Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sterling Infosystems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2017

Note A – Description of Plan

The following description of the Sterling Infosystems, Inc. (“Company”) 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a profit sharing plan with a “cash or deferred arrangement” authorized under Section 401(k) of the Internal Revenue Code, covering employees of the Company who have six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of Code Sections 401(k). For 2017, the maximum deferral amount is \$18,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Each year, according to the Safe Harbor provisions, the Company makes a matching contribution based upon the percentage that the participant defers. The Company also has the option of making profit sharing contributions each year, equal to a discretionary amount. No profit sharing contributions were made for plan years ending December 31, 2017 and 2016. Contributions are subject to certain limitations.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their contributions and employer matching contributions. Vesting in the Company’s profit sharing contribution portion of their account is based upon years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at rates ranging from 4.25% to 4.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant’s vested interest in their account either as a lump sum amount or in annual installments. For termination of service due to other reasons, a

Forfeited Accounts. At December 31, 2017 and 2016 forfeited nonvested accounts totaled \$4,065 and \$5,229, respectively. These accounts will be used to pay for any administrative expenses and then to reduce any future employer contributions.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note C – Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2017, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

Notes to Financial Statements

Note D – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
---------	---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Interest-bearing cash and Mutual Funds: Valued at quoted market prices in active markets. (Level 1 inputs)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note D – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016:

<u>December 31, 2017</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest-bearing cash	\$ 406,570	\$ -	\$ -	\$ 406,570

Total	<u>\$ 19,209,077</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$19,209,077</u>

Note E – Related Party Transactions

Certain Plan investments are shares of mutual funds and money market accounts managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Similarly, participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$9,575 for the year ended December 31, 2017.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer's profit sharing contribution portion of their account.

Note G – Tax Status

The Internal Revenue Service has determined and informed Fidelity Management & Research Co. in a letter dated March 31, 2008, that their prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and is exempt from federal income tax. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note I – Plan Amendment

Effective January 1, 2016, the plan's automatic enrollment provision was amended to increase the initial pre-tax deferral contribution rate from 3% to 4%.

Sterling Infosystems, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2017

Note I – ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2017 and 2016, the Plan's sponsor maintained bond coverage in the amount of \$1,000,000.

Note J – Plan Amendment

Effective January 1, 2017, the plan sponsor merged the plan with an existing plan sponsored by TalentWise Inc. As a result of this merger, net plan assets of \$9,698,866 were transferred to Sterling Infosystems, Inc. 401(k) Profit Sharing Plan on January 3, 2017.

Note K – Subsequent Events

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were available to be issued. No events have occurred that would require adjustment to, or disclosure in, the financial statements of the Plan.

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note C – Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2017, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

Note D – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
---------	---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Interest-bearing cash and Mutual Funds: Valued at quoted market prices in active markets. (Level 1 inputs)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016:

<u>December 31, 2017</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note E – Related Party Transactions

Certain Plan investments are shares of mutual funds and money market accounts managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Similarly, participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$9,575 for the year ended December 31, 2017.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer's profit sharing contribution portion of their account.

Note G – Tax Status

The Internal Revenue Service has determined and informed Fidelity Management & Research Co. in a letter dated March 31, 2008, that their prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and is exempt from federal income tax. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note I – Plan Amendment

Effective January 1, 2016, the plan's automatic enrollment provision was amended to increase the initial pre-tax deferral contribution rate from 3% to 4%.

Note I – ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2017 and 2016, the Plan's sponsor maintained bond coverage in the amount of \$1,000,000.

Note J – Plan Amendment

Effective January 1, 2017, the plan sponsor merged the plan with an existing plan sponsored by TalentWise Inc. As a result of this merger, net plan assets of \$9,698,866 were transferred to Sterling Infosystems, Inc. 401(k) Profit Sharing Plan on January 3, 2017.

Note K – Subsequent Events

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were available to be issued. No events have occurred that would require adjustment to, or disclosure in, the financial statements of the Plan.
