American Campus Communities Services, Inc. 401(k) Plan

Notes to Financial Statements

As of December 31, 2017 and 2016
and for the year ended December 31, 2017

1. Description of the Plan

American Campus Communities Services, Inc. 401(k) Plan (the "Plan") is a defined contribution plan covering eligible employees of American Campus Communities Services, Inc. (the "Company" or "Plan Sponsor"), including eligible employees of certain subsidiaries which are adopting employers of the Plan. The Plan became effective October 8, 1993 and was most recently amended and restated effective January 1, 2015.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All plan assets are held by PNC Bank, N.A., trustee of the Plan. Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age and completion of one year of service, as defined. Participants enter the Plan on the first day of the month coinciding with or next following satisfying the eligibility requirements.

Contributions

Participants are allowed to make pre-tax elective contributions in an amount equal to not less than 1% nor more than 80% of their Plan compensation, as defined, subject to limitation under the Internal Revenue Code ("IRC"). Participants may also elect to make Roth contributions. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

1. Description of the Plan (continued)

Contributions (continued)

The Plan includes an automatic enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at of 2% of annual eligible Plan compensation and their contributions are invested in a designated balanced fund, unless changed by the participant.

The Company makes contributions to the Plan of amounts determined and authorized by the Company's Board of Directors up to the maximum amounts permitted by the IRC. The Company's matching contributions are based on each participant's contribution of 25% of the total deferral amount not to exceed 1.25% of the participant's compensation.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or retirement.

1. Description of the Plan (continued)

Company matching contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 1 year	0 %
1 year	30 %
2 years	60 %
3 years or more	100 %

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $34,566 and $66,087 respectively. Amounts are retained in the Plan and first used to pay Plan administrative expenses with any remaining amounts used to reduce future employer's matching contributions in subsequent years. For the year ended December 31, 2017, forfeitures totaling approximately $14,300 were utilized to pay Plan administrative expenses.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts a minimum of $1,000 and a maximum amount of i) $50,000 reduced by the excess of the highest outstanding note receivable balance over the prior twelve months over the outstanding balance of loans on the date a new note receivable is made or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at Prime plus 1%. Participants may only have one note receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence in which case repayment terms may be extended.

1. Description of the Plan (continued)

Payment of Benefits

Upon termination of service due to death, disability, normal retirement, early retirement after reaching age 55, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form. A participant whose vested account balance is $5,000 or less will automatically receive an immediate lump-sum distribution equal to their vested account balance. Distributions are subject to the applicable provisions of the Plan Agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS") and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Cash and Cash Equivalents

Cash and cash equivalents may include cash, funds received prior to year-end awaiting allocation to the appropriate investment option, if any, and short-term common collective trust funds sponsored by custodial banks.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Significant Accounting Policies (continued)

Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and September 25, 2018, the date the financial statements and supplemental schedule were available to be issued. No events have occurred through that date that would impact the financial statements.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common collective trust fund*: The PNC Investment Contract is a common collective trust fund administered by PNC Bank, N.A. ("PNC"). This fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The NAV is not a publicly-quoted price in an active market. Accounting Standards Codification ("ASC") Topic 820 information on the PNC Investment Contract Fund's underlying assets and their assigned fair value hierarchy was obtained from the audited financial statements that are made available to applicable plan sponsors
- *Self-directed brokerage account (TD Ameritrade/Fidelity Investments):* Valued at the NAV of shares of common stocks, money market funds and bonds held by TD Ameritrade or Fidelity Investments at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 27,066,865**	**$ –**	**$ –**	**$27,066,865**
Self-directed brokerage account	**359,724**	**–**	**–**	**359,724**
Total	**$ 27,426,589**	**$ –**	**$ –**	**$27,426,589**

	December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 20,517,251	$ –	$ –	$20,517,251
Self-directed brokerage account	323,449	–	–	323,449
Total	$ 20,840,700	$ –	$ –	$20,840,700

Investments, at fair value, that are valued using NAV as a practical expedient totaling $1,151,023 and $1,407,827 have been excluded from the tables above as of December 31, 2017 and 2016, respectively.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2017, there were no significant transfers in or out of Levels 1, 2 or 3.

4. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PNC Bank, N.A., the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2017.

5. Related-Party and Party-in-Interest Transactions

Plan assets include investments in funds managed by PNC Bank, N.A. and notes receivable from participants. PNC Bank, N.A. serves as the Plan's trustee and as such, qualifies as a party-in-interest under ERISA. The Plan Sponsor pays directly certain fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

7. Income Tax Status

The Plan has adopted a nonstandardized prototype plan document which received an opinion letter from the IRS dated March 31, 2014 which stated that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2018-4 and 2015-36, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. The Plan has adopted other required and discretionary amendments. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, and for the year ended December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.
