(1) Description of plan

The following description of the Lancaster Colony Corporation 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Lancaster Colony Corporation ("Company") for the benefit of all non-union employees who have one month of service and have attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to have up to 25% of their pretax eligible compensation contributed to the Plan by the Company as a salary reduction contribution. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Effective July 1, 2016, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2%.

The Company matches a percentage of the participant contributions equal to 40% of the first 4% of eligible compensation that a participant contributes to the Plan. Beginning January 1, 2015, matching contributions were converted to cash contributions. Prior to January 1, 2015, matching contributions were made in the form of Company common stock. Participants may diversify all or a portion of their Company matching stock contributions. If a participant elects to diversify all or a portion of their Company matching stock contribution, they will not be able to transfer funds from other investment options back into the Lancaster Colony Common Stock fund. The Company also made discretionary true-up contributions in the amount of $27,012 and $48,414 during the years ended December 31, 2017 and 2016, respectively, which are included as employer contributions on the accompanying statements of changes in net assets available for benefits. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant investment account options - Participants may direct contributions to their accounts among a variety of mutual funds and a common/collective trust. The investment options currently include various stock, fixed income, stable value, and target date funds, and offer a range of risk and return characteristics.

Vesting - Participant's contributions plus actual earnings are 100% vested immediately. Vesting in the Company's contribution plus earnings thereon is based upon years of service and is subject to the following vesting schedule:

(1) Description of plan (continued)

Years of Service	Vested %
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service as defined in the Plan document, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment equal to a portion of the participant's vested interest in his or her account. Participants may also withdraw amounts under certain defined conditions.

Forfeited accounts - At December 31, 2017 and 2016, forfeited nonvested accounts totaled $16,461 and $25,592, respectively. These accounts will be used to reduce future employer contributions. Also, for the years ended December 31, 2017 and 2016, employer contributions were reduced by $27,369 and $7,572, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussions of fair value measurements.

(2) Summary of significant accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Transfer in – In August 2016, the Plan was amended to reflect the spin-off of the Sister Schubert's Homemade Rolls, Inc. (a wholly owned subsidiary of T. Marzetti Company) employees from the Charter HR Retirement Savings Plan into the Plan. As a result of the spin-off, on September 23, 2016 the account balances of all employees working for Sister Schubert's Homemade Rolls, Inc., which totaled $423,830, were transferred into the Plan.

(3) Nonparticipant-directed investments

(4) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank ("Schwab"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(5) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the individual security is traded.

Stable value common/collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

(5) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 53,700,682	$ -	$ -	$ 53,700,682
Common stock	10,938,951	-	-	10,938,951
Total assets in fair value hierarchy	64,639,633	-	-	64,639,633
Investments measured at NAV [(a)(b)]				4,416,888
Investments at fair value	$ 64,639,633	$ -	$ -	$ 69,056,521

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 44,628,125	$ -	$ -	$ 44,628,125
Common stock	13,869,408	-	-	13,869,408
Total assets in fair value hierarchy	58,497,533	-	-	58,497,533
Investments measured at NAV [(a)(b)]				4,810,742
Investments at fair value	$ 58,497,533	$ -	$ -	$ 63,308,275

(a) In accordance with Subtopic 820-10, the stable value common/collective trust fund that was measured at net asset value per share has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) The stable value common/collective trust fund listed above is redeemed on a daily basis and does not have any redemption restrictions. Additionally, there are no unfunded commitments.

(6) Related party and party-in-interest transactions

Schwab has been contracted to provide certain administrative services to the Plan. Schwab also receives revenue from various Plan investments. This revenue is used to offset certain amounts owed to Schwab for the administrative services it provides to the Plan. If the revenue received by Schwab exceeds the amount owed, Schwab remits the excess back to the Plan. Such amounts are included in investment income. If the revenue received by Schwab is less than the amount owed, the Plan or the Company will make a payment to Schwab for administrative expenses not covered by the revenue sharing. There were no excess administrative expenses paid by the Plan during the years ended December 31, 2017 and 2016.

Additionally, as described in Note 2, the Plan made direct payments to Schwab related to the administration of notes receivable from participants totaling $10,900 and $9,550 for the years ended December 31, 2017 and 2016, respectively. The Company pays directly any other fees related to the Plan's operations.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,	
	2017	2016
Net assets available for benefits per the financial statements	$ 70,589,625	$ 64,797,708
Excess contributions refundable	108,580	91,266
Net assets available for benefits per Schedule H of the Form 5500	$ 70,698,205	$ 64,888,974

(8) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of the net increase before Plan transfers per the financial statements to Schedule H of Form 5500:

	Years Ended December 31,	
	2017	2016
Net increase before Plan transfers per the financial statements	$ 5,791,917	$ 7,558,447
Excess contributions refundable - current year	108,580	91,266
Excess contributions refundable - prior year	(91,266)	(57,904)
Net increase before Plan transfers per Schedule H of the Form 5500	$ 5,809,231	$ 7,591,809

(9) Tax status

The Internal Revenue Service ("IRS") has determined that the volume submitter profit sharing plan with CODA is designed in accordance with applicable sections of the IRC and informed Thompson Reuters (Tax & Accounting) Services, Inc. of such in a letter dated March 31, 2014. The plan administrator has adopted the volume submitter profit sharing plan with CODA and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Excess contributions refundable

Contributions received from participants for the years ended December 31, 2017 and 2016 are net of payments of $108,580 and $91,266, respectively, made in 2018 and 2017 to certain participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2017 and 2016, $108,580 and $91,266, respectively, have been included in the Plan's statements of net assets available for benefits as excess participant contributions refundable.

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2017 and 2016, approximately 16% and 22% of the Plan's investments were invested in Lancaster Colony Stock Fund, respectively.

(12) Subsequent events

The Plan has evaluated subsequent events through October 5, 2018, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
