Notes to Financial Statements

1. Description of Plan

The following description of the HealthPRO-Heritage 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. Effective May 15, 2017, the Plan was restated and the name was changed from Health Pro Rehabilitation 401(k) Plan.

General

The Plan is a multiple employer defined contribution plan covering substantially all employees of Health Pro Management Services LLC (the "Company") and participating employers who are age 21 or older. Additionally, any employee hired on or after January 1, 2015 is subject to an hours of service requirement to participate in the Plan. Those employees must complete six consecutive months of service, during which at least 500 hours of service must be completed. The Plan Administrator controls and manages the operation and administration of the Plan. Charles Schwab Bank serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Mergers

On February 28, 2017, the Board of Directors voted to merge two defined contribution plans into the Plan. Accordingly, all participants of Green Country Rehabilitation 401(k) Retirement Plan ("Green Country Plan") and Eclipse Healthcare 401(k) Retirement Plan ("Eclipse Plan") became participants in this Plan on March 1, 2017. All plan assets of Green Country Plan and Eclipse Plan were transferred into the Plan effective March 2, 2017 totaling \$1,296,092.

Contributions

Each year, participants may contribute between 1% and 100% of eligible compensation, as defined in the plan document, subject to Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

The Company may elect to make discretionary matching contributions. To be eligible for a discretionary matching contribution, the participant must be employed on the last day of the plan year. For the year ended December 31, 2017, the Company matched 17.5% of amounts deferred by participants, up to 2% of eligible compensation.

In addition to discretionary matching contributions, the Company may elect to make discretionary profit sharing contributions with the approval of the Board of Directors. To be eligible for discretionary profit sharing contributions, the participant must complete one year of service and be employed on the last day of the Plan year. There were no discretionary profit sharing contributions for the year ended December 31, 2017.

Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan offers mutual funds and a stable value collective trust fund as investment options.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after 3 years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime rate plus one percent as determined by the plan administrator. At December 31, 2017, outstanding notes bore interest rates ranging from 3.25% to 5.25%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$41,997 and \$39,077, respectively. These accounts may be used to pay plan expenses or reduce employer contributions. Forfeitures of \$41,846 and \$39,077 were used to reduce 2017 and 2016 employer contributions remitted during 2018 and 2017, respectively.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

HealthPRO-Heritage 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through July 27, 2018, the date the financial statements were available to be issued.

Effective January 1, 2018, the Plan added Connect Professionals LLC as a participating employer.

Effective April 1, 2018, the Plan was amended to change the employee service requirement to one month for eligibility to participate in the Plan.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

HealthPRO-Heritage 401(k) Plan
Notes to Financial Statements

Stable value collective trust fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV provided by the Trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2017 and 2016.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total

Investments measured at NAV (a)				<u>622,811</u>
Investments at fair value				<u>\$ 44,461,107</u>

(a) *In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2017	Fair Value at December 31, 2016	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Stable value collective trust fund	\$ 542,881	\$ 622,811	None	Daily	12 months

HealthPRO-Heritage 401(k) Plan

Notes to Financial Statements

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2017.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2017 and 2016 and for the year ended December 31, 2017 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

	<u>2017</u>	<u>2016</u>
Investments	<u>\$ 56,257,709</u>	<u>\$ 44,461,107</u>
Cash	<u>\$ 109,576</u>	<u>\$ 3,009</u>
Net appreciation in fair value of investments	<u>\$ 6,790,100</u>	
Interest and dividend income	<u>\$ 1,611,048</u>	
Interest income on notes receivable from participants	<u>\$ 25,017</u>	

5. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds and a stable value collective trust fund managed by Charles Schwab Bank ("Charles Schwab"). Charles Schwab is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return on each fund. Fees paid to Alliance Pension Consultants LLC, the recordkeeper, by the Plan for administrative services were \$177,791 for the year ended December 31, 2017. Fees paid to the investment advisor, Newman & Schimel LLC, were \$75,004 for the year ended December 31, 2017.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement dates.

HealthPRO-Heritage 401(k) Plan
Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2017 and 2016 financial statements to Schedule H of Form 5500 as of December 31:
