NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

General

The plan is a defined contribution plan, which covers substantially all full time employees who have three months of service and are age eighteen or older. The plan was most recently amended and effective August 1, 2017 new hires are auto enrolled at a default rate of 5% pretax. The plan excludes union employees and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Plan provisions enable qualified participants to defer up to 100% of eligible compensation, subject to certain Internal Revenue Code limits. The Company matches 100% of the first 3% of base compensation that a participant contributes to the Plan and 50% of the amount of the participant's compensation that exceeds 3% of the participant's compensation but that does not exceed 5% of the participant's contribution. The plan also permits the company to contribute an additional discretionary match amount each year.

The company's profit sharing contributions are determined under the discretion of the Board of Directors and made from current or accumulated profits. In order to share in the allocation of Profit Sharing Contributions, a Participant is required to complete 1000 hours of service and be employed by the Company on the last day of the Plan year. In 2017 and 2016, there were no discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, and contributions by the Company, earnings or losses on those contributions, and forfeitures.

Vesting

Discretionary company contributions are based on participant compensation as defined. Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance reduced by the highest outstanding balance of any other plan loans during the previous one-year period, whichever is less. The loans are secured by the balance in the participant's account and bear fixed interest rates equal to the prime rate per year.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Payments of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also provides for hardship withdrawals, which are subject to conditions stated in the Plan document.

Forfeited Accounts

Plan forfeitures are used to reduce Company contributions, or to pay plan expenses. At December 31, 2017 and 2016, forfeited no-vested accounts totaled \$1,179 and \$105, respectively.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon the terms of the plan document.

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Plan recordkeeping expenses are paid for by the Plan. All other expenses of maintaining the plan are paid by the Company and are excluded from these financial statements.

Subsequent Event

Subsequent events have been evaluated through September 19, 2018, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Pershing Company, the current custodian of the Plan.

NOTE 4: INVESTMENTS

During 2017 and 2016 the Plan's investments appreciated in fair value by \$250,893 and \$106,883, respectively.

NOTE 5: FAIR VALUE MEASUREMENTS

Generally Accepted Accounting Principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE 7: INCOME TAX STATUS

The Plan administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan, which has received a favorable opinion letter from the IRS. The plan sponsor made no changes in the approved language of the proto-type document. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, the Plan has no income subject to unrelated business income tax thus no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rates, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
