**A.C. LEGG PACKING COMPANY
401(K) PROFIT SHARING PLAN**

**Notes to the Financial Statements
For the Years Ended December 31, 2017 and 2016**

Note 1 – Description of Plan

The following description of the A.C. Legg Packing Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan administered by A.C. Legg Packing Company (the Company). Fidelity Management Trust Company is the trustee with respect to all Plan assets.

Eligibility and Participation – The Plan covers all eligible employees who have completed six months of service with the employer. There is no minimum age requirement for this plan. Eligible employees are those who are employed by the employer in any capacity. Certain employees are excluded automatically:

- Those employees covered by a collective bargaining agreement, unless the agreement requires employees to be included under the Plan.
- Leased employees.
- Commission salesmen.

Contributions – Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions in excess of 90% of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Under the Plan, the Company makes a non-discretionary matching contribution. The non-discretionary contribution is subject to maximum amounts. For the year ended December 31, 2017, non-discretionary contributions were limited to 50% of participant contributions not to exceed 6% of employee compensation. Additional amounts may be contributed at the option of the Company. All employer contributions are invested at the participant's discretion. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Notes Receivable – Participant loans are not allowed.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or receive a series of installment payments over a specified period not to exceed the participant's life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

401(K) PROFIT SHARING PLAN**

**Notes to the Financial Statements (continued)
For the Years Ended December 31, 2017 and 2016**

Note 2 – Summary of Significant Accounting Policies

Forfeited Accounts – On December 31, 2017 and 2016, forfeited non-vested accounts totaled \$3,338 and \$808, respectively. These accounts will be used to pay future administrative expenses. Also, in 2017 administrative expenses of \$1,693 were paid from forfeited non-vested accounts.

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- * Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- * Level 2 – Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2017 and 2016.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Total Fair Value</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Mutual funds and total assets in the fair value hierarchy	\$ 4,451,983	\$ 4,451,983	\$ -	\$ -
Investments measured at net asset value*	504,687	-	-	-
Investments at Fair Value	<u>\$ 4,956,670</u>	<u>\$ 4,451,983</u>	<u>\$ -</u>	<u>\$ -</u>

Fair value measurements at December 31, 2016:

	<u>Total Fair Value</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Mutual funds and total assets in the fair value hierarchy	\$ 3,944,073	\$ 3,944,073	\$ -	\$ -
Investments measured at net asset value*	806,878	-	-	-
Investments at Fair Value	<u>\$ 4,750,951</u>	<u>\$ 3,944,073</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

Note 6 – Tax Status

The Internal Revenue Service (IRS) has determined and informed Fidelity Management Trust Company, whose standardized prototype retirement plan was adopted by A.C. Legg Packing Company 401(k) Profit Sharing Plan, by a letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The original effective date of the Plan is January 1, 1983. Although, the Plan has been amended since receiving the original determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Note 7 – Information Prepared and Certified by the Trustee

Certain information included in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2017 and 2016, and net appreciation in fair value investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

As of December 31, 2017 and 2016, no reconciliation was necessary for net assets available for benefits per the financial statements to the Form 5500.

Note 10 – Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds and common collective trusts managed by Fidelity Management Trust Company. Fidelity Management Trust Company is also the investment trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Note 11 – Nonexempt Party-In-Interest Transactions

The Company remitted certain participant contributions to the trustee later than required by Department of Labor (DOL) Regulations 2510-3-102 as follows: year 2013 \$123,921, year 2015 \$15,486, and year 2016 \$26,771. These late participant contributions are currently pending correction in the DOL's Voluntary Fiduciary Correction Program (VFCP).

Note 12 – Subsequent Events

Management has evaluated subsequent events through October 3, 2018 the date the financial statements were available to be issued.
