Notes to Modified Cash Basis Financial Statements

December 31, 2017 and 2016

Note 1 - Description of the Plan

The following description of Mary Rutan Health Association of Logan County Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Mary Rutan Health Association of Logan County and members of its controlled group, consisting of Mary Rutan Hospital, Mary Rutan Foundation, and Logan View, Inc. (collectively, the "Association"), not participating in the Public Employee Retirement System (PERS). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate after reaching 21 years of age and completing one year of credited service, as defined in the plan agreement.

Contributions

Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. The Association contributes 7.82 percent of the first \$50,000 of each eligible participant's compensation and 12.12 percent of any compensation in excess of \$50,000. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Participant Accounts

American United Life Insurance Company (AUL) maintains individual accounts for each participant for the deposit of contributions and earnings thereon. Earnings on plan assets are distributed based upon the participant's pro rata share of the total account balances.

Allocations of expenses are based on a participant's compensation or account balance, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100 percent vested in employer contributions and earnings thereon after three years of credited service, as defined in the plan agreement.

Payment of Benefits

Upon retirement, a participant may elect to receive either a lump-sum payment or monthly retirement benefit for life, which may continue to a spouse or other beneficiary upon the employee's death. If a participant terminates employment, he or she shall be entitled to a lump-sum payment or monthly benefit beginning on his or her normal retirement date, as described in the plan agreement. The Plan also allows participants to select other optional forms of payments.

Forfeitures

Forfeited benefits are used to reduce future employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting. Under the modified cash basis of accounting, investments are recorded at fair value or contract value, while contributions and investment income are recognized when received rather than when earned, and benefit payments are recognized when paid rather than when related obligations are incurred.

Notes to Modified Cash Basis Financial Statements

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation

The Plan's investments are stated at fair value, except as noted below. The fully benefit-responsive general insurance contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets and primarily consist of mutual funds and equity securities. There are no redemption restrictions or unfunded commitments on these investments. These investments are managed pooled separate accounts that invest in equity and debt securities. The investments may include common stock, corporate bonds, mutual funds, and U.S. and non-U.S. municipal securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Expenses

The Association paid certain administrative expenses of the Plan during the year ended December 31, 2017.

Use of Estimates

The preparation of modified cash basis financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts in the modified cash basis financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the modified cash basis financial statements.

Subsequent Events

The modified cash basis financial statements and related disclosures include evaluation of events up through and including September 6, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

American United Life Insurance Company (AUL) holds the Plan's investments and executes all investment transactions. The investment balances and related income and losses included in the accompanying modified cash basis financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the AUL. Additionally, the Plan invests in certain investments managed by AUL or its affiliates, which qualify as party-in-interest transactions, as defined under ERISA guidelines.

Mary Rutan Health Association of Logan County Employees' Pension Plan

Notes to Modified Cash Basis Financial Statements

December 31, 2017 and 2016

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Plan Termination

Although it has not expressed an intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions under ERISA. In the event of the Plan's termination, all participants' accounts shall become fully vested and nonforfeitable with respect to amounts credited to such participants' accounts. American United Life Insurance Company shall make full provisions to pay pension benefits to which annuitants and their beneficiaries are entitled, but only to the extent such provision has not previously been made. Participants may elect to purchase an immediate annuity or receive a cash distribution.

Note 6 - General Insurance Accounts

The Plan's general insurance account investments are benefit-responsive contracts with AUL. AUL maintains the contributions in a general insurance account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return AUL expects on new investments made by it and held in the AUL general insurance account. When establishing interest credit rates for these contracts, AUL considers past general account investments adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate of 4 percent for the fixed fund and 3.75 percent for the original fixed fund.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
