SIMCO PROFIT SHARING 401(k) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

Note 1 - Description of Plan

General

Effective January 1, 1981, SIMCO Electronics (the “Company”, “Plan Administrator”, “Plan Sponsor”) adopted a prototype non-standardized profit sharing 401(k) plan (the “Plan”). The Plan is a defined contribution plan covering all eligible employees who are not members of a union subject to a collective bargaining agreement or leased employees or employees who are paid cash in lieu of benefits in accordance with a United States Department of Labor Wage Determination which has been issued as a requirement of the Service Contract Act of 1965, as amended. Subsequent to December 31, 2017, the Plan was amended to permit notes receivable from participants, effective May 1, 2018.

This description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration

The Company has appointed an Administrative Committee (the "Committee") to manage the operations and administration of the Plan. The Plan Administrator has contracted with Automatic Data Processing (“ADP”) as the third-party administrator (TPA). ADP is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Company contracted with Reliance Trust Company (“Reliance Trust”) to act as the Plan trustee and custodian for the period July 1, 2016 to December 31, 2016 and for the year ended December 31, 2017. Prior to Reliance Trust, State Street Bank and Trust Company (“State Street”) acted as the Plan trustee and custodian for the period January 1, 2016 to June 30, 2016.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan document. Participants who are age 50 and over may make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds and common/collective trust funds. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically entered in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan allows for discretionary employer matching contributions. The Plan also allows for an additional annual employer discretionary profit sharing contribution, in an amount determined by the Company, to participants who are eligible to share in the contributions for the Plan year. The Company’s discretionary matching contribution is calculated at 50% of the first 2% of compensation contributed by the employee. Such discretionary matching contributions amounted to $161,948 and $161,524 for the years ended December 31, 2017 and 2016, respectively, prior to offset by forfeitures. Contributions are subject to certain IRS limitations.

Note 1 - Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of the Company's discretionary profit sharing contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary profit sharing contributions is based on the participant's years of vesting service. Participants who complete 1,000 hours of service for each Plan year receive one year of vesting service. Participants are vested 100% in discretionary profit sharing contributions after completing two years of service. The vesting schedule for the Company's discretionary matching contributions is as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the 2017 excess contributions of $5,429 to the applicable participants prior to March 15, 2018. Excess contributions of $13,305 for plan year 2016 were distributed prior to March 15, 2017.

Payment of benefits

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is $5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. Vested balances of $1,000 or less will be distributed as a lump-sum amount without the participant's consent.

Note 1 - Description of Plan (continued)

Forfeited accounts

Forfeited non-vested employer discretionary matching contribution amounts may be used to pay Plan expenses or to reduce future employer contributions. Forfeitures in the amount of $18,080 and $15,946 for the years ended December 31, 2017 and 2016, respectively, were used to reduce employer contributions. Total Plan forfeitures remaining in the Plan, including earnings, are insignificant at December 31, 2017 and 2016.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Use of estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates. Significant estimates used in preparing these financial statements include the fair value of investments in mutual funds and common/collective trust funds.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Administrative Committee determines the Plan’s valuation policies utilizing information provided by the investment advisor and custodians. See Note 4 for discussion of fair value measurements.

The Plan’s investment in the Invesco Stable Asset Trust represents an indirect investment in a fully-benefit responsive investment contract, which is reported at fair value without presenting the adjustment to contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of benefits

Benefits are recorded when paid.

Expenses

Fees related to the administration of participant withdrawals are charged directly to the participants’ accounts and are included in administrative expenses in the statements of changes in net assets available for benefits. Investment-related expenses are included in net appreciation or depreciation in the fair value of investments, earned in participants’ accounts.

Note 2 - Summary of accounting policies (continued)

Expenses (continued)

Pursuant to a revenue sharing arrangement with ADP, the Plan receives asset-based fees calculated at 16 basis points of the invested assets. Such amounts are used to pay Plan expenses, including professional services fees, and are also included in administrative expenses on the plan financial statements. Any remaining balance is reallocated among Plan participants. For the years ended December 31, 2017 and 2016, $26,161 and $24,696, respectively, was received under the revenue sharing arrangement. Plan-related administrative expenses paid out of the Plan during the years ended December 31, 2017 and 2016 amounted to $24,435 and $2,446, respectively.

New accounting pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value (NAV) Per Share (Or Its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using NAV per share as a practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2016, with early adoption permitted. Plan management adopted ASU 2015-07 during 2017 and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through October 9, 2018, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust and State Street, in accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were noted at Levels 2 and 3 as of December 31, 2017 and 2016. There were no changes in the valuation methodologies used at December 31, 2017 and 2016.

Note 4 - Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,259,817	$ -	$ -	$ 11,259,817
Common/collective trust funds measured at net asset value *	-	-	-	6,903,798
Investments at fair value	$ 11,259,817	$ -	$ -	$ 18,163,615

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,896,460	$ -	$ -	$ 8,896,460
Common/collective trust funds measured at net asset value *	-	-	-	6,839,875
Investments at fair value	$ 8,896,460	$ -	$ -	$ 15,736,335

* In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017, and 2016:

Investments	Fair Value as of December 31, 2017	Fair Value as of December 31, 2016	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust funds	$6,903,798	$6,839,875	n/a	Daily	1 Day

The fair value of common collective trust funds are based on the investment's net asset value per unit, considering quoted market prices for similar securities, interest rates, foreign exchange rates, prepayment speeds, credit risk and other inputs. The fair value of the Invesco Stable Asset Trust, a common collective trust, is based on net asset value, as reported by the manager of the collective trust fund. The fund invests in short-term investment funds (reported at Level 1), affiliated collective trusts and Insurance Company Separate Accounts (reported at Level 2). There are no unfunded commitments, the units can be redeemed daily, and there is no redemption period at the participant level.

Note 5 - Terminated employee accounts

At December 31, 2017 and 2016, 202 and 212 participants, respectively, had terminated employment. Their vested account balances included in net assets available for benefits were $5,453,095 and $5,444,570, respectively, as of those dates. None of the terminated participants remaining in the Plan at December 31, 2017 and 2016, respectively, had requested to withdraw from the Plan as of those dates.

Note 6 - Related party transactions and party-in-interest transactions

The Plan Sponsor has contracted with ADP to process and maintain the records of participant data and monitor compliance with governmental regulatory requirements. The Plan Sponsor also contracted with Reliance Trust and State Street to maintain custody of certain Plan investments during 2017 and 2016, respectively, as well as an independent investment advisor to monitor investment performance. Refer to Note 2 - Expenses for expenses of the Plan paid by the Plan participants to these parties-in-interest. All these transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7 - Rollover contributions

During 2017, rollover contributions of $238,753 from another plan were from six participants and rollover contributions of $3,422 from another plan was from a single participant during 2016.

Note 8 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9 - Tax status

The Internal Revenue Service informed the third party administrator by letter dated July 16, 2014 that the prototype non-standardized Plan adopted by the Company is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, no audits are currently in progress for any tax periods.

Note 10 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 - Reconciliation of the financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to the Form 5500:

	December 31, 2017	December 31, 2016
Net assets available for benefits per the financial statements	$ 18,158,186	$ 15,723,030
Add: excess deferral contributions recorded as a liability on the financial statements	5,429	13,305
Net assets available for benefits per the Form 5500	$ 18,163,615	$ 15,736,335

The following is a reconciliation of contributions per the financial statements for the years ended December 31, 2017 and 2016 to the Form 5500:

	December 31, 2017	December 31, 2016
Participant contributions per the financial statements	$ 1,179,696	$ 1,178,671
Add: excess deferral contributions for the Plan year recorded on the Form 5500 but not on the financial statements; treated as a corrective distribution in subsequent Plan year on the Form 5500	5,429	13,305
Participant contributions per the Form 5500	$ 1,185,125	$ 1,191,976

Note 12 - Reclassifications

Certain reclassifications have been made to the December 31, 2016 financial statements to conform to the December 31, 2017 financial statement presentation. Such reclassifications have no effect on the increase in net assets available for benefits.
