Notes to Financial Statements

1. Description of Plan

The following description of the GovPEO, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of TopSail Professional Services, Inc., Camris International, Inc. and Vysnova Partners, Inc. (collectively, the "Company"). Subsequent to year end, Vysnova Partners, Inc. created a new qualified plan. Account balances of approximately $978,000 were transferred to this new plan. Transamerica Financial Life Insurance Company serves as the custodian of the Plan. Management controls and manages the operation and administration of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Participants may elect to defer up to 80% of compensation, as defined by the Plan, subject to Internal Revenue Code (IRC) limitations. Participant salary deferrals may be traditional 401(k) (pre-tax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company provides for a safe harbor matching contribution in an amount equal to 100% of the participant's elective deferral that does not exceed 3% of compensation, plus 50% of the amount of the elective deferrals that exceed 3% of the participant's compensation but not to exceed 5% of the participant's compensation. The Company may also, at its discretion, make a profit sharing contribution. For 2017, $333,655 of profit sharing contributions were made. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers pooled separate accounts as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with benefit payments and transaction fees related to notes receivable from participants and distributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their accounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2017, outstanding loans bore an interest rate ranging from 3.5% to 4.25%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, a participant may elect to receive the value of his or her vested account in either a lump sum amount, installments or a partial withdrawal. Hardship distributions are permitted upon demonstration of financial hardship, with limitations as defined in the Plan. In-service distributions are available after the participant reaches age 59½.

Forfeitures

At December 31, 2017 and 2016, forfeited nonvested accounts were $451 and $453, respectively. These accounts are used to pay administrative expenses and then to reduce future Company contributions. During 2017, no forfeitures were used to reduce Company contributions or to pay administrative expenses.

Expense budget account

The expense budget account ("EBA") is an unallocated account maintained within the plan to account for funds received under a revenue-sharing agreement with Transamerica Retirement Solutions, LLC, the Plan's record keeper. These amounts may be used to pay Plan expenses or may be allocated to Plan participants at the end of the year at the direct of the Company. During 2017, $4,339 was received by the Plan to be used to pay future plan expenses or allocated to participants. During 2017, $3,810 of funds from EBA were used to pay administrative expenses. At December 31, 2017 and 2016, the balance of the EBA account was $1,867 and $1,337 respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (distributions and notes receivable from participants) are charged directly to the participant's account.

Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 5, 2018, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts

The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net assets value (NAV) per share, as determined by Transamerica Financial Life Insurance Company, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

There were no investments at December 31, 2017 and 2016 that are required to be reported within the fair value hierarchy. In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2017	Fair Value at December 31, 2016	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	**$ 6,556,200**	$ 2,731,641	None	Daily	None

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by the Custodian

The accompanying financial statements include the following unaudited information as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	2017	2016
Investments at fair value	**$ 6,556,200**	$ 2,731,641
Notes receivable from participants	**$ 97,288**	$ 94,729
Net appreciation in fair value of investments	**$ 694,218**	
Interest income on notes receivable from participants	**$ 2,385**	

5. Exempt Party-in-Interest Transactions

Certain plan assets are invested in funds managed by Transamerica Life Insurance Company (Transamerica). Transamerica is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to Transamerica totaled $32,856 while fees paid to other service providers for administrative services were $11,873 for 2017.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the non-standardized prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of the net assets available for benefits.
