NOTE A—DESCRIPTION OF PLAN

The following description of the Restore Construction Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering the employees of Restore Construction Group, Inc. (the "Company"). Employees of the Company, who have completed one year of service, as defined in the Plan agreement, are eligible to participate in the Plan. The initial year of the Plan was 2016. If the participant was employed on March 4, 2016, the one year of service requirement was waived. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual eligible compensation, as defined in the Plan, subject to limits imposed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions, together with the Company's matching contribution, into various investment options offered by the Plan. The Company contributes Safe Harbor Matching contributions of 100% of employee contributions that are not in excess 3% of compensation that a participant contributes to the Plan plus 50% of the contributions that exceed 3%, but that do not exceed 5% of the participant's compensation. Additional profit sharing amounts may be contributed at the discretion of the Company's board of directors and are invested in the portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the part of their account resulting from their elective deferral contributions, the Company's Safe Harbor matching contributions, and rollover contributions. Vesting in the Company's additional profit sharing contributions to their accounts is based on years of vesting service as defined in the Plan. A participant is 100% vested after five years of credited service.

NOTE A—DESCRIPTION OF PLAN (Cont'd)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and bear interest at 6.25% annually. The interest rates charged are commensurate with local prevailing rates as determined periodically by the Plan administrator.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly installments over a selected period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also elect to rollover their vested interest into a Traditional Individual Retirement Account (IRA), or another Employer Qualified Plan.

Forfeited Accounts

Forfeitures of nonvested Company contributions are used to reduce future Company contributions or to pay Plan expenses. During 2017 and 2016, there were no forfeited accounts used to reduce the Company contributions. Furthermore, at December 31, 2017 and 2016, there were no forfeitures available to reduce future Company contributions.

Plan Amendments

In November 2017, the Directors of the Plan consented to amend and restate the Plan agreement in order to retain a new trustee and change the Plan's custodian. Beginning in the month of January 2018, the new trustee of the Plan became LT Trust Company. Most of the provisions of the original Plan agreement did not change as a result of this amendment and restatement. This amendment will not have an effect on net assets and benefits paid.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was considered necessary as of December 31, 2017 and 2016.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Most of the Plan operating expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Subsequent Events

The Plan has evaluated subsequent events through October 1, 2018, which is the date the financial statements were available to be issued.

NOTE C—INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of the Plan's financial information that is included in the accompanying financial statements and supplemental schedule based on information certified by the custodian, Minnesota Life Insurance Company, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

	31-Dec-17	31-Dec-16
Assets as of the End of Year:		
Pooled separate accounts	$ 549,862	$ 201,906
Notes receivable from participants	8,714	-
Total	$ 558,576	$ 201,906
Additions Year Ended December 31, 2017:		
Net appreciation in fair value of investments	$ 48,846	
Interest income on notes receivable from participants	185	
Total	$ 49,031	

NOTE D—FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the level 2 input must be observable for the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs and are classified within Level 2. Assets within the pooled separate accounts include mutual funds investing in fixed maturity securities and equity securities.

Methods used in determining fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D—FAIR VALUE MEASUREMENT (Cont'd)

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2017 and 2016:

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Pooled Separate Accounts	$ 549,862	$ -	$ 549,862	$ -
December 31, 2016				
Pooled Separate Accounts	$ 201,906	$ -	$ 201,906	$ -

NOTE E—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their employer contributions.

NOTE F—PARTY-IN-INTEREST TRANSACTIONS AND ADMINISTRATIVE EXPENSES

Certain Plan investments are managed by Minnesota Life Insurance Company, which is the custodian and record keeper for the Plan. Accordingly, these transactions qualify as party in interest transactions.

During the year ended December 31, 2017, Minnesota Life Insurance Company received compensation of $2,027 related to various administrative functions, which is included as administration expenses in the statement of changes in net assets available for benefits.

NOTE G—TAX STATUS

The Plan is considered a Volume Submitter Profit Sharing Plan with CODA, with the submitter being the Plan's third party administrator. The Internal Revenue Service (IRS) has informed the third party administrator by a letter dated March 31, 2014, that the form of the Plan is acceptable under applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the most recent determination letter, the Plan administrator and the Plan's management believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by defined contribution plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there were no required significant adjustments related to uncertain tax positions. The Plan has not recognized any interest or penalties related to uncertain tax positions as of December 31, 2017 and 2016. The Plan administrator does not believe that there will be any material changes in its unrecognized position over the next 12 months.

NOTE H—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
