Report on the financial statements

We were engaged to audit the accompanying financial statements of United Launch Alliance Pension Plan for Hourly Represented Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certifications from this entity as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements, other than that derived from the certified information described in Note 4, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the United Launch Alliance Pension Plan for Hourly Represented Employees (formerly, United Launch Alliance Retirement Plan for Employees in the Bargaining Units of the Space Systems Group) (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was originally established effective May 2, 1994 covering bargaining unit employees of the Lockheed Martin Space Systems Group who were covered under several collective bargaining agreements. Pursuant to a Joint Venture Agreement dated as of May 2, 2005, by and between The Boeing Corporation and Lockheed Martin Corporation, United Launch Alliance LLC (the “Company”) assumed sponsorship of the Plan effective December 1, 2006 including assuming the assets and liabilities of the Plan.

The Plan is a noncontributory defined benefit pension plan providing retirement benefits to eligible employees of the Company. Eligible employees are hourly employees of the Company as defined in and covered by the applicable Collective Bargaining Agreements in effect between the Company and the respective Unions. Also, all transferred employees, as defined, pursuant to the Joint Venture Agreement, continued to be eligible for the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective January 1, 2013, the Plan was amended to provide a partial freeze, which closed the Plan to employees of certain bargaining units hired on or after January 1, 2013.

On January 1, 2015 the Plan was amended to provide a freeze for certain represented employees effective December 31, 2016, at which time no additional benefit accruals can be earned. Effective January 1, 2017 the Plan was frozen to future benefit accruals for all participants, with the exception of the IAM Grandfathered NES participants whose benefits are governed by the LMC Salaried Retirement Program. Credited service and salary increases will no longer increase the monthly benefit; however, service after January 1, 2017 will count towards vesting.

Administration

The United Launch Alliance Administrative Committee is responsible for the oversight of the administration and operation of the Plan. The United Launch Alliance Investment Committee establishes, amends and monitors compliance with investment policies, and selects and monitors the trustee, investment managers, and outside investment advisors and consultants to the Plan. The Board of Directors of the Company is responsible for appointing the committees.

United Launch Alliance Pension Plan for Hourly Represented Employees

Notes to Financial Statements

The Northern Trust Company (“Northern Trust” or “Trustee”) is the trustee of the United Launch Alliance Master Pension Trust (the “ULA Master Trust”), which is the funding vehicle for the Plan and another Company sponsored Plan.

The Plan’s operating, investment and administrative expenses are generally charged against Plan assets as provided for in the Plan and Master Trust documents (see Note 2 – *Investments in ULA Master Trust and Income Recognition*).

Benefits

The Plan provides for retirement benefits based on an amount payable at a selected age and in a selected form and is generally based upon the employee’s accrued benefit. In general, the monthly benefit amount is calculated as a flat dollar rate determined under the effective collective bargaining agreement, multiplied by the number of years of credited service, as defined in the Plan Document, depending on the date of termination or retirement or respective freeze date. Normal retirement age is 65. The Plan also provides early retirement benefits at age 55 and other benefits upon meeting certain other conditions. Benefits are payable in the form of a joint and survivor annuity, single life annuity or other optional forms as further described in the Plan Document. Certain death and disability benefits are also available under the Plan if the prescribed criteria are met.

Vesting

Participants become fully vested upon completion of five years of service.

Funding Policy

The Company’s funding policy is to contribute annually an amount so as to meet the minimum funding requirements and as recommended by the Plan’s actuary. No employee contributions are required or permitted. During 2017 and 2016, the Plan met the minimum funding requirements of ERISA. The Company contributed \$77,280,000 and \$3,400,000, respectively, in contributions for the 2017 or 2016 Plan years.

Termination of the Plan

The Company has the right under the Plan to discontinue its contributions and to terminate the Plan, and it has reserved the right to do so. See Note 11, *Subsequent Events*, for subsequent approval for termination of the Plan.

The rights of all affected participants to benefits accrued upon termination are nonforfeitable. Net assets of the Plan available to provide benefits would be allocated upon termination in accordance with the guidelines prescribed by the Plan and ERISA and its related regulations. If the Plan terminates, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”), a U.S. governmental agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under covered

plans, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates to be made that affect the amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. The most significant of these estimates relates to the determination of the accumulated plan benefits and the Plan's funded status. Actual results could differ from those estimates and could be material to the Plan's financial statements.

Investments in ULA Master Trust and Income Recognition

The fair value of the Plan's interest in the ULA Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income or loss (net of investment expenses) less actual distributions and administrative expenses.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 6, *Fair Value Measurements and Disclosures*).

The change in net appreciation (depreciation) consists of both realized and unrealized gains and losses. Purchases and sales of investments are recorded on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions for services rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries; (2) beneficiaries of employees who have died; and (3) present employees or their beneficiaries. Benefits for retired, terminated and disabled employees or their beneficiaries are based on each former employee's credited service prior to his or her termination or retirement date or through the respective freeze date or valuation date.

United Launch Alliance Pension Plan for Hourly Represented Employees

Notes to Financial Statements

(whichever is earlier). Accumulated plan benefits for active employees are based on each employee's credited service preceding the valuation date or through the respective freeze date or valuation date (whichever is earlier). Benefits payable under all circumstances -- retirement, death, disability, and termination of employment - are deemed included to the extent they are attributable to employee service prior to the valuation date or through the respective freeze date, if applicable.

The Plan's actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The effect of Plan amendments on accumulated plan benefits is recognized during the year in which such amendments are adopted.

The Pension Protection Act of 2006, as amended by the Worker, Retiree and Employer Retiree and Employer Recovery Act of 2008 imposes certain benefit restrictions for qualified defined benefit plans that do not meet certain funding thresholds. A plan's funded percentage is referred to as the Adjusted Funding Target Attainment Percentage ("AFTAP"). The 2017 AFTAP for the Plan is 94.24%. Because the Plan's AFTAP met the required threshold, the Plan is not subject to any benefit restrictions.

Payment of Benefits

Benefits are recorded when paid.

3. ACCUMULATED PLAN BENEFITS

The present value of accumulated plan benefits, as determined by the actuary is as follows:

	December 31,	
	2017	2016
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	\$ 79,622,600	\$ 58,703,881
Current and terminated employees with vested benefits	114,118,718	118,051,654
Total vested benefits	193,741,318	176,755,535
Non-vested benefits	7,021,926	8,574,057
Total actuarial present value of accumulated plan benefits	<u>\$ 200,763,244</u>	<u>\$ 185,329,592</u>

United Launch Alliance Pension Plan for Hourly Represented Employees

Notes to Financial Statements

The following comprises the changes in accumulated plan benefits:

Actuarial present value of accumulated plan benefits as of December 31, 2016	\$ 185,329,592
Increase (decrease) during year attributable to:	
Interest accumulation	13,157,164
Benefit payments	(7,840,096)
Assumption changes	9,809,289
Plan amendments	-
Benefit accruals and participant experience	307,295
Net change	15,433,652
Actuarial present value of accumulated plan benefits as of December 31, 2017	\$200,763,244

Significant actuarial assumptions used in the 2017 and 2016 valuations were (a) life expectancy of participants (RP2006 Fully Generational Scale MP 2017 for annuitants and non-annuitants with blue collar adjustment for 2017 and RP2006 Fully Generational Scale MP 2016 for annuitants and non-annuitants with blue collar adjustment for 2016), (b) assumed retirement age of 61 for 2017 and 2016, and (c) an annual discount rate of 6.75% and 7.25% in 2017 and 2016. The assumption change noted in the table above is due to the mortality table and discount rate changes.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors would be applicable in determining the actuarial present value of accumulated Plan benefits. See Note 11, *Subsequent Events*, for pending approval to terminate the Plan.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election and as requested by the plan administrator, the following information was not subjected to any auditing procedures performed by the Plan's independent certified public accountants except to compare the amounts to the financial statements:

- a. Investments as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.

- b. Investment income from the Plan's interest in ULA Master Trust Investment as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- c. Investment information provided in Note 5 as of December 31, 2017 and 2016, and for the year ended December 31, 2017.

5. ULA MASTER TRUST

The Plan had an interest in the ULA Master Trust as of December 31, 2017 and 2016 of approximately 42.1%. Each participating Plan has an undivided interest in the ULA Master Trust. Investment income and loss and related investment expenses are allocated to the individual participating plans based upon average monthly balances invested by each Plan.

The condensed statements of net assets for the ULA Master Trust as of December 31, 2017 and 2016 are as follows:

	2017	2016
Assets:		
Investments, at fair value:

6. FAIR VALUE MEASUREMENTS AND DISCLOSURES

The Company uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2: Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Cash equivalents: The money market fund consists of a portfolio which invests primarily in short-term U.S. Treasuries and repurchase agreements that are collateralized by Treasury Obligations and/or Government Obligations carrying full faith and credit of the U.S. Government. The fund seeks to maintain a stable net asset value ("NAV") at \$1.00 per share. The share price is based on the amortized cost of the portfolio securities, pursuant to Rule 2a-7 under the Investment Company Act.

United Launch Alliance Pension Plan for Hourly Represented Employees

Notes to Financial Statements

Common Collective Trusts: The common collective trusts are valued based on the Plan's interest in the funds at NAV reported by the fund managers as of the financial statement date and recent transaction prices. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Fair values for the investments within these funds are based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets.

Limited Partnerships, Real Estate and Private Equity: The real estate and private equity limited partnerships seek superior long-term capital appreciation by investing (structured by classes of interest) in a diversified group of venture capital investment funds (VC class), private equity investment funds (PE class), and emerging markets investment funds (EM class), which are managed by seasoned investment managers and which generally are difficult for new investors to access. The UBS Trumbull Property Fund is a real estate partnership that is valued based on the Plan's interest in the fund at NAV as reported by the partnership. The remaining funds are all calculated by a third party and are based on fair value of underlying investments and ULA Master Trust's share of the partnership. There is little to no market activity to determine the fair value of the investment and a significant degree of judgment is used in determining values. Estimated fair values generally are based on the partner's capital account (which can be one to two quarters in arrears) adjusted for capital contribution or divestiture activity through yearend. The partner capital account, as determined by the terms of the partnership agreement approximates fair value.

There are also certain restrictions on the sale of limited partnership interests and these limited partnerships may draw capital over a stated period of time, as stated in the partnership agreements. During the years ended December 31, 2017 and 2016, approximately \$15,000,000 each year was funded to these limited partnerships.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table reflects the investments of the ULA Master Trust that are measured and carried at fair value on a recurring basis as of December 31, 2017:

Asset Category	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial statements within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2017, there were no significant transfers in or out of levels 1, 2, or 3.

The following table represents the Plan's level 3 financial instruments, the valuations techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the range of values for those inputs:

December 31, 2017

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of significant input values
Limited partnership – Real estate	\$ 55,527,604	Partner's adjusted capital account	Formulas as set forth in the partnership agreements	N/A
Private equity	\$ 65,618,761	Partner's adjusted capital account	Formulas as set forth in the partnership agreements	N/A

Notes to Financial Statements

- (a) The purpose of the fund is to actively manage a core portfolio of primarily equity real estate investments located in the United States.
- (b) The purpose of these funds is to achieve a total return by investing in a diversified portfolio of fixed-income securities with maturities ranging over an extended period of time.

7. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (“IRS”) dated January 25, 2017 stating that the Plan is designed in compliance with the applicable requirements of the Code. The Plan is required to operate in conformity with the Internal Revenue Code (the “Code”) to maintain its tax-qualified status. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related Trust is tax exempt. However, there are certain investments (limited partnerships) which may subject the ULA Master Trust to Unrelated Business Taxable Income (UBTI), which the Trust will file appropriate income tax returns with the IRS and pay applicable taxes annually. These amounts are immaterial to the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

8. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The ULA Master Trust holds certain investments managed by the Trustee. Transactions in these investments are party-in-interest transactions. The ULA Master Trust and the Plan pay actuarial, audit, custodial, investment management, investment advisory and legal fees from the Trust. Such transactions constitute party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

9. CONCENTRATIONS, RISKS AND UNCERTAINTIES

The ULA Master Trust invests in various investment securities. Investments in general, are subject to various risks, such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions, including real estate values, delinquencies, and defaults and may be adversely affected by shifts in the market’s perception of the issuers and changes in interest rates. Certain

United Launch Alliance Pension Plan for Hourly Represented Employees

Notes to Financial Statements

investments (limited partnerships and private equity) are less liquid and have restrictions on their sale. Forced liquidation, although not expected at this time, may affect the estimated value of such investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the funded status of the Plan. As of December 31, 2017 and 2016 there were three investments and two investments, respectively, held in the master trust which individually accounted for more than 10% of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the amounts reported in the financial statements and accompanying notes.

In June 2017 the Company was notified by the Department of Labor that the ULA Master Trust and the Plan were selected for examination. Management is not aware of any matters that would materially impact the Plan's financial statements or footnotes. Therefore, the accompanying financial statements do not include any adjustments or disclosures that might result from this examination due to this uncertainty.

10. COMMITMENTS

The ULA Master Trust's investment in the limited partnerships and real estate partnerships contains commitments totaling \$160 million of which approximately \$139 million had been funded and invested as of December 31, 2017. During 2017 approximately \$15 million of capital calls were funded and invested.

11. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 28, 2018, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements, other than as described below.

In November 2017, the Board of Directors approved termination of the Plan, contingent upon also receiving union approval from the unions that participate in the Plan. The IAM Master union contract was successfully negotiated and ratified in May 2018, in which it included approval to terminate the Plan. The UAW union was approached in August 2018 about terminating the plan but they did not approve the termination of the Harlingen portion of the Plan. The Harlingen portion of the Plan will be spun off from the Hourly Plan and is currently planned to be effective

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V—Summary of Plan Provisions

Former BCERP Plan Participants

Effective Date	December 1, 2006. Plan was created via a de minimis spinoff of assets and liabilities from The Boeing Company Employee Retirement Plan (the "Prior Plan") as of this date. Most recent amendment effective January 2015.
Plan Year	Calendar year.
Most Recent Collective Bargaining Agreements	June 2015.
Covered Employees	Represented ULA employees who are members of the IAM, AFL-CIO, Local 44 (Decatur, Alabama).
Participation Date	Covered employee and completion of one year of service. Employees who were participants in the prior plan automatically become participants in this plan as of the effective date.
Definitions	
Vesting Service	One year for each calendar year in which the participant completes at least 1,000 hours of service.
Credited Service	One year for each calendar year in which the participant completes 2,000 or more hours of service after becoming an employee. Partial years of service are granted for years in which the participant completes 1,000–1,999 hours.
Complement Benefit	A fixed dollar benefit established January 1, 1996 to replace the supplemental past service benefit and the supplemental future benefit as of December 31, 1995. The fixed amount is equal to the participant's supplemental benefit as of December 31, 1995 multiplied by 135%.
Covered Compensation	35-year average of Social Security taxable wage bases ending in the year of termination.
Final Average Earnings	Average of the highest 60 consecutive calendar months of basic annual compensation rates during the prior 10-year period.

Effective during 2008, the SSB plan was amended so that ULA will pay the difference between the subsidized and unsubsidized early retirement factors for heritage General Dynamics participants who were not retirement eligible as of the date of the formation of ULA (December 1, 2006).

Disability Retirement

Eligibility Requirement

Ten years of continuous service and total and permanent disability.

Benefit

An unreduced monthly benefit computed as in normal retirement.

Postponed Retirement

Eligibility Requirement

Retirement after normal retirement date.

Monthly Benefit

Normal retirement benefit equal to the accrued benefit determined as of retirement date.

Preretirement Surviving Spouse's Benefit

Eligibility Requirement

Five years of continuous service.

Benefit

If the participant dies from active status after becoming eligible for early retirement, 50% of the monthly benefit the participant would have received if he had retired on the first of the month following his death. If the participant dies from terminated vested status after becoming eligible for early retirement, 50% of the monthly benefit the participant would have received if he had retired on the first of the month preceding or coincident with his death. If the participant had five years of service, but had not attained age 55 upon his death, the benefit is deferred to when he would have attained age 55.

Termination

Eligibility Requirement

Five years of continuous service.

Benefit

A monthly benefit computed as in normal retirement, payable at age 65. Actuarially equivalent benefits are payable as early as age 55.

Pension Improvement

Eligibility Requirement

Five years of continuous service.

Benefit

\$94 per month (for San Diego participants) or \$105 per month (for Cape Canaveral and Vandenberg participants) for the participant payable upon the attainment of age 65 and \$94/\$105 per month for participant's spouse, payable upon the spouse's attainment of age 65.

- (1) For a retired member with between five and 10 years of continuous service, the \$94/\$105 benefit $\times$ a fraction equal to the number of years of continuous service at retirement $\div$ 10.
- (2) For a vested member, the \$94/\$105 benefit $\times$ by a fraction equal to the number of years of continuous service at termination $\div$ the number of years from date of hire to age 65.

The pension improvement benefit will continue to the spouse upon the participant's death. The amount of the benefit will be reduced by the pension improvement benefit received from the General Dynamics Corporation Hourly Employees' Retirement Plan.
