General

The Plan is a defined contribution plan that was adopted effective January 1, 1987 by Daiohs U.S.A., Inc. ("Company") for the benefit of the Company's employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Administrative Committee oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Administrative Committee.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan limited to the maximum amount allowed by law for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund and various mutual funds. The Company matches 30% of participant's contribution up to 10% of participant's eligible compensation. The Company may also make a discretionary profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations of the Company contributions are based on participant contributions or eligible employee compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. The notes are secured by the vested balance in the participants' accounts and bear interest at rates commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms are limited to a maximum of 5 years or longer for the purchase of a primary residence.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants may elect to receive the vested interest of their accounts in the form of a single sum of cash payment, or a direct rollover to an individual retirement account or another employer plan. Hardship withdrawals are also available.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $204,620 and $186,655 respectively. These accounts will be used to restore forfeitures of rehired employees, reduce employer contributions, and to pay plan expenses. Also, in 2017, plan expenses were reduced by $30,595 from forfeited nonvested accounts.

Plan Administration

The Plan is administered by the Company. PlanMember Services Corporation ("PlanMember") is the contract administrator.

Ascensus Trust Company is the trustee and Ascensus, Inc., the trustee's parent, is the record keeper.

1. Description of Plan (Continued)

Eligibility

The Plan covers substantially all full-time employees of the Company who have completed one consecutive month of service and are 21 years of age or older. Employees may enter the Plan on the first day of the month coinciding with or following their meeting the eligibility requirements. Employees who decide to stop making deferrals to the Plan may choose to begin deferring again as of the first day of each calendar quarter.

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through August 27, 2018, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016 no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants totaling $684 and $24,923 for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as accounts payable, with a corresponding reduction to 2017 and 2016 contributions. The Plan distributed the 2017 and 2016 excess contributions prior to March 15, 2018, and March 15, 2017.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements (see Note 4). Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the Plan year, or at the time of purchase during the Plan year, and the related fair value on the day investment are sold with respect to realized appreciation (depreciation), or on the last day of the year with respect to unrealized appreciation (depreciation).

2. Summary of Significant Accounting Policies (Continued)

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

New Accounting Pronouncements

During the year ended December 31, 2016, the Plan retrospectively adopted a new accounting standard that eliminated certain disclosure requirements, including: (i) net appreciation/depreciation of plan assets disaggregated by class of investment; (ii) identification of individual investments that represent 5% or more of the net assets available for benefits; (iii) certain disclosures regarding fully benefit-responsive investment contracts; and (iv) significant investment strategies for investments for which fair value is estimated using the net asset value per share provided by the fund manager as a practical expedient, such as the Plan's investments in collective trust funds. The new standard also specified that plan assets measured at fair value may be disaggregated by general type (including assets in self-directed brokerage accounts) and eliminated the requirement for disaggregation by nature and risk of investment (see Note 3, *Fair Value Measurements*). In addition, the new standard simplified the presentation of direct investments in fully benefit-responsive investment contracts by eliminating the requirement to disclose the fair value of such contracts with a corresponding adjustment from fair value to contract value in the Statements of Net Assets Available for Benefits. Investments in these contracts are now presented solely at contract value. The reporting requirements for indirect investments in fully benefit-responsive investment contracts (investments in collective trust funds that own fully benefit-responsive investment contracts) were eliminated.

During the year ended December 31, 2016, the Plan also retrospectively adopted a new accounting standard that eliminated the requirement to categorize within the fair value hierarchy investments for which fair value is estimated using the net asset value per share provided by the fund manager as a practical expedient, such as the Plan's investments in collective trust funds. These investments are now shown as a reconciling item between the amount in the fair value hierarchy table and the total of the Plan's investments recognized at fair value in the Statements of Net Assets Available for Benefits (see Note 3, *Fair Value Measurements*).

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

Cash equivalents are priced at par based on publicly traded prices.

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The fair value of the investment with the insurance company is based on the cash surrender value.

3. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value:

		Fair Value Measurements at the End of the Reporting Period Using:	
As of December 31, 2017	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**
Cash Equivalents	**$ 574,223**	**$ 574,223**	
Mutual Funds	**16,379,433**	**16,379,433**	
Insurance Contract	**4,412**		**$ 4,412**
Total investment assets at fair value	**$ 16,958,068**	**$ 16,953,656**	**$ 4,412**

As of December 31, 2016	**Fair Value**	**(Level 1)**	**(Level 2)**
Cash Equivalents	$ 535,673	$ 535,673	
Mutual Funds	13,091,980	13,091,980	
Insurance Contract	4,242		$ 4,242
Total investment assets at fair value	$ 13,631,895	$ 13,627,653	$ 4,242

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2017 and 2016, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2017, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

4. Related Party Transactions

Certain Plan investments are portfolios that are professionally managed by PlanMember who is the contract administrator as defined by the Plan and, therefore, these transactions qualify as a party-in-interest transaction. Administrative fees paid by the Plan to PlanMember amounted to $29,265 for the year ended December 31, 2017. Indirect compensation to PlanMember is reflected as a reduction of investment return for applicable investments.

4. Related Party Transactions (Continued)

Additionally, the Company provides to the Plan certain accounting and administrative services for which no fees are charged. As the Company is the Plan sponsor, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

As of December 31,	**2017**	2016
Net assets available for benefits per the financial statements	**$ 17,368,163**	$ 13,914,937
Add: Excess contributions	**684**	24,923
Add: Difference in value of insurance contract	**769**	740
Net assets available for benefits per Form 5500	**$ 17,369,616**	$ 13,940,600

The following is a reconciliation of increase in net assets per the financial statements to increase in net assets per Form 5500:

Year ended December 31,	**2017**
Increase in net assets per the financial statements	**$ 3,453,226**
Add: 2017 Excess contributions	**684**
Deduct: 2016 Excess contributions	**(24,923)**
Add: Difference in earnings of insurance contract	**29**
Increase in net assets available for benefits per Form 5500	**$ 3,429,016**

For the years ended December 31, 2017 and 2016, excess contributions to be refunded were not reflected on Form 5500 and investments with National Western Life Insurance Company were stated at fair value on the financial statements, and at contract value on Form 5500.

6. Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued)

Certain balances included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been reclassified for purposes of presentation in the financial statements.

7. Tax Status

The Plan currently operates under a Prototype Non-standardized Profit Sharing Plan with Cash or Deferred Arrangement offered by PlanMember, which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2017 and 2016, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of investments and notes receivable from participants.

9. Trustee's Certification

With the exception of the investment with National Western Life Insurance Company, the investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedule are derived from statements which have been certified by Ascensus, Inc. as agent for Ascensus Trust Company as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

10. IRS Self Correction Program

Due to an administrative oversight, 13 employees were not allowed to participate in the Plan despite meeting the eligibility requirements of the Plan. The employees were excluded from participating in the Plan from October 1, 2017 until July 1, 2018. Upon discovering the oversight, the Company took steps to restore the lost contributions under the IRS Self-Correction Program ("SCP").

The Company estimates that a deposit of approximately $16,000 to the affected employees will be needed in order to restore the lost contributions.

The financial statements do not reflect the lost contributions of approximately $5,000 for the period October 1, 2017 to December 31, 2017.
