NOTE 1- DESCRIPTION OF THE PLAN

The following description of the Bevolution Group 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of Bevolution Group, (the "Company" or the "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation. The Plan incorporates both 401(k) and profit-sharing provisions.

Participation: To be eligible for participation, an employee must be employed by the Company for at least 90 days and have attained the age of 18.

Contributions: Each year participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions up to the maximum allowable under the Internal Revenue Code (IRC). Contributions are restricted to certain limitations.

The Company may make discretionary matching and profit sharing contributions. For the year ended December 31, 2017, the Company made a matching contribution of up to 3% of an eligible participant's eligible wages up to a maximum of the amount contributed by the participant. If the employee contributed greater than 3% of their eligible compensation, the Company contributed an additional 50% of the next 2% of eligible compensation. There were no discretionary profit sharing contributions during the year ended December 31, 2017.

Participant's Accounts: In accordance with the plan document each participant's account is credited with the participant's contribution, an allocation of the Company's match and discretionary contributions, if any, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to a participant is equal to the participant's vested account balance. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants vest immediately in their contributions plus any earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service with a 20% increase each succeeding year until becoming fully vested after the sixth year of service.

Forfeitures: Participant forfeitures of employer contributions are retained in the Plan and may be used to offset future employer contributions or pay administrative expenses. No forfeitures were utilized during the year ended December 31, 2017. As of December 31, 2017 and 2016, there were $1,584 and $1,557 of unallocated forfeitures available.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum amount of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNT POLICIES

Payment of Benefits: Benefits are payable upon retirement, termination, disability, hardship or death. A participant is entitled to receive the vested portion of their account in the form of a lump sum distribution or elect a rollover into a qualified retirement plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts or disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Subsequent Events: Effective September 1, 2018, the Plan changed recordkeepers from ADP Retirement Solutions to John Hancock Retirement Plan Services.

Plan management has evaluated subsequent events for recognition and disclosure through October 4, 2018, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust - Stable Value Fund: The fair values of participation units held in the stable value collective trust are based on the net asset values of the trust, as reported in the audited financial statements. The investment objective of the collective trust held by the Plan is to preserve principal and provide interest income reasonably obtained under prevailing market conditions and rates, while also maintaining liquidity. The trust seeks to maintain a $1.00 net asset value per unit. The collective trust provides for participant units to be issued and redeemed at the end of each day, provided that redeeming participant plans comply with a required one-year notice provision.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2017, Using	
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 5,216,979	$ 5,216,979
Collective trusts*	241,228	-
Total	$ 5,458,207	$ 5,216,979

	Fair Value Measurements at December 31, 2016, Using	
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$ 4,086,755	$ 4,086,755
Collective trusts*	251,904	-
Total	$ 4,338,659	$ 4,068,755

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by, Reliance Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

(Continued)

NOTE 5 - TRANSACTION WITH PARTIES IN INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fees paid by the Plan in the amount of $3,307 for the year ended December 31, 2017 to the Plan's trustee for loan management and administrative fees qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated July 16, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles general accepted on the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plans administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 8 - RECONCILIATION TO FORM 5500
