Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Great-West Financial Retirement Plan Services, LLC as agent for the directed trustee JPMorgan Chase Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the agent for the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the agent for the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the agent for the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Profit sharing contributions shall be made at such times and in such amounts as determined by each company in the Controlled Group of Companies. Participants are eligible for matching and profit sharing contributions upon enrollment. There were no profit sharing contributions for the year ended December 31, 2017.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[3] Participant accounts:

Each participant's account is credited directly with their elective contributions and discretionary matching employer contributions on a percentage basis. Discretionary profit-sharing contributions are credited based on a percentage of eligible compensation. Participants also receive a pro rata allocation of the Plan's investment earnings and losses, which are based on the participants' account balances.

[4] Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. The participant's vesting in the Company's profit-sharing contribution account and employer matching contribution account will be determined in accordance with the following schedule:

Completed Years of Service	Vested Percentage
Less than one	0%
1	20%
2	40%
3	60%
4	80%
5	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances range from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[6] Payment of benefits:

A participant who ceases to be an employee for any reason other than death shall be entitled to receive their vested accrued benefit in the form of a lump-sum payment or distributions in the form of an annuity contract or in periodic installments of all benefits commencing at such time as the participant shall elect in accordance with the Plan payable over a fixed period not to exceed the lesser of ten years or the life expectancy of the participant at the time payments commence. If the account balance is paid in installments, it will be segregated and separately invested with one of the investment choices being a non-transferable annuity policy. If the participant's total distribution is $5,000 or less, payment is made in a lump sum. In the event of a participant's death, the participant's beneficiary shall be entitled to receive the participant's entire accrued benefit in the form of a lump-sum payment.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[7] Forfeitures:

Forfeited non-vested accounts are used to reduce future employer contributions. During the year ended December 31, 2017, $591,843 of forfeitures were used to reduce employer contributions from the Company. Forfeited non-vested accounts at December 31, 2017 and 2016 were $493,584 and $454,566, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 3, 2018, the date the financial statements were available to be issued.

In June of 2018 the Company was purchased by a third party. As of October 3, 2018, the Plan is unaffected by the purchase.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses of the Plan are paid by the Company. Fees related to participant loans, expenses for the Stable Asset Income Fund and short-term trading fees imposed by certain mutual funds are paid by the individual accounts of the participants utilizing these features.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S.GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Great-West Financial Retirement Plan Services, LLC as agent for JPMorgan Chase Bank, N.A. ("JPMorgan"), the trustee of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts - Common trust funds are comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity-related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager of the fund. The investment advisor of the trust reserves the right to restrict transfers or redemptions, for a 30-day period, if there was no prior transfer or redemption in excess of $5,000. At December 31, 2017, there were no unfunded commitments.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Investment Assets at Fair Value as of December 31, 2017	
	Level 1	**Total**
Investments:		
Mutual Funds	**$ 199,318,388**	**$ 199,318,388**
Common Collective Trusts:		
Equity Index Fund*	**-**	**41,129,925**
Stable Asset Income Fund*	**-**	**15,913,227**
Total Common Collective Trusts	**-**	**57,043,152**
Total Investments at Fair Value	**$ 199,318,388**	**$ 256,361,540**

	Investment Assets at Fair Value as of December 31, 2016	
	Level 1	**Total**
Investments:		
Mutual Funds	$ 180,656,169	$ 180,656,169
Common Collective Trusts:		
Equity Index Fund*	-	37,320,134
Stable Asset Income Fund*	-	18,809,503
Total Common Collective Trusts	-	56,129,637
Total Investments at Fair Value	$ 180,656,169	$ 236,785,806

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

There were no transfers into or out of Levels 1, 2 or 3.

NOTE E - TAX STATUS

The Plan has adopted a prototype non-standardized profit sharing plan sponsored by Great-West Trust Company, LLC. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and common collective trusts managed by JPMorgan. JPMorgan is the trustee and, therefore, these transactions qualify as party-in-interest transactions. Party-in-interest fees paid by the Plan were $10,063, which represent fees related to the Plan’s investment in JPMorgan investment products.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.
