## NOTE A - DESCRIPTION OF PLAN

Effective January 1, 2002, Amplify Education, Inc., formerly known as Wireless Generation, Inc., (the "Company" or "Sponsor") established the Amplify Education, Inc. 401(k) Plan (the "Plan") that is a defined contribution plan and covers eligible employees of the Company who elect to participate in the Plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The trustee of the Plan is Fidelity Management Trust Company ("Fidelity" or "Trustee") and the record keeper is Fidelity.

Information concerning the Plan and its provisions can be found in the plan document, a copy of which can be obtained from the Company at Amplify Education, Inc., 55 Washington Street, 8th floor, Brooklyn, New York 11201.

Employees become eligible to participate in the Plan when they have attained 21 years of age and on the 30-day anniversary of their date of hire. In addition, if an employee is hired and fails to make an affirmative election specifying a pre-tax contribution amount or his/her desire not to participate in the Plan, he/she will automatically be enrolled in the Plan at a pre-tax savings contribution rate equal to 3% of the annual compensation.

On September 30, 2015, the Company was acquired by Amplify Education Partners, LLC, a Delaware limited liability corporation; however, the Plan continues to operate as intended.

## NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### [1] Basis of presentation:

The financial statements of the Plan are prepared under the accrual method of accounting.

### [2] Valuation of investments and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### [3] Use of estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### [4] Payment of benefits:

Benefits are recorded when paid.

## NOTE C - CONTRIBUTIONS AND FUNDING POLICY

The Company forwards to Fidelity contributions withheld from the compensation of participants. Contributions are voluntary and are subject to certain limitations imposed by the Internal Revenue Code ("IRC").

### NOTE C - CONTRIBUTIONS AND FUNDING POLICY (CONTINUED)

Participants may elect to contribute up to 100% of their pre-tax compensation to the Plan, up to a maximum of $18,000 for calendar year 2017. Additional catch-up contributions up to a $6,000 annual limit for 2017 are permitted for employees who have reached the age of 50. Such dollar amounts are adjusted annually for increases in the cost of living in accordance with the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Company contributed a matching contribution in an amount equal to 100% of the first 1% of a participant's elective deferrals and 50% of the next 5% of a participant's deferrals, provided that the total matching contribution for any participant does not exceed $3,000. The total Company matching contribution for the year ended December 31, 2017 amounted to $705,177. There were no discretionary matching employer contributions for the year ended December 31, 2017.

### NOTE D - PARTICIPANTS' ACCOUNTS AND VESTING

Each participant's account is credited with the participant's contribution and credited or charged for the allocations of Plan earnings or losses based on their respective pro-rata share in each investment.

All participant contributions and the earnings thereon are 100% vested and non-forfeitable at all times. Upon retirement at age 65, in the event of disability as defined in the Plan, or other termination of employment, distribution may be made in whole or in part, generally at the election of the participant. Upon death, distribution may be made in whole or in part at the election of the participant's beneficiary.

Vesting in the Company's discretionary profit-sharing contributions and matching contributions are on a 3-year graduated schedule; however, at the end of three years of service, all existing and future matching contributions are fully vested. Company contributions will become 100% vested at the normal retirement age of 65 or upon eligibility from a disability retirement. Forfeitures are used to reduce the amount of employer matching contributions. During 2017, $111,012 was forfeited from the non-vested portion of terminated employees and $66,403 was used to reduce employer matching contributions for 2017. At December 31, 2017 and 2016, there was $161,419 and $117,115 of unallocated forfeitures, respectively.

### NOTE E - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator, ranging from 5.25% to 6.25%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

### NOTE F - ADMINISTRATIVE EXPENSES

Plan administrative expenses and fees are charged directly to participant accounts and are recorded when paid. The Plan paid $ 2,467 for administrative expenses to Fidelity for the year ended December 31, 2017.

### NOTE G - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for plan benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for plan benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

### NOTE H - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *"Fair Value Measurements and Disclosures"*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE H - FAIR VALUE MEASUREMENTS (CONTINUED)**

The Plan's investments subject to fair value measurements as of December 31, 2017 are as follows:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | **$ 45,740,125** | **$ 0** | **$ 0** | **$ 45,740,125** |
| Money market | **1,078,221** | | | **1,078,221** |
| Total investments at fair value | **$ 46,818,346** | **$ 0** | **$ 0** | **$ 46,818,346** |

The Plan's investments subject to fair value measurements as of December 31, 2016 are as follows:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 39,620,389 | $ 0 | $ 0 | $ 39,620,389 |
| Money market | 775,170 | | | 775,170 |
| Total investments at fair value | $ 40,395,559 | $ 0 | $ 0 | $ 40,395,559 |

Investments that are measured at fair value using the net asset per share (or its equivalent) practical expedient that have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for plan benefits.

**NOTE I - TAX STATUS**

On March 28, 2014, the Plan adopted a Prototype Standardized Plan sponsored by Fidelity Management & Research Company. On March 31, 2014, the IRS stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

**NOTE J - PLAN TERMINATION**

The Company reserves the right, at any time, to amend or terminate the Plan. The Company has not expressed any intent to discontinue or terminate the Plan. In the event of plan termination, participants would become 100% vested in their employer contributions.

### NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Users of the financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

### NOTE L - RELATED PARTY TRANSACTIONS

Mutual Funds are managed by Fidelity; these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

### NOTE M - OTHER INCOME

Fidelity provides certain administrative services to the Plan and receives revenue from mutual fund providers for services that it provides to the funds. Under the trust agreement between the Fidelity and the Company, Fidelity deposits revenue sharing credits generated from the arrangement between the Fidelity and the investment managers of certain Plan investment options into a revenue credit program ("RCP"). Credits in the RCP are used to offset ERISA-qualified administrative expenses of the Plan that would otherwise be paid directly by the Company. RCP balances are investment in the Plan's money market fund, and credits in the RCP may be allocated to participant account to offset participant expense under the Plan. At December 31, 2017 and 2016, the RCP had a total balance of $45,751 and $14,502, respectively, including interest. For the year ended December 31, 2017, no credits in the RCP were allocated to Participant accounts.

Revenue income of the year ended December 31, 2017 reflected $31,094 of revenue sharing credits generated.

### NOTE N - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

### NOTE O - SUBSEQUENT EVENTS

The Company amended its plan on January 1, 2018, to include the following changes:

- Participants may elect to have a portion of their compensation contributed to the Plan on a before-tax basis pursuant to Code Section 401(k) up to 90% of compensation.
- A participant may change, on a prospective basis, his salary reduction agreement as of the first day of each month.

**NOTE O - SUBSEQUENT EVENTS (CONTINUED)**

- A participant may revoke, on a prospective basis, a salary reduction agreement at any time upon proper notice to the Administrator but in such case may not complete a new salary reduction agreement until the first day of the next month.
- Unless they affirmatively elect otherwise, all newly Eligible Employees shall be subject to the same automatic enrollment provisions.
- An eligible automatic enrollment arrangement described in Code Section 414(w).
- ("EACA") has been adopted.

The Plan's management evaluated subsequent events through October 8, 2018, the date on which the financial statements were available to be issued.
