NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

The following description of the Matagrano, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan that was established in 1990 by Matagrano, Inc. (the "Company") to provide benefits to eligible employees as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code, as amended, and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration
The Company has appointed a Plan Administrator and Board of Trustees to manage the operation and administration of the Plan. The Company has contracted with American Trust & Savings Bank ("American Trust") to act as the custodian and third-party administrator to process and maintain the records of participant data.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Management fees charged to the Plan for investments in registered investment companies are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. There were no delinquent notes receivable from participants as of December 31, 2017 and 2016.

Benefit Payments
Benefit payments to participants are recorded when paid.

Investment Options
Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year by using the change forms offered by the custodian.

Plan Expenses
Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative expenses of the Plan are paid by the Company. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Income Taxes
The Plan has adopted a Volume Submitter form of a pre-approved Volume Submitter document. The volume submitter plan has received an opinion letter from the Internal Revenue Service ("IRS") as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provisions for income taxes has been recorded in the Plan's financial statements.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassification
Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation. This had no impact on the previously reported net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through October 8, 2018, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 2 – FAIR VALUE MEASUREMENT (Continued)

Following are descriptions of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies (mutual funds)
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts
Units held in collective investment trusts (CIT) are valued using the net asset value practical expedient (NAV practical expedient) of the CIT as reported by the CIT managers. The NAV practical expedient is based on fair value of the underlying assets owned by the CIT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CIT is calculated based on a compilation of primarily observable market information.

At December 31, 2017 and 2016, all collective investment trusts held by the Plan had a daily redemption frequency and redemption notice period and had no unfunded commitments and no redemption restrictions. Were the Plan to initiate a full redemption of the collective investment trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2 – FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

NOTE 3 – RELATED PARTY TRANSACTIONS

Certain Plan investments and notes receivable from participants and the related interest income are managed and held by American Trust. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax or Roth after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants are also allowed to make pre-tax rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The collectively bargained employees hired on or after January 1, 2016 are automatically enrolled in the Plan with the pre-tax compensation equal to 1% of their eligible compensation whence they met eligibility requirement.

Employer Contributions

As set forth in the Plan, the Company may make a safe harbor matching contribution equal to 100% of each participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of each participant's deferrals in excess of 3% but not in excess of 5% of the participant's compensation to qualified employees. The Company made matching contributions in the amount of $139,978 for the year ended December 31, 2017. The Company may also make discretionary nonelective employer contributions to qualified employees. The amount is determined by the Company in its sole discretion at year end. The Company made the discretionary nonelective employer contributions in the amount of $248,991 in 2018.

Eligibility

Employees of the Company are eligible to participate in the Plan after completing 60 days of service and attaining age 18.

NOTE 4 – PARTICIPATION AND BENEFITS (Continued)

Vesting

Participants are vested immediately in their contributions and safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary employer contributions portion of their accounts is based on years of continuous service. Participants vest in the Company's discretionary employer contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution and the employer's contributions, if any. Plan earnings are allocated based on participant account balances, as defined.

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via completing the change forms for investment options.

Forfeiture Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $0 and $651, respectively. These accounts will be used to reduce future employer contributions. During 2017, employer contributions were reduced by $651 from forfeited non-vested accounts.

Payment of Benefits

Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump-sum amount equal to the value of the participant's interest in their account or in the form of an annuity, if subject to lifetime required minimum distribution. The Plan allows for the automatic distribution of participant account balances that do not exceed $1,000.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

NOTE 4 – PARTICIPATION AND BENEFITS (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their vested account (excluding Roth) balance. The minimum loan amount that a participant may request is $1,000. Participant may have two notes receivable from participants currently outstanding from the Plan. Loan refinancing is not permitted by the Plan.

The notes are secured by the participant's balance. Such notes bear interest at the prime rate published in the Wall Street Journal plus 2% and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable at December 31, 2017 and 2016 carry interest rates ranging from 5.25 to 7.75%.

NOTE 5 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. According, American Trust, the custodian of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016;
- Net appreciation in fair value of investments, dividend and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2017.

NOTE 6 – UNCERTAIN TAX POSITIONS

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its board of directors and is subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.
