NOTE 1. DESCRIPTION OF PLAN

The following description of the Cross Mediaworks, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Cross MediaWorks, LLC (the "Company") who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may elect to defer a percentage of their annual compensation and 100% of any bonuses paid to them during the year. The participant's total deferrals in any taxable year may not exceed a certain dollar limit which is set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a common collective trust, an investment contract and mutual funds as investment options for participants. The Company makes a discretionary matching contribution of 50% of the participant's deferred amount up to a maximum of 3% of eligible compensation. All eligible employees participating in the Plan and employed on the last day of the year are eligible to receive a match. Contributions in any calendar year may not exceed the limits under Internal Revenue Code ("IRC") sections 401(k), 404 and 415.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 7.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions and rollovers plus actual earnings thereon. Participants become vested in the Company's matching contribution based on the following schedule:

Years of Vesting Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

A participant's vesting percentage will be 100% if they are employed by the Company on the day they reach normal retirement age, become totally disabled, or die.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeited Accounts

During the years ended December 31, 2017 and 2016, balances forfeited from participant accounts totaled $24,838 and $14,693, respectively. During the year ended December 31, 2017, the Company used $13,000 to offset recordkeeper fees.

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $31,270 and $15,340, respectively. These accounts will be used to pay certain administrative expenses of the Plan as well as to reduce future employer contributions to the Plan.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The investment in collective trust funds is valued at the net asset value (the "NAV") per unit, as determined by the trustees at year end. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investment held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid to the Plan participants.

Administrative Expenses

The Plan's administrative expenses are paid by the Company or from forfeited non-vested accounts. Participant fees charged by the trustees are paid through Plan assets.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

In accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 855, *Subsequent Events*, the Plan has evaluated subsequent events through August 31, 2018, the date on which these financial statements were available to be issued. Except as disclosed in Note 11, there were no additional material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedules, that was prepared by, or derived from, information prepared by The Principal Financial Group and Fidelity Management Trust Company, (the "Trustees"), and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustees that such information is complete and accurate.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Total	Level 1	Level 2	Level 3
Assets in fair value hierarchy:				
Mutual funds	$16,355,631	$16,355,631	$ -	$ -
Investments measured at net asset value*	3,766			
Investments at fair value	$16,359,397			

*Common collective trust

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

	Assets at Fair Value as of December 31, 2016			
	Total	Level 1	Level 2	Level 3
Assets in fair value hierarchy:				
Mutual funds	$ 4,077,826	$ 4,077,826	$ -	$ -
Investments measured at net asset value*	9,804,970			
Investments at fair value	$13,882,796			

*Common collective trusts

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Mutual Funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: invests in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs. The fair value of all these investments are used in determining the net asset value ("NAV") of the common collective trust, which is not publicly quoted. ASC 820 allows NAV per share to serve as a practical expedient to estimate the fair value of a common collective trust as long as certain requirements are met. This common collective trust can be redeemed at NAV as of the measurement date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During the years ended December 31, 2017 and 2016, there were no significant transfers between levels of the fair value hierarchy.

NOTE 5. NET ASSET VALUE PER SHARE

The following tables set forth a summary of the Plan's investments with a reported NAV per share at:

	Fair Value Estimated Using Net Asset Value per Share at December 31, 2017				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trust	$ 3,766	$ -	Daily	None	None

	Fair Value Estimated Using Net Asset Value per Share at December 31, 2016				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trusts	$ 9,804,970	$ -	Daily	None	None

NOTE 6. INVESTMENT CONTRACTS

The Plan entered into a benefit-responsive fund with The Principal Financial Group. ("Principal") that utilizes guaranteed investment contracts. Principal maintains the contributions in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal for the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their employer contributions.

NOTE 8. TAX STATUS

The Plan adopted a prototype plan document sponsored by Principal, and subsequently, Fidelity. Principal received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfied the applicable provisions of the IRC. Although the Plan has been amended since the effective date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in these financial statements.

NOTE 9. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual fund companies and shares in a common collective investment trust managed by the Trustees. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and recordkeeping services amounted to $15,890 and $3,554 for the years ended December 31, 2017 and 2016 respectively.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11. VOLUNTARY COMPLIANCE RESOLUTION

The Company inadvertently failed to deposit participant deferrals and loan repayments amounting to $165,174 and $79,098 for the Plan years ended December 31, 2017 and 2016, respectively, within the required time frame as stated by the Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. During 2017, the Company self-corrected these errors, outside of the Voluntary Fiduciary Correction Program ("VFCP"), by remitting lost earnings to the Plan for both years.
