Dawson Resources 401(k) Plan
Columbus, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dawson Resources 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Financial Services, Inc. (Nationwide), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2016 Financial Statements

The financial statement of the Plan as of December 31, 2016, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Nationwide, the trustee of the Plan. Their report, dated October 10, 2017, indicated that (a) because of the significance of the information they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2017

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DAWSON RESOURCES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Dawson Resources 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General - The Plan was established on January 1, 2007 and is a defined contribution Plan covering all employees of DeCapua Enterprises d.b.a Dawson Resources (the Company) who are age 21 or older and have completed one year of service or 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute 100% of their annual compensation provided, however, that such contribution does not exceed the Internal Revenue Service (IRS) prescribed limitations. The Plan allows participants who have attained age 50 by the end of the Plan year to make catchup contributions in accordance with Internal Revenue Code (IRC) Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may decide to make matching and profit sharing contributions, solely at the Company's discretion. There were no profit sharing or matching contributions made for the year ended December 31, 2017.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the remainder of an employee's account is based on the employee's years of service. A participant is 100% vested after six years of credited service. Upon retirement, death or disability, participants become 100% vested in their accounts.

Forfeitures - Forfeitures of terminated participants' non-vested accounts can be used to offset current-year Plan expenses or to reduce employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled approximately \$12,000.

Payment of Benefits - On termination of service, disability, retirement or death, a participant may elect to receive a lump-sum distribution equal to the value of his or her vested interest in the account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan sponsor in preparation of the accompanying financial statements follows:

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

DAWSON RESOURCES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian and insurance company. See Note 4 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefit distributions are recorded when paid.

Administrative Expenses - Administrative expenses of the Plan, including trustee, service provider and audit fees, are paid for by the Plan or the Plan sponsor.

Subsequent Events - The Plan has evaluated subsequent events through October 5, 2018, the date that the financial statements were available to be issued.

NOTE 3 - CERTIFICATION

The Plan administrator has received certification from Nationwide Financial Services, Inc. (Nationwide), the trustee of the Plan's assets, as to the completeness and accuracy of the investments and related investment income. Such information includes the composition and current value of the investments reported in the statements of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DAWSON RESOURCES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair value of these assets are measured using Level 1 inputs.

Money Market Fund: Valued at cost, which approximates fair value. The fair value of these assets are measured using Level 1 inputs.

The method described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

DAWSON RESOURCES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by a letter dated January 22, 2018 that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has not been amended since receiving the determination letter and the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to examinations for years prior to 2014.

NOTE 7 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Nationwide. Nationwide is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - FORM 5500 RECONCILIATION

The following is a reconciliation of net assets available for benefits and of changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31:
