ACME SMOKED FISH CORP. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. General Description of the Plan

The following description of the Acme Smoked Fish Corp. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Acme Smoked Fish Corp., its subsidiaries, Acme Smoked Fish of Florida LLC and RC Creations, LLC; and its affiliate, 190 Gem LLC; all of which are collectively referred to as the "Employer." An eligible employee is one who has completed one year of service (minimum of 1,000 hours) as defined in the Plan and is age twenty-one or older. The Plan was established and implemented in November 1982 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Employees may elect to defer up to 100% of their covered compensation subject to certain limitations. Additionally, participants who have reached the age of 50 are permitted to make additional catch-up contributions in amounts pursuant to the Internal Revenue Code (IRC). The Plan permits Roth elective deferrals.

The Employer may make discretionary matching contributions and/or discretionary profit sharing contributions. For 2017, the Employer made matching contributions of $-0- and profit sharing contributions of $69,501. The Employer will make safe harbor contributions to the Plan in an amount not less than 3% of participant's compensation. For 2017, the Employer made safe harbor contributions of $341,915.

Participants may make rollover contributions, in cash, from an eligible retirement plan, as defined in the Plan.

Participant accounts - Each participant's funds are kept in their own separate pre-tax, Roth and Employer accounts. Each participant's account is credited with the participant's contribution. The Employer's matching and profit sharing contributions, if any, as well as the Employer's safe harbor contribution, are credited to the participant's respective accounts. Participants direct the investment of their accounts in one or more of the available funds. Net investment gain or loss in each fund is allocated to each participant's account in proportion to account balances, as defined.

Vesting - Participants are immediately vested in their elective deferral contribution, and safe harbor contribution accounts. Vesting in the Employer's matching and profit sharing contributions in the participants' accounts is based on years of continuous service. A participant will be fully vested in the Employer's matching and profit sharing contributions after six years of credited service or upon attainment of normal retirement age (65), as defined in the Plan document.

Forfeited accounts - When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated. There were no forfeitures during 2017.

Payment of benefits - On termination of service, participants may elect to receive either a lump-sum payment or installment payments of the value of their vested percentage in their accounts subject to Plan provisions. Participants with a vested account balance of less than $5,000 upon termination may receive a distribution of their account balance without their consent.

Termination of Plan - While the Employer has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time. In the event of complete discontinuance of Employer contributions or the termination of the Plan, each participant will become fully vested in all amounts credited to his or her individual participant accounts.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the highest outstanding loan balance the participant had during the previous twelve months) or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates as determined by the plan administrator. Notes must be fully repaid through payroll deductions within five years unless the loan is for the purchase of a primary residence, in which case the loan must be repaid within thirty years.

2. Summary of Significant Accounting Policies

Basis of accounting - The accompanying financial statements of the Plan have been prepared on an accrual basis and present the net assets available for benefits and changes in those net assets.

Investment valuation and income recognition - Investments in all funds, except for the Voya Fixed Account (Note 5), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. The Voya Fixed Account is a fully benefit-responsive investment contract, and was reported at contract value through March 15, 2017 when the Voya Fixed Account was liquidated (see Note 5). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Interest and dividends earned by the pooled separate accounts are included in the unit value and, accordingly, are included in net appreciation (depreciation) in fair value of investments which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 5, 2018, the date the financial statements were available to be issued.

3. Investments

The Plan had investment programs with Voya Retirement Insurance and Annuity Company ("Voya"), the trustee of the Plan, through March 15, 2017. The Plan has investment programs with Ascensus Trust Company ("Ascensus"), the trustee of the plan, from March 16, 2017 to December 31, 2017. These investment programs provide participants the ability to invest in various funds having different investment objectives.

The trustees have certified to the accuracy and completeness of investments as well as notes receivable from participants and related income as reported in the accompanying financial statements and supplemental schedule.

The following is a summary of the financial data certified by the trustees:

	December 31, 2017	December 31, 2016
Investments at fair value	$ 6,890,117	$ 5,011,750
Investment at contract value	-	317,775
Total investments	$ 6,890,117	$ 5,329,525
Notes receivable from participants	$ 158,091	$ 122,330
Net appreciation in fair value of investments	1,079,869	
Interest income on notes receivable from participants	7,241	

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurement," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are valued at the net asset value ("NAV") of shares held by the Plan at year end where NAV is publicly available.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly. Level 2 investments of the Plan consist of pooled separate accounts which are valued at net asset value (NAV) based on the fair value of the underlying investments held by the pooled separate account at year end. Unlike shares of registered investment companies, the NAV of pooled separate accounts is not publicly available.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

All investments of the Plan measured at fair value at December 31, 2017 are mutual funds and fall within Level 1 of the fair value hierarchy. All investments of the Plan measured at fair value at December 31, 2016 were pooled separate accounts and fall within Level 2 of the fair value hierarchy.

5. Investment Contract With Insurance Company

At December 31, 2016, the Plan had a fully benefit-responsive investment contract (the Voya Fixed Account) with Voya. The account was credited with earnings and charged for participant withdrawals and administrative expenses. The contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

As described in Note 2, because the Voya Fixed Account is fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Effective March 15, 2017, the Voya Fixed Account was liquidated at contract value upon transfer of assets to Ascensus.

6. Tax Status

The Internal Revenue Service has determined in its letter dated March 31, 2014, that the Plan as then designed was in compliance with the applicable sections of the IRC. The plan administrator believes that the Plan is designed and is being operated in compliance with the

applicable requirements of ERISA and the IRC and therefore fulfills the criteria for exemption from federal and state income tax. The Plan was amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2014.

7. Party-in-Interest Transactions

The Employer pays certain administrative expenses of the Plan. Certain services are rendered to the Plan by the Employer at no cost to the Plan. Effective March 16, 2017, Vanguard Fiduciary Trust Company ("Vanguard") became the recordkeeper of the Plan and Ascensus became the trustee and custodian of the Plan. At December 31, 2017, all of the Plan's investments are managed by affiliates of Vanguard. Prior to March 16, 2017, Voya was the trustee, custodian and recordkeeper of the Plan and certain of the Plan's investments were managed by affiliates of Voya. Additionally, recordkeeping fees for the Plan were paid to Vanguard from mutual fund companies whose investments are included in the Plan and were paid to Voya directly from mutual fund companies whose shares were held within the pooled separate accounts held by the Plan. Certain other costs incurred by the Plan in connection with administering the Plan are reported as administrative expenses on the statement of changes in net assets available for benefits.

8. Risks and Uncertainties

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
