NOTE 1. DESCRIPTION OF PLAN

D.A. Schoggin, Inc. dba Techlight 401(K) P/S Retirement Plan (the "Plan") is a defined contributions plan covering eligible employees of D.A. Schoggin, Inc. dba Techlight (the "Plan Sponsor" or the "Plan Administrator"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering substantially all employees of the Plan Sponsor who have completed one year of service and are least 21 years of age. Certain classes of employees as defined by the Plan are excluded from participating in the Plan. The Plan became effective January 1, 1998 and was amended and restated as of January 1, 2015. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Each year, participants may contribute up to 100% of their eligible compensation subject to certain Internal Revenue Code ("IRC") limitations or the maximum amount allowed by law ($18,000 for 2016) of pretax annual compensation, as defined in the Plan. Participants may designate some or all of their contributions as Roth deferrals. This Plan also allows for catch-up contributions for participants over 50 years of age, ($6,000 for 2016) of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Plan Sponsor Contributions

The Plan Sponsor will make a safe harbor matching contribution equal to 100% of a participant's elective deferrals up to 5% of the participant's eligible earnings, as defined. Additionally, the Plan allows the Plan Sponsor to make non-safe harbor matching, qualified nonelective, and profit sharing contributions, although the Plan Sponsor is not required to do so. For the 2016 plan year, no qualified nonelective or profit sharing contributions were made by the Plan Sponsor. The Plan Sponsor contribution is invested pro-rata with the participant contributions. Contributions are subject to certain limitations.

Investments

Participants direct the investment of their contributions and the Plan Sponsor contributions into various investment options offered by the Plan. The Plan currently offers one collective investment trust and nine separate accounts as investment options for the participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan Sponsor matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to 50% of the total vested account balance up to a maximum of $50,000, subject to certain reductions. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with similar loans from commercial lending institutions. All notes must be repaid within a specified period of time, not to exceed 60 months, unless the loan is used to acquire a principal residence, in which case the term of the loan may be extended up to 20 years. In most cases, repayment of the note will be made through after-tax payroll deductions. Participants may have up to two active loans at one time. Loans become payable in full upon a participant's termination of employment with the Plan Sponsor.

Rollovers and Transfers

Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, as well as the safe harbor matching contributions and the qualified non-elective contribution made by the Plan Sponsor.

Vesting in the Plan Sponsor's discretionary non-safe harbor matching and profit sharing contributions is based on a participant's years of vesting service. A participant is 100% vested after six years of credited service as summarized as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Payment of Benefits

Benefits become available to participants on the earliest of five events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) upon the participant's retirement, (4) financial hardship, or (5) disability. Benefits are payable as lump sums, rollover distributions, or partial withdrawals.

Individual Account (Including Rollovers)

Terminating employees with vested account balances (including rollovers) below $1,000 will automatically be paid out. If the participant is terminated and the vested balance exceeds $1,000, but is less than $5,000, the Plan Sponsor will direct the balance to be paid. If the participant has not provided distribution instructions, the balance will be distributed to an individual retirement account established in the participant name. If the participants vested account balance exceeds $5,000, the participants benefits will not be distributed until the participant requests payment from the Plan Administrator. The benefits can be left in the Plan until the participant retires. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70 ½ or terminates employment, whichever is later. In-service withdrawals are permitted after age 59 ½.

Participants will become immediately vested in 100% of the Plan Sponsor contributions upon attainment of the normal retirement age (65 as defined in the Plan Document) while an employee, upon their death while an employee, or upon date on which the participant becomes disabled and is eligible for Social Security disability benefits while an employee.

Eligible Rollover Distributions

Payments from the Plan that are eligible rollover distributions may be paid directly to another retirement plan or individual retirement account.

Forfeited Accounts

At December 31, 2016 and 2015, there were no forfeited non-vested accounts. Forfeited accounts may be used to reduce future Plan administrative expenses and employer contributions. In 2016, no forfeited non-vested account balances were utilized to reduce Plan employer contributions.

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Amounts to prevent the eviction from a principal residence,
- Post-secondary education for participant or their dependents,
- Payments for funeral services of immediate family members, or
- Expenses for repair to primary residence which qualify for the casualty deduction under the Internal Revenue Code ("IRC")

Withdrawals in such circumstances are only allowed if all other withdrawals or loans available to the participant have been taken. If such withdrawals are taken, a participant's elective deferrals will be suspended for 6 months following the receipt of said withdrawals.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment Valuation and Income Recognition

Investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Benefit responsive investment contracts are presented at contract value (which represent contributions made under the contract, plus interest less withdrawals and administration expenses) on the Statement of Net Assets Available for Benefits. While, the stable value collective trust fund itself is considered to be fully benefit-responsive, the overall group annuity contract under which all Plan investments are made, is not considered to be fully benefit-responsive. Accordingly, the stable value collective trust fund is carried at fair value.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2016, $5,712 was recorded as interest income on notes receivable from participants.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the Plan document.

Recently Issued Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965)*. This ASU modifies existing standards in order to simplify plan reporting. Under the new provisions, fully benefit-responsive investment contracts will be measured, presented, and disclosed only at contract value. This ASU also removes the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments at the disaggregated level. Additionally, the ASU will allow for the use of a near-period-end net asset value as a practical expedient for the measurement of investment and invest-related accounts. These amendments are effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan adopted the provisions of this ASU for the year ended December 31, 2016. There were no significant changes to the financial statements as a result of the adoption.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share ("NAV") practical expedient. ASU 2015-07 also eliminates certain disclosures for investments that are eligible to be measured at fair value using the NAV practical expedient. ASU 2015-07 is effective for the Plan for fiscal years beginning after December 31, 2015, with retrospective application to all periods presented. The Plan adopted the provisions of this ASU for the year ended December 31, 2016. There were no significant changes to the financial statements as a result of the adoption.

Subsequent Events

The Plan has evaluated subsequent events through May 21, 2018, which is the date the financial statements were available to be issued.

NOTE 3. INVESTMENTS (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits, as of December 31, 2016 and 2015.

b. Dividends, interest, and net appreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2016.

c. The Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2016, as shown in the attached schedule at page 12.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4. FAIR VALUE MEASUREMENTS

Fair Value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The framework for measuring fair value provides a fair value hierarchy which requires classification based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs).

The hierarchy consists of three levels:

Level one — Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date;

Level two — Inputs to the valuation methodology other than quoted prices included with in Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level three — Inputs to the valuation methodology that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Separate accounts

The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV per share, as determined by John Hancock Life Insurance Company, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quotes prices of securities with similar characteristics.

Common collective trust

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV provided by the Custodian as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

There have been no changes in the valuation methodologies used as of December 31, 2016. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no investments at December 31, 2016 that are required to be reported within the fair value hierarchy. In accordance with FASB ASC Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy

The following tables set forth additional disclosures of the Plan's investments, whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments.

December 31, 2016	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts (a)	$ 337,277	$ -	Daily	None
Separate accounts (b)	2,953,293	-	Daily	None
Investments at fair value	$ 3,290,570	$ -		

December 31, 2015	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts (a)	$ 330,618	$ -	Daily	None
Separate accounts (b)	3,027,353	-	Daily	None
Investments at fair value	$ 3,357,971	$ -		

(a) This common collective trust (CCT) invests in the John Hancock Stable Value Fund Collective Investment Trust, the objective of which is capital preservation.

(b) These pooled separate accounts (PSAs) invest mainly in domestic stocks and international stocks, although some invest in single mutual funds or fixed securities, the objective of which is to provide the Plan's participants with an appropriate mix of investment opportunities with various risk and returns profiles.

In some cases, payment may be deferred under these investments, and may not necessarily redeem its units at full value in all cases. Participants should refer to the Plan's Group Annuity Contract, the John Hancock Stable Value Fund Declaration of Trust, the John Hancock Stable Value Fund Declaration Offering Memorandum, and the applicable Sub-accounts Annual Report for additional rights and restrictions.

NOTE 5. NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2016.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of units of common collective trusts or separate accounts managed by John Hancock Life Insurance Company U.S.A., the Custodian of the Plan's assets. Accordingly, these transactions qualify as exempt party-in-interest transactions. In addition, the Company pays certain fees on behalf of the Plan for accounting services.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8. TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (IRS) stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. GAAP requires The Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.
