1. DESCRIPTION OF PLAN

The following description of the Lee Container Corporation, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the sponsor, Lee Container Corporation, Inc. who have completed one year of service and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees become eligible to participate in the Plan on the first day of the month following completion of a year of service, provided that they have attained age 21. For purposes of determining eligibility, the Plan specifically excludes employees covered under a collective bargaining agreement and leased employees.

Contributions

Each year, participants may contribute up to 100% of their annual compensation, as defined by the Plan, subject to annual dollar limitations which is set by law. The Plan allows participant elective deferral contributions to be made as Roth Contributions. The Plan Sponsor will contribute a safe harbor matching contribution on behalf of each participant equal to 100% of the participant's contributions that do not exceed 6% of the participant's compensation. The Company may make additional qualified non-elective contributions at its sole discretion.

Participant Accounts

Each participant's account is credited with the participant's contribution and the employer's matching contribution and allocations of Plan earnings and any discretionary contributions made by the employers. Each participant's account may also be charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employees are vested 100 percent in their contributions, subsequent investment growth and in the Company's safe harbor matching contributions. Employer discretionary matching contributions are subject to the following vesting schedule:

Years of Service at Termination	Percentage of Account Balance Vested
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six or more	100%

In addition, the Plan provides for immediate vesting of the Participant's account in the event of death, disability or attainment of normal retirement age.

Benefit Payments

Upon termination of employment, death, disability or retirement, a Participant becomes eligible to receive the vested portion of his account balance in accordance with the provisions of the Plan. In addition, participants may receive a distribution while still employed in the event of a hardship, as defined in the Plan.

Forfeitures

Forfeitures arise when participants terminate employment before becoming entitled to receive their full Plan benefits. Forfeitures will be used to reduce Company contributions to the Plan or to pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Plan in preparing the financial statements.

General

John Hancock Retirement Plan Services, as custodian, and Robert Varnedoe, as trustee, have responsibility for administration of the Plan's Trust Fund and management of the assets of the Trust Fund.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contributions Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contract and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management early adopted ASU 2015-12.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Forfeited Accounts

The Plan provides that forfeitures can be used to reduce the Company's matching and discretionary contributions or to pay Plan expenses during Plan years, as needed, following the Plan year in which they occur. As of December 31, 2017 and 2016, forfeited non-vested accounts totaled $0. In 2017 and 2016, the Plan utilized $1,164 and $11,621, respectively.

Operating Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan the Plan Sponsor. The Plan Sponsor has historically paid a portion of the operating expenses for the Plan.

Subsequent Events

Subsequent events have been evaluated through September 20, 2018, the date the audit report and financial statements were available to be issued.

3. INVESTMENTS

The Custodian holds the Plan's investments and executes all investment transactions. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment and insurance companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures* provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Fair Value Measurements at December, 31 2017			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Self-directed investment account:				
Pooled separate accounts	$ -	$ 9,228,285	$ -	$ 9,228,285
Total	$ -	$ 9,228,285	$ -	$ 9,228,285

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Fair Value Measurements at December, 31 2016			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Self-directed investment account:				
Pooled separate accounts	$ -	$ 8,001,181	$ -	$ 8,001,181
Total	$ -	$ 8,001,181	$ -	$ 8,001,181

5. INCOME TAX STATUS

The Plan obtained its latest determination letter dated March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2014.

6. PLAN TERMINATION

Lee Container Corporation, Inc. expects the Plan to be continued indefinitely; however, Lee Container Corporation, Inc. has the right to terminate the Plan at any time. Upon termination, participants would become fully vested.

7. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Retirement Services, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules:
