The Plan Administrator of the Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc.:

Report on the financial statements

We were engaged to audit the accompanying financial statements of the **Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc.** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 20.103-8. The Plan administrator obtained certification from this entity as of and for the years ended December 31, 2017 and 2016, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental Schedule H, Line 4(i) – Schedule of assets (held at end of year) as of December 31, 2017 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified information described in Note 4, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to financial statements

1 Description of the Plan

The Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc. (the Plan) is a defined contribution plan covering individuals who are employed by ABB Inc. (ABB, the Company or Employer) and are members of certain unions that have adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA). Participants should refer to the plan document for a complete description of the Plan's provisions.

The assets of the Plan are held in the ABB Inc. Defined Contribution Plans Master Trust (Master Trust) along with the assets of the ABB Inc. Retirement Savings Plan. On May 1, 2014, Baldor Electric Company, plan sponsor of the Baldor Electric Company Employees Profit Sharing and Savings Plan (Baldor Plan), adopted the Master Trust agreement as a participating plan sponsor. On April 1, 2016, Thomas & Betts Corporation, plan sponsor of the Thomas & Betts Corporation Employees' Investment Plan (Thomas & Betts Plan), adopted the Master Trust agreement as a participating plan sponsor. Bank of America Merrill Lynch N.A., is the Trustee of the Master Trust. The Trustee maintains separate accounts for each plan. Accordingly, investment earnings and expenses are separately reflected in each Plan's accounting records.

Eligibility

All employees who are members of the unions that have adopted the Plan are eligible for participation in the Plan. Employees are eligible to participate at any time following the date an hour of service is first performed.

Contributions

Participants elect to make contributions to the Plan through payroll deductions in whole percentages from 1% to 50% of their annual compensation (as defined in the Plan document, subject to Internal Revenue Service (IRS) limitations) on a pretax or after-tax basis or can elect not to participate in the plan altogether. If the participant does not make an election in the first 30 days of employment, there is an auto-enrollment at a rate of 2%, which can be changed at any time by the participant. Over age 50, catch-up contributions can be made by eligible participants in whole percentages from 1% to 100% of their annual compensation (as defined in the Plan document, subject to IRS limitations, not to exceed \$6,000 in 2017 and 2016). The Company's contribution, where applicable, is generally equal to 50% of the participants' contributions made during the year, up to 6% of their annual compensation. However, different levels of Employer contributions may occur based upon the participant's union membership. The annual contribution receivable was \$72,055 for 2017 and \$53,880 for 2016. The Plan also had employer match contributions receivable of \$16,600 and employee contributions receivable of \$46,379 as of December 31, 2016. All of the Plan's investment options are participant directed.

Effective January 1, 2017, the Plan was amended to include a new annual employer contribution. This new contribution will be deposited into the Plan in the first quarter following the plan year to which it relates. The new annual employer contribution is calculated using an age-based schedule that integrates with the Social Security Taxable Wage Base. The annual employer contribution was \$72,055 and \$53,880 for 2017 and 2016, respectively. The employer match was \$1,065,543 and \$1,032,112 for 2017 and 2016, respectively. The vesting schedule will remain the same (50% vested after two years and 100% after three years).

If you are (as of December 31 of the applicable year)	Annual Contribution on Your Pay Up to One-half of the Social Security Taxable Wage Base is*	Annual Contribution on Your Pay Over One-half of the Social Security Taxable Wage Base is*
Under age 40	4.00%	6.25%
Age 40 to age 49	5.00%	7.25%
Age 50 and over	6.00%	8.25%

* The 2016 Social Security Taxable Wage Base is \$118,500; one-half is \$59,250. The Social Security Taxable Wage Base for 2017 is not yet known, but is expected to be \$118,500 or higher (depending on inflation).

Vesting

All participant contributions and earnings thereon are fully vested at all times. Employer contributions and earnings thereon generally become 50% vested after the participant has completed two years of service and 100% vested after three years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of: (i) the Company's contribution and (ii) Plan earnings or losses. Earnings or losses are based on participant's individual account balances and investment choices. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of employment, retirement, or death, the participant or beneficiary may receive a lump-sum cash distribution, or quarterly or annual installments, depending upon the nature of the event and total vested value of the participant's account, as defined by the Plan document, or may elect to have the payment of benefits deferred up to age 70½ at which time distributions must commence.

Hardship Withdrawals

A participant may withdraw tax-deferred contributions for (a) medical expenses, (b) purchase of a principal residence, (c) payment of tuition expenses for educational fees and room and board expenses for post secondary education, (d) to prevent eviction from principal residence or (e) any other reason set forth by the Commissioner of the IRS conditional upon satisfactory demonstration of the need and approval by the Company.

Notes Receivable from Participants

The Plan allows a participant to have up to two loans outstanding at any time. The minimum loan is \$1,000 and the total amount of a participant's loan shall not exceed the lesser of:

- 50% of the participant's fully vested account balance; or
- \$50,000, reduced by the participant's highest outstanding loan balance from the Plan during the one-year period ending on the day before the new loan is made.

Loans are repaid from payroll deductions. Interest rates on the loans are equal to the prime interest rate plus 1% on the first business day of the month preceding the calendar quarter in which the loan becomes effective. The interest rates for loans issued during 2017 ranged from 4.75% to 5.25% and 4.50% in 2016. Interest rates for outstanding loans ranged from 4.25% to 9.25% as of December 31, 2017 and 2016, respectively. Participants may elect to repay loans over a period of one to five years. If the purpose of the loan is to purchase the participant's principal residence, the loan may be repaid over a period of up to 20 years.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to either pay expenses of the Plan or reduce future employer contributions. Unallocated forfeitures as of December 31, 2017 and 2016, were \$845 and \$1,009, respectively. The Plan used \$7,224 and \$14,454 to reduce employer contributions during 2017 and 2016, respectively.

Administrative Expenses

Administrative expenses are paid by the Plan or the Company, at the discretion of the Company. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Assets of the Master Trust consist of mutual fund investments stated at quoted market value and participation units in collective trusts are based on net assets values (NAV) on the last business day of the Plan's year-end (see Note 6).

The Master Trust also invests in synthetic investment contracts through the Income Fund (see Note 7). Investment contracts held by a defined contribution plan or master trust are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan or master trust attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the Income Fund at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay benefits and administrative expenses of the contract.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Net appreciation (depreciation) includes the Master Trust's gains and losses on investments bought, sold and held during the year.

Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Recent Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update 2017-06, “*Plan Accounting: Employee Benefit Plan Master Trust Reporting*.” The amendments in the ASU clarify presentation requirements for a plan’s interest in a master trust and require more detailed disclosures of the plan’s interest in the master trust. The amendments also eliminate a redundancy relating to 401(h) account disclosures. The amendments in ASU 2017-06 are effective for plans for fiscal years beginning after December 15, 2018. Management does not expect the new accounting pronouncement to have a material impact on the financial statements.

3 Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the corporation by a letter dated July 31, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4 Information Certified by Trustee

The information in the financial statements and supplemental schedule was summarized from information supplied and certified as complete and accurate by the Trustee. The Trustee holds the Master Trust’s assets and executes transactions thereon. Financial information relating to the invested assets and income or loss thereon and notes receivable from participants and related interest income, included in the accompanying financial statements and supplemental schedule, is based upon information provided by the Trustee. The information was not audited by independent certified public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

The Trustee has certified that the following data, included in the accompanying financial statements and supplemental schedule, is complete and accurate:

- Plan interest in ABB Inc. Defined Contribution Plans Master Trust and notes receivable from participants, as shown in the statements of net assets available for benefits at December 31, 2017 and 2016.
- Plan interest in ABB Inc. Defined Contribution Plans Master Trust, net investment gain and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.
- Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2017.

- Total investments and net investment gain for the Master Trust as presented in Note 5.

The information obtained from the Trustee was not audited by independent public accountants as permitted by the above method of reporting compliance of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

5 Master Trust Investments

At December 31, 2017 and 2016, the Plan had a 2.73% and 2.78% interest in the net assets of the Master Trust. Net assets, net investment income, and gains and losses to participating plans in the Master Trust were either a) based upon the actual experience of the underlying investment within the plan or b) based upon the percentage ownership of the investment of the participating plan. Investment income relating to the Master Trust is allocated to the plans in the Master Trust based on the balances invested by the Plan, the ABB Inc. Retirement Savings Plan, the Thomas & Betts Corporation Employees' Investment Plan and the Baldor Electric Company Employees' Profit Sharing and Savings Plan. The Plan's interest in the net assets of the Master Trust is included in the accompanying statements of net assets available for benefits.

The following tables present the net assets for the Master Trust and the net investment gain for the Master Trust:

December 31	2017	2016
	\$	\$
Investments at contract value:		
Income fund	313,692,051	537,824,736

Net appreciation in fair value of investments	251,832,223	103,076,697
Total investment income	291,452,145	142,037,749

6 Fair Value Measurements

ASC 820 clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements.

The hierarchy established under ASC 820 gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). As required by ASC 820, the Master Trust investments are classified within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820, and its applicability to the Master Trust's investments, are described below:

- Level 1** Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

- Level 2** Quoted prices for similar assets or liabilities, or inputs that are observable, either directly or indirectly, for substantially the full-term through corroboration with observable market data. Level 2 includes investments valued at quoted prices adjusted for legal and contractual restrictions specific to the security.
- Level 3** Pricing inputs are unobservable for the asset or liability, that is, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Level 3 includes private investments that are supported by little or no market activity.

The methods used to measure the fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Collective trusts – Valued at NAV of units held as reported by the Trustee based on the fair value of the underlying assets, less liabilities. There are currently no redemption restrictions or unfunded commitments on these investments.

Mutual funds – Valued at the NAV, based on quoted market prices in active markets, of shares held by the Plan at year-end. There are currently no redemption restrictions or unfunded commitments on these investments.

The following tables sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2017 and 2016:

Master Trust Assets at Fair Value					
December 31, 2017	Level 1	Level 2	Level 3	NAV	Total
	\$	\$	\$	\$	\$
Collective trusts	-	-	-	890,580,476	890,580,476
Mutual funds	803,039,491	-	-	-	803,039,491
Total investments at fair value	803,039,491	-	-	890,580,476	1,693,619,967

Master Trust Assets at Fair Value					
December 31, 2016	Level 1	Level 2	Level 3	NAV	Total
	\$	\$	\$	\$	\$
Collective trusts	-	-	-	737,819,708	737,819,708
Mutual funds	690,167,262	-	-	-	690,167,262
Total investments at fair value	690,167,262	-	-	737,819,708	1,427,986,970

The determination of where an asset falls in the hierarchy requires significant judgment. The Plan evaluates its hierarchy disclosures each year and changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. However, the Plan expects changes in classifications between levels will be rare. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2017, there were no transfers in or out of Levels 1, 2 or 3.

7 Investments at Contract Value

The GSAM Stable Value Trust Fund (Income Fund) is a conservative fixed income separately managed portfolio that seeks to provide a stable rate of return with preservation of principal and liquidity as primary objectives. The underlying investments are comprised of high-quality, fixed income securities held in various collective trusts and a pooled separate account that are ‘wrapped’ by synthetic investment contracts issued by high-quality financial institutions and an insurance company and a money market fund held for liquidity purposes. Contract value is the relevant measurement attribute as these investment contracts are fully benefit-responsive. Contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. Under the terms of the contracts, the crediting interest rates are rates negotiated by ABB with the issuers. Certain events, which are referred to as “market value events,” may limit the ability of the stable value fund to realize the contract value of investment contracts and may, therefore, result in payments to participants that reflect fair value rather than contract value. Such events include, but are not limited to, certain amendments to the Plan documents or the Income Fund’s investment guidelines not approved by issuers of investment contracts, failure to comply with certain contract provisions, complete or partial plan termination or merger with another plan, suspension or substantial reduction of plan sponsor contributions to the Plan, debt default by the Plan sponsor, bankruptcy of the Plan sponsor or other Plan sponsor events that could cause substantial withdrawals from the Plan or the Income Fund, failure of the Master Trust which holds the assets of the Plan to qualify for exemption from federal income taxes, and the occurrence of certain prohibited transactions under ERISA. The Plan administrator does not believe that any events that have occurred to date constitute market value events. The Plan and Master Trust may terminate its investment in the Income Fund upon election and 10 days’ notice.

8 Party-in-interest Transactions

Plan investments are offered through Merrill Lynch, Pierce, Fenner, and Smith Incorporated (Merrill Lynch), a wholly owned subsidiary of Bank of America Corporation. Merrill Lynch is the recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants’ transaction are also considered party-in-interest transactions.

Merrill Lynch provides certain recordkeeping services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Merrill Lynch. Merrill Lynch receives revenue from certain mutual fund and collective trust fund service providers for services Merrill Lynch provides to the funds. This revenue is returned to the Plan and allocated back to participants that were invested in the fund(s) that generate the revenue.

Plan administrative expenses are charged directly to the Plan participants on a quarterly basis. The Plan or Company may make a payment to Merrill Lynch for administrative expenses not covered by amounts charged directly to Plan participants.

9 Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits at December 31, 2017, and for the year ended December 31, 2017, per the financial statements to Form 5500:

Statement of Net Assets	2017
	\$
Net assets available for benefits per the financial statements	57,032,017
Less - Transfers to ABB Inc. Retirement Savings Plan in January 2018	(57,032,017)
Net assets available for benefits per Form 5500	-
Statement of Changes in Net Assets	2017
	\$
Net increase in assets available for benefits per the financial statements	215,149
Add - Transfers to ABB Inc. Retirement Savings Plan during 2017	147,952
Net increase in assets available for benefits per Form 5500.	363,101

10 Contingencies

On December 29, 2006, Plaintiffs in Ronald Tussey, et al., v. ABB Inc., et al. (Tussey Case), filed a complaint in the United States District Court for the Western District of Missouri, for themselves and all participants in the Personal Retirement Investment and Savings Management Plan for Employees of ABB Inc. (now called ABB Inc. Retirement Savings Plan) and the Personal Retirement Investment and Savings Management Plan for Certain Represented Employees of ABB Inc. (the Plans), alleging breach of ERISA fiduciary duties against certain ABB defendants and against Fidelity Management Trust Company and Fidelity Management & Research Company, which provided administrative and recordkeeping services to the Plans. Specifically, the Plaintiffs claimed that the fees and expenses paid by the Plans to Fidelity were unreasonable and excessive, not incurred solely for the benefit of the Plans, and undisclosed to the participants and that the ABB defendants had breached their fiduciary discretion by removing the Wellington Fund investment option from the Plans and by mapping the assets of that Fund to Fidelity target dated funds.

On March 31, 2012, the trial Court issued its decision finding that the ABB and Fidelity defendants breached certain of their fiduciary duties to the Plan participants. The defendants appealed to the United States Court of Appeals for the Eighth Circuit. In its decision rendered on March 19, 2014, the Eighth Circuit affirmed the award of \$13.4 million against the ABB defendants based on Plaintiffs' excessive recordkeeping fees claim, vacated the award of \$21.8 million regarding the replacement of the Wellington fund with the Fidelity target dated funds and vacated the award of attorneys' fees against all defendants, reversed the trial court's judgment against Fidelity and remanded the case for reconsideration by the trial court pursuant to the Eighth Circuit's decision. On August 5, 2014, the Plaintiffs filed a certiorari petition to the United States Supreme Court. The Supreme Court subsequently declined Plaintiffs' petition.

On July 9, 2015, the trial court determined upon remand that the ABB Defendants had abused their discretion by deciding to remove the Wellington Fund investment alternative and to map assets of that Fund to the Fidelity target dated funds but the court further held that the Plaintiffs had failed to prove damages in connection with that decision. Therefore, the trial court entered judgment in favor of the ABB defendants on that claim. Plaintiffs have filed a notice of appeal of the trial court's judgment. In addition, Plaintiffs' counsel has submitted a new request to the trial court for attorneys' fees. On December 9, 2015, judgment was entered in favor of the Plaintiffs, awarding attorney fees and costs totaling \$13,896,295 to be paid by ABB.

ABB filed a notice of appeal and on March 9, 2017, the Eighth Circuit affirmed the District Court's ruling against ABB on liability for breach of fiduciary duty and vacated the judgment in favor of ABB finding no losses. The Court also vacated the award of attorneys' fees and remanded to the District Court. A decision on scheduling is pending. On August 16, 2017, ABB filed a petition for writ of certiorari to the United States Supreme Court regarding the Eighth Circuit's decision.

On August 16, 2017, the ABB defendants filed a petition for writ of certiorari to the United States Supreme Court regarding the Eighth Circuit's decision. That petition was denied on October 2, 2017. On remand, the District Court concluded, in an Order dated December 12, 2017, that the proper method of calculating damages is to compare the performance of the Wellington Fund with the relevant Freedom Funds between 2001 and 2007. The Order also directed the parties to file proposed finding of fact and conclusions of law on the issue of damages for the mapping claim by January 12, 2018.

On January 12, 2018, the parties submitted proposed findings of fact and conclusions of law on the issue of damages. Subsequently, the Court determined that it would allow the parties to supplement the record in three ways: (1) it would take judicial notice of the damages calculation that defendants offered, which compared the rate of return of the Freedom Funds to other comparable target date funds; (2) it would allow the parties to obtain and submit data identifying the amount of assets initially mapped from the Wellington Fund to the Freedom Funds and (3) it would allow the parties to obtain and submit data on participant-level changes in assets within the Freedom Funds over the damages period. The parties submitted further findings of fact and conclusions of law on the issue of damages and briefing on that matter has been completed.

On August 9, 2018, the District Court held a status conference. The District Court indicated that it would review the submissions filed by the parties and would then hold oral argument. The oral argument on damages has not yet been scheduled. The outcome of this legal dispute is uncertain and no amount of damages can be determined at this time.

11 Subsequent Events

Management evaluated subsequent events for the Plan through September 27, 2018, the date the financial statements were available to be issued. Effective January 1, 2018, all assets of the Plan merged with and into the ABB Inc. Retirement Savings Plan. Total assets transferred were approximately \$57 million.
