NOTE 1 – DESCRIPTION OF THE PLAN

The following is a description of the Xencom Facility Management, LLC 401(k) Plan (the "Plan"). The Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Xencom Facility Management, LLC (the "Company") who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The company absorbs the significant costs of the Plan. Management has evaluated events through October 3, 2018, the date the report was available to be issued.

Plan Year
The plan year begins January 1 and ends December 31.

Contributions
Each year, participants may make elective contributions of either pretax or post-tax compensation subject to the provisions of Internal Revenue Code Section 401(k) and the provisions of the Plan. Participants may also make rollover contributions from other qualified defined benefit or contribution plans. The Plan allows the company to make matching contributions in the amount determined by the Company at its discretion. In 2017 and 2016, the Company matched 100% of the participant contributions up to a maximum of 3% of participant compensation and 50% of the 4th and 5th percent. Total matching contributions are maximized at 4% of participant compensation. The Company may make additional discretionary contributions. No such contributions were made during 2017.

Participant Accounts
Each participant's account is credited with the participant's contribution and rollover amounts, if any, and allocations of Plan earnings and the Company contribution, and charged a fee related to individual transactions such as loans and withdrawals. Allocations are based on participant earnings or account balances, as defined. The Plan permits each participant to direct the investment of their account balance under the Plan in the investment funds provided by the Plan.

Vesting
Participants are immediately vested in their contributions in addition to actual earnings thereon. Participants are also 100% vested in employer matching contributions.

Administrative Fees
The company absorbs certain administrative fees of the Plan.

Payment of Benefits
The benefits to which participants are entitled are the vested portions of their accounts. When termination payments are made, a participant's vested account balance will be paid in a lump-sum distribution.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Notes Receivable
Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear reasonable rates of interest. Principal and interest are paid ratably through payroll deductions. Loans are stated at their amortized balances.

Investment Options
The Plan allows participants to direct their accounts on a daily basis. The Plan's investments are held by a trust fund. The custodian, Wells Fargo Bank, NA, maintains investment funds and participant loans receivable for the benefit of the participants. The investment funds include a money market fund and investments in registered investment companies, which invest in various combinations of debt and equity securities (Note 3).

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting. Interest and dividends are recorded on the date paid to the Plan's investment account.

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in registered investment companies are stated at fair value as certified by Wells Fargo Bank, NA, the Plan's custodian. Purchases and sales of securities are recorded on a trade date basis. Participant notes receivable are stated at their amortized balances.

NOTE 3 – INVESTMENTS

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of valuations based on quoted prices in markets that are not active or for which all significant inputs are observables, either directly or indirectly and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used by the Plan for the years ended December 31, 2017 and 2016.

Gains and losses (realized and unrealized) are included in changes in net assets available for benefits.

The Plan's investments are held in a trust fund. The following table presents investments at December 31:

NOTE 1 – DESCRIPTION OF THE PLAN

The following is a description of the Xencom Facility Management, LLC 401(k) Plan (the "Plan"). The Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Xencom Facility Management, LLC (the "Company") who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The company absorbs the significant costs of the Plan. Management has evaluated events through October 3, 2018, the date the report was available to be issued.

Plan Year
The plan year begins January 1 and ends December 31.

Contributions
Each year, participants may make elective contributions of either pretax or post-tax compensation subject to the provisions of Internal Revenue Code Section 401(k) and the provisions of the Plan. Participants may also make rollover contributions from other qualified defined benefit or contribution plans. The Plan allows the company to make matching contributions in the amount determined by the Company at its discretion. In 2017 and 2016, the Company matched 100% of the participant contributions up to a maximum of 3% of participant compensation and 50% of the 4th and 5th percent. Total matching contributions are maximized at 4% of participant compensation. The Company may make additional discretionary contributions. No such contributions were made during 2017.

Participant Accounts
Each participant's account is credited with the participant's contribution and rollover amounts, if any, and allocations of Plan earnings and the Company contribution, and charged a fee related to individual transactions such as loans and withdrawals. Allocations are based on participant earnings or account balances, as defined. The Plan permits each participant to direct the investment of their account balance under the Plan in the investment funds provided by the Plan.

Vesting
Participants are immediately vested in their contributions in addition to actual earnings thereon. Participants are also 100% vested in employer matching contributions.

Administrative Fees
The company absorbs certain administrative fees of the Plan.

Payment of Benefits
The benefits to which participants are entitled are the vested portions of their accounts. When termination payments are made, a participant's vested account balance will be paid in a lump-sum distribution.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Notes Receivable
Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear reasonable rates of interest. Principal and interest are paid ratably through payroll deductions. Loans are stated at their amortized balances.

Investment Options
The Plan allows participants to direct their accounts on a daily basis. The Plan's investments are held by a trust fund. The custodian, Wells Fargo Bank, NA, maintains investment funds and participant loans receivable for the benefit of the participants. The investment funds include a money market fund and investments in registered investment companies, which invest in various combinations of debt and equity securities (Note 3).

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting. Interest and dividends are recorded on the date paid to the Plan's investment account.

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in registered investment companies are stated at fair value as certified by Wells Fargo Bank, NA, the Plan's custodian. Purchases and sales of securities are recorded on a trade date basis. Participant notes receivable are stated at their amortized balances.

NOTE 3 – INVESTMENTS

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of valuations based on quoted prices in markets that are not active or for which all significant inputs are observables, either directly or indirectly and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used by the Plan for the years ended December 31, 2017 and 2016.

Gains and losses (realized and unrealized) are included in changes in net assets available for benefits.

The Plan's investments are held in a trust fund. The following table presents investments at December 31:

Valuation		2017	2016
Mutual Funds	Level 1 inputs	$ 790,463	$ 669,837
Collective Trust Funds	Level 2 inputs	1,132,287	1,069,688
Total Investments		$ 1,922,750	$ 1,739,525

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian:

Total	2017	2016
Investments, at fair value	$ 1,922,750	$ 1,739,525
Notes receivable from participants	39,947	35,911
Total investment income	124,687	**

** The 2016 investment income and interest is not included in the accompanying financial statements.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined per a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. While the Plan has been subsequently amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan files information returns as required by the U.S. government. The Plan's returns are open for examination by government authorities for the previous three years.

NOTE 8 – PARTIES IN INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company, trustee, custodian and third party administrator qualify as party-in-interest transaction.

The Plan invests in certain funds managed by the plan trustee which qualify as party-in-interest transactions.

NOTE 1 – DESCRIPTION OF THE PLAN

The following is a description of the Xencom Facility Management, LLC 401(k) Plan (the "Plan"). The Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Xencom Facility Management, LLC (the "Company") who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The company absorbs the significant costs of the Plan. Management has evaluated events through October 3, 2018, the date the report was available to be issued.

Plan Year
The plan year begins January 1 and ends December 31.

Contributions
Each year, participants may make elective contributions of either pretax or post-tax compensation subject to the provisions of Internal Revenue Code Section 401(k) and the provisions of the Plan. Participants may also make rollover contributions from other qualified defined benefit or contribution plans. The Plan allows the company to make matching contributions in the amount determined by the Company at its discretion. In 2017 and 2016, the Company matched 100% of the participant contributions up to a maximum of 3% of participant compensation and 50% of the 4th and 5th percent. Total matching contributions are maximized at 4% of participant compensation. The Company may make additional discretionary contributions. No such contributions were made during 2017.

Participant Accounts
Each participant's account is credited with the participant's contribution and rollover amounts, if any, and allocations of Plan earnings and the Company contribution, and charged a fee related to individual transactions such as loans and withdrawals. Allocations are based on participant earnings or account balances, as defined. The Plan permits each participant to direct the investment of their account balance under the Plan in the investment funds provided by the Plan.

Vesting
Participants are immediately vested in their contributions in addition to actual earnings thereon. Participants are also 100% vested in employer matching contributions.

Administrative Fees
The company absorbs certain administrative fees of the Plan.

Payment of Benefits
The benefits to which participants are entitled are the vested portions of their accounts. When termination payments are made, a participant's vested account balance will be paid in a lump-sum distribution.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Notes Receivable
Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear reasonable rates of interest. Principal and interest are paid ratably through payroll deductions. Loans are stated at their amortized balances.

Investment Options
The Plan allows participants to direct their accounts on a daily basis. The Plan's investments are held by a trust fund. The custodian, Wells Fargo Bank, NA, maintains investment funds and participant loans receivable for the benefit of the participants. The investment funds include a money market fund and investments in registered investment companies, which invest in various combinations of debt and equity securities (Note 3).

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting. Interest and dividends are recorded on the date paid to the Plan's investment account.

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in registered investment companies are stated at fair value as certified by Wells Fargo Bank, NA, the Plan's custodian. Purchases and sales of securities are recorded on a trade date basis. Participant notes receivable are stated at their amortized balances.

NOTE 3 – INVESTMENTS

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of valuations based on quoted prices in markets that are not active or for which all significant inputs are observables, either directly or indirectly and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used by the Plan for the years ended December 31, 2017 and 2016.

Gains and losses (realized and unrealized) are included in changes in net assets available for benefits.

The Plan's investments are held in a trust fund. The following table presents investments at December 31:

Valuation		2017	2016
Mutual Funds	Level 1 inputs	$ 790,463	$ 669,837

** The 2016 investment income and interest is not included in the accompanying financial statements.

Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined per a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.
