no effect on the Plan's Statement of Net Assets Available for Benefits or Statements of Changes in Net Assets Available for Benefits.

Future Adoption of Accounting Pronouncements

In January 2016, the FASB issued ASU 2016-01, "Financial Instruments-Overall (ASC Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities" ("ASU 2016-01"), which requires:

- Equity investments (except those consolidated or accounted for under the equity method) to be measured at fair value with changes in fair value recognized in net income.
- Elimination of the disclosure methods and significant assumptions used to estimate the fair value for financial instruments measured at amortized cost.
- The use of the exit price notion when measuring the fair value of financial instruments for disclosure purposes.
- Separate presentation in other comprehensive income of the portion of the total change in fair value of a liability resulting from a change in own credit risk if the liability is measured at fair value under the fair value option.
- Separate presentation on the balance sheet or financial statement notes of financial assets and financial liabilities by measurement category and form of financial asset.

The provisions of ASU 2016-01 are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018, with early adoption only permitted for certain provisions. Initial adoption of ASU 2016-01 is required to be reported on a modified retrospective basis, with a cumulative-effect adjustment to the balance sheet as of the beginning of the year of adoption, except for certain provisions that are required to be applied prospectively. The Plan is determining the impact of adoption of the provisions of ASU 2016-01.

Date of Management's Review of Subsequent Events

The Plan evaluated subsequent events through October 3, 2018, the date these financial statements were available to be issued.

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

TRUST TECHNOLOGIES PROFIT SHARING AND 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

3. FAIR VALUE MEASUREMENT - continued

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>2017</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments:				
Mutual Funds	<u>\$ 3,958,368</u>	<u>\$ 3,958,368</u>	<u>\$ -</u>	<u>\$ -</u>

4. COMMON-COLLECTIVE TRUSTS

The Plan has a fully benefit-responsive guaranteed investment contract with Fidelity Investments (“Fidelity”). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The fund invests in guaranteed investment contracts (“GICs”), including traditional GICs, synthetic GICs, and separate account GICs to the maximum extent consistent with the credit and liquidity parameters established by Federated Investment Counseling. Traditional GICs are laddered such that the Fund generally will have contracts maturing on a monthly basis. Synthetic GICs attempt to target specific duration or maturity structure based upon interest rates and other economic conditions.

The total contract value of the fully benefit-responsive guaranteed investment contracts consisted of the following as of December 31:

	2017	2016
Cash	\$ 30,108	\$ 40,027
Traditional GICs	55,378	96,439
Separate Account GICs	223,553	229,572
Synthetic GICs	235,334	211,872
Total	<u>\$ 544,373</u>	<u>\$ 577,910</u>

The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The guaranteed investment contract does not permit Fidelity to terminate the agreement prior to the scheduled maturity date.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity, the Trustee of the Plan, therefore, these transactions qualify as party in interest transactions.

Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party in interest transactions.

Members of the management team are currently participants in the Plan, and one member serves as plan administrator.

All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

6. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified as tax exempt.

Accounting principles generally accepted in the United States requires plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administration believes the Plan is no longer subject to income tax examinations for years prior to 2014.

7. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan management has elected a method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Fidelity and was not subject to any auditing procedures performed by the independent public accountants:

- Total investments and participant loans shown in the accompanying Statements of Net Assets Available for Benefits of \$4,674,198 and \$3,855,580, as of December 31, 2017 and 2016 respectively.
- Net investment earnings as shown in the accompanying Statement of Changes in Net Assets Available for Benefits of \$668,477 for the year ended December 31, 2017.
- All investment-related information in the accompanying supplemental information – Schedule H, Line 4i Schedule of Assets held as of December 31, 2017.

9. MANAGEMENT'S EVALUATION OF THE PLAN'S ABILITY TO CONTINUE AS A GOING CONCERN

Subsequent to December 31, 2017, the Plan Sponsor has made a decision to sell the Company. As of October 3, 2018, the Plan Sponsor is in negotiation of a sale with a buyer. Upon completion of the sale, the Plan would be forced to terminate, partially terminate, or merge existing assets into a new or existing plan of the buyer. As stated in Note 1, in the event of plan termination or partial termination, participants would become fully vested. Any administrative expenses related to the termination would be paid by the Plan Sponsor and a lump-sum distribution would be made to the participants. Additionally, as stated in Note 4, certain events including termination and partial termination limit the ability of the Plan to transact at contract value.
