NOTE A - DESCRIPTION OF PLAN

The following description of the Hunter Industries Holding Company, Ltd. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined Contribution plan that covers all employees of Hunter Industries, Ltd. and its wholly owned subsidiaries; and participating affiliate RTX Diablo, LLC (collectively, the Company or Plan Sponsor) who have completed one year of continuous employment and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Termination: Although it has not expressed an intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Contributions: The Company may contribute a discretionary matching amount to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants may elect to contribute up to 100% percent of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's matching contribution and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is 100% vested upon attaining the Plan's normal retirement age or if employment is terminated due to death or disability. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes vested in accordance with specific vesting schedules based on years of service as required by the Department of Labor.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time detailed in the Plan. Hardship withdrawals are available to Plan participants subject to certain limitations.

Forfeitures: The Sponsor uses the forfeitures to reduce the Sponsor's expenses or contributions as such obligations accrue. Forfeited non-vested accounts totaled approximately $8,000 and $4,800 at December 31, 2017 and 2016, respectively. The Plan used approximately $4,900 and $5,000 in forfeitures for the years ended December 31, 2017 and 2016.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Hunter Industries Holding Company, Ltd. 401(k) Savings Plan are prepared on the accrual method of accounting in accordance with U. S. generally accepted accounting principles.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits: Benefit payments are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to the Plan's investments is reduced as a result of diversity of the underlying portfolio.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Reclassification: Certain amounts in the prior year have been reclassified to conform to the current year's presentation.

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, Plan investments at December 31, 2017 and 2016 and the related investment earnings for the years then ended, were certified and held by Principal Life Insurance Company, Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company, the custodians, and were not audited by the independent auditor.

NOTE D - FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value at December 31, 2017:

	Fair Value Measurements Using			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 490,393	$ -	$ -	$ 490,393
Total Investments in Fair Value Hierarchy	$ 490,393	$ -	$ -	$ 490,393
Investments measured at NAV*				12,778,143
Total Investments at Fair Value				$ 13,268,536

NOTE D - FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value at December 31, 2016:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 385,703	$ -	$ -	$ 385,703
Total Investments in Fair Value Hierarchy	$ 385,703	$ -	$ -	$ 385,703
Investments measured at NAV*				10,560,116
Total Investments at Fair Value				$ 10,945,819

* *In accordance with Subtopic 820-10, certain investments measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.*

For the years ended December 31, 2017 and 2016, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

There have been no changes in methodologies used to determine fair value. Following is a description of the valuation methodologies used for various types of assets measured at fair value:

Mutual funds: Mutual funds are valued at quoted prices for identical assets in active markets for the shares held by the Plan at year-end.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probably that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common collective trust: The Principal Stable Value Fund, held in a common collective trust, is valued at the net asset value (NAV) of units of the collective trust fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE D - FAIR VALUE MEASUREMENTS – continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient at December 31, 2017:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 11,801,800	N/A	Daily	1 day
Common collective trust	976,343	N/A	Daily	30 days for benefit payments and participant transfers to noncompeting options; one year for all other withdrawals
	$ 12,778,143			

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient at December 31, 2016:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 9,634,285	N/A	Daily	1 day
Common collective trust	925,831	N/A	Daily	30 days for benefit payments and participant transfers to noncompeting options; one year for all other withdrawals
	$ 10,560,116			

NOTE E – INVESTMENTS AT CONTRACT VALUE

The Plan had a benefit-responsive guaranteed interest contract (Fund), with a contract value of $0 at December 31, 2017 and $42,030 at December 31, 2016. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund is fully benefit-responsive.

The Fund did not have any provisions that, in the event of termination or liquidation, would limit the Plan's ability to fully execute under the contract or which would result in a realized fair value significantly different from the contract value.

NOTE F - INCOME TAX STATUS

The Plan has received a favorable determination that it qualifies under applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the United States federal or state tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by the Custodians therefore; these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest are based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the plan document.
