Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (USA), the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2016 Financial Statements

Their report, dated September 25, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description of the Plan

The following description of the Villa Park Landscape 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2013, and is a defined contribution plan covering all employees of Villa Park Landscape (the "Company") who are not covered by a collective bargaining agreement. Employees must be at least 21 years of age and employed with the Company for at least one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan's administrative committee oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors performance.

Although it has not expressed the intention to do so, the Company has the right under terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA provisions. In the event of Plan termination, participants would become 100 percent vested in their contributions.

Contributions

Employee contributions to the Plan (voluntary contributions) are deferrals of the employee's compensation made through a direct reduction of compensation in each payroll period. The maximum tax deferred contribution may not exceed limits established by the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as limited by the IRC. Upon enrollment in the Plan, a participant may direct employee contributions in various investment options. Participants may change their options at any time. The Company may elect to provide a matching and/or a safe harbor matching contribution. The matching contribution formula will be determined by the Company. Catch-up contributions are not eligible for any matching contributions. The Company contributed $122,609 to the Plan for the year ended December 31, 2017, based on the following safe harbor formula: 100 percent of salary deferrals that do not exceed 3 percent of eligible compensation plus 50 percent of salary deferrals in excess of 3 percent of eligible compensation. Matching contributions may not exceed 5 percent of eligible compensation. Rollover contributions meeting certain guidelines detailed in the Plan document may be made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions. Participants are fully vested in qualified safe-harbor matching contributions and qualified nonelective contributions immediately. Discretionary matching contributions are subject to a six-year vesting schedule.

Years of Service	Vesting Percentages
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon retirement, death, disability, or termination, a participant or his or her beneficiary may elect to receive accumulated retirement benefits as a single distribution in cash. In addition, a terminated participant may also elect to transfer into an individual retirement account all amounts that qualify as a rollover under the provisions of the IRC, as amended. Amounts of nonvested matching and discretionary contributions revert to the Company and may be used to reduce future matching contributions.

In-service distributions will only be permitted if the participant is 100 percent vested in the amounts being withdrawn. A participant may take no more than one in-service distribution in a Plan year. Hardship distributions are permitted.

Forfeitures

Forfeitures of the employee's nonvested portion of the Company's contributions are used to reduce future employer's contributions or to pay Plan expenses. At December 31, 2017 and 2016, there were no forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Note 2: Summary of Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in accordance with US GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The fair value of the Plan's investments in pooled separate accounts is measured using the net asset value per share ("NAV") as a practical expedient. Each unit in a pooled separate account invests directly in a unit of the underlying investment. Unit values are calculated based on the observable NAV of the underlying investment in the funds. See Note 9 for a discussion of NAV measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions Receivable

Contributions receivable represent amounts that have been contributed prior to year-end, but not received by the Plan until subsequent to year-end.

Administrative Expenses

Certain expenses incurred by maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value on investments.

Payment of Benefits

Benefits are recorded when paid.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Information Prepared and Certified by the Custodian

The December 31, 2017 and 2016, statements of net assets available for benefits, the investment activities included in the statement of changes in net assets available for benefits for the year ended December 31, 2017, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by John Hancock Life Insurance Company (USA) ("John Hancock"), the custodian of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes the following:

	2017	2016
Investments - pooled separate accounts, at fair value	$ 1,273,126	$ 895,635
Investment income	130,704	

Note 5: Investments and Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1: Defined as observable inputs, such as quoted prices in active markets.

Level 2: Defined as inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Defined as unobservable inputs in which little or no market data exists, thereby requiring an entity to develop its own assumptions.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Plan assets requiring the use of Level 3 inputs for the periods presented.

Note 5: Investments and Fair Value Measurements (Continued)

The fair value of pooled separate accounts is based on NAV provided by the issuer; pooled separate accounts are not included in the fair value hierarchy inputs.

	Fair Value
December 31, 2017	
Pooled Separate Accounts	$ 1,273,126
December 31, 2016	
Pooled Separate Accounts	$ 895,635

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2017, are reported in net appreciation in fair value on investments.

Note 6: Tax Status

Effective January 1, 2013, the Plan adopted the Volume Submitter Profit Sharing Plan with CODA sponsored by QBI, LLC ("QBI"). The Internal Revenue Service ("IRS") has determined and informed QBI by a letter dated May 7, 2015, that the prototype plan is designed in accordance with applicable sections of the IRC.

Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore also believes that the Plan is qualified and the related trust is tax exempt. The Plan has not filed for its own determination letter from the IRS; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 7: Parties in Interest

Investments in pooled separate accounts, the stable value fund, and guaranteed interest accounts are managed by John Hancock. John Hancock is the custodian, as defined by the Plan; therefore, these investments qualify as party-in-interest transactions. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 8: Delinquent Contributions

The Plan had withholdings of $10,398 in employee contributions that were not allocated to participants' accounts within the time frame guidelines outlined by the Department of Labor. These contributions are considered prohibited transactions and are reported on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions. The Plan will complete the process of correcting these delinquent contributions in September 2018.

Note 9: Net Asset Value per Share

The Plan's pooled separate account investments are stated at NAV at December 31, 2017 and 216. Units held in pooled separate accounts are valued using the NAV practical expedient of the pooled separate accounts as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the pooled separate accounts, minus its liabilities, and then divided by the number of units outstanding. The following tables set forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent):

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31, 2017					
Pooled Separate Accounts	$ 1,273,126	None	Daily	None	None

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31, 2016					
Pooled Separate Accounts	$ 895,635	None	Daily	None	None

Note 10: Subsequent Events

The Plan has evaluated subsequent events through September 13, 2018, the date the financial statements were available to be issued.
