The Plan was established by the Company effective December 1, 2016, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

##### Eligibility

All other than excluded employees of the Company are eligible to participate in the Plan upon the first day of hire. Excluded employees include leased and temporary employees, as well as part-time employees who normally work less than 1,000 hours in a plan year.

##### Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, and in addition, participants may make Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts, representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various mutual fund investment options offered by the Plan.

The Company contributes a safe harbor match equal to 100% of each participant's deferral, subject to a maximum contribution of 3% of eligible compensation, plus 50% of each participant's deferral that exceeds 3% of eligible compensation, but that does not exceed 5% of eligible compensation. The Company has chosen the Section 415 Safe Harbor definition of compensation, in which wages are defined as compensation that is subject to federal income tax withholding. Participants are eligible for a safe harbor match upon the first day of hire. Employee deferrals are funded on a payroll basis. Employer matching contributions were funded on a payroll basis with an end of year “true-up” for the year ended December 31, 2017. All contributions are subject to applicable Internal Revenue code limitations.

All new employees who are eligible to participate in the Plan are to be automatically enrolled at a 5% deferral of eligible pre-tax compensation, contributed to the Plan in an investment option designated by the Plan Administrator. If an employee does not wish to participate in the plan, the employee must elect not to do so. See Note H “Operational Failures” disclosure for further discussion.

The plan offers a discretionary profit sharing contribution; no such contribution was made for the year ended December 31, 2017.

#### **Note A - Description of Plan - Continued**

##### **Participant Accounts**

Each participant's account is credited with the participant's contribution, Company contributions, Plan earnings, and is charged with an allocation of administrative expenses. The allocation of administrative expenses is based upon specific participant transactions and account balances. The benefit to which a participant is entitled is the benefit that can be provided from each participant's vested account.

##### **Investment Options**

Participants direct the investment of their contributions into various investment options offered by the Plan.

##### **Vesting and Withdrawals**

Participants are vested immediately in their contributions plus actual earnings thereon. The Companies' safe harbor contributions are fully vested when made. Profit Sharing contributions vest on a "3 Year Cliff" (no vesting until the completion of three years of service, at which time the contributions are fully vested).

Withdrawals are permitted from a participant's account prior to termination of employment in the case of death, disability, or financial hardship (as defined by the Internal Revenue Code). Participants who have reached age 59 ½ may receive an in-service distribution of all or part of their elective account, including Roth deferrals.

##### **Notes Receivable from Participants**

Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The maximum number of loans a participant may have outstanding at any time is three. The maximum loan period is five years unless used to acquire a principal residence, in which case the repayment period may be extended to a maximum of 30 years. Loans become due and payable in full immediately upon termination. The loans are secured by the balance in the participant's account and bear a fixed rate of interest based on current lending rates at the time the loan is originated. Principal and interest is paid through a payroll deduction from each regular paycheck.

#### **Note A - Description of Plan - Continued**

##### **Payment of Benefits**

Participants are entitled to receive a distribution upon termination of employment due to death, disability retirement, and specific situations of financial hardship. In addition, participants who continue to work after normal retirement age may elect to begin the distribution at any time after reaching their normal retirement age of 65. Participants who become entitled to receive a distribution will receive the distribution of their account as a lump sum payment or in installments. After termination of employment, if the vested amount of the participant account does not exceed \$1,000 it will be distributed directly in cash. If the vested account is between \$1,000 and \$5,000 the participant may either elect to receive this distribution in cash or to roll it over to an individual retirement account or the qualified plan of a new employer. If the vested balance exceeds \$5,000, the participant must consent to any distribution of their account prior to the time payments begin under applicable federal law.

##### **Forfeited Accounts**

When termination of participation in the Plan occurs, the non vested portion of the participant's account, as defined by the Plan, represents forfeitures. Forfeitures are utilized to pay administrative expenses or to reduce future discretionary employer matching contributions. Forfeiture balances included in Plan assets amounted to \$6,491 and \$0 at December 31, 2017 and 2016, respectively.

##### **Transfers In**

On November 30, 2016, the Company was sold to a new parent. The current Company-sponsored retirement plan was established effective December 1, 2016. A blackout period was imposed starting on December 16, 2016 and ending on January 20, 2017, during which time participants were prohibited from changing their withholding contributions and investment options, as well as requesting a plan loan or distribution. Beginning On December 22, 2016 the assets of the prior Plan were transferred out of the prior plan and into the FMI 401k Plan. As of December 31, 2016, individual participant accounts had not yet been established at Voya, and thus all plan assets were unallocated. In January of 2017 all such unallocated balances were transferred into the relevant participant accounts, along with related earnings from the time of the original transfer.

#### **Note B - Summary of Significant Accounting Policies**

##### **Basis of Accounting**

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

### **FMI 401k Plan**

#### **Note B - Summary of Significant Accounting Policies - Continued**

##### **Estimates**

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

##### **Notes Receivable from Participants**

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the outstanding loan balance will be included in participants' gross income for federal income tax purposes as if it were distributed to him or her.

##### **Administrative Expenses**

Professional and administrative expenses of the Plan, at the Company's election, may be paid out of the Plan or directly by the Company. Certain fees are assessed by the custodian and record-keeper for the processing of participant loans and participant withdrawals, and are charged directly to the participant's account. In addition, personnel and facilities of the Company are used by the Plan for its accounting and other activities at no charge to the Plan.

##### **Payment of Benefits**

Benefits are recorded when paid.

##### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

##### Accounting Pronouncements

In July 2015, the FASB issued ASU No. 2015-12 – *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. The ASU was effective for the Plan beginning December 1, 2016.

Plan management has elected to adopt this ASU and has thus implemented the guidance within these financial statements. The primary impact of adoption resulted in application of the simplified disclosure guidance in Note D - Financial Instruments, and the removal of a separate note disclosing the balances of investments and net appreciation in the fair value of investments. There was no impact to total investments disclosed in the Plan's financial statements or the notes.

##### Subsequent Events

Management has made an evaluation of subsequent events to and including October 4, 2018, which was the date the financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

#### Note C - Information Certified by the Plan's Custodian and Record-Keeper (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform any auditing procedures with respect to information certified by Voya Retirement Insurance and Annuity Company, as custodian and record-keeper of the Plan, except for comparing information certified by Voya to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certification from Voya for 2017 and 2016 that such information is complete and accurate.

#### Note D - Fair Value Measurements (Unaudited)

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 defines fair value and establishes a framework for measuring fair value through a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term.

## Notes to Financial Statements - Continued

### FMI 401k Plan

#### Note D - Fair Value Measurements (Unaudited) - Continued

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

- The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.
- **Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- **Fixed Account:** Valued at credited rate as reported to the Plan by rating agencies on a daily basis.

The preceding methodology may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

| Assets at Fair Value at December 31, 2017 |                     |                   |             |                     |

#### Note E - Related Party and Party-in-Interest Transactions

Participant notes receivable transactions are considered to be party-in-interest transactions because they are transacted with Plan participants.

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company, the record keeper and custodian, and, therefore, these transactions qualify as party in interest transactions.

The Plan paid certain direct custodian and recordkeeping fees totaling \$7,705 for the year ended December 31, 2017.

#### Note F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

#### Note G - Tax Status

The Company, as the Plan's sponsor, adopted a "Volume Submitter" profit sharing plan, which received an Internal Revenue Service opinion letter dated March 31, 2014, which states that the plan satisfies the applicable sections of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. The Plan has subsequently been restated; however, the Plan's management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and that the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for years/periods in progress.

## **Notes to Financial Statements - Continued**

### **FMI 401k Plan**

#### **Note H - Operational Failures**

During and prior to the year ended December 31, 2017, the Plan failed to implement its automatic enrollment feature. As of the report date October 4, 2018, it had corrected for the failure and deposited the required funds. The correction was calculated through August 18, 2018, and included missed matching contributions and lost earnings through that date. The plan correction due as of December 31, 2017 has been recorded on the Statements of Net Assets Available for Benefits as an “other employer receivable”.

During and prior to the year ended December 31, 2017, the Plan improperly excluded from participation part-time employees normally expected to work 1,000 hours in a plan year. As of the report date, the Company is in the process of identifying all such employees and determining the dollar amount of the required correction. No amount has been included as a plan receivable or “other company contribution” on the related financial statements as the required correction has not been finalized and is not considered to be material to the financial statements taken as a whole.

#### **Note I - Risks and Uncertainties**

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.
