NOTE A - DESCRIPTION OF THE PLAN

The following description of the Redwood Logistics, LLC Profit Sharing 401(k) Plan and Trust (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

On December 22, 2017, the Plan Sponsor entered into a Membership Interests Purchase Agreement (the "Purchase Agreement") for which all the membership interests of the Plan Sponsor were sold to a third party ("Purchaser"), in exchange for cash considerations, assumption of certain liabilities, and certain rollover membership interests in the Purchaser's parent company, as defined in the agreement. Interested parties should refer to the agreement for a complete description of the provisions. There were no changes to Plan operations as a result of the Purchase Agreement.

1. General

   The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Redwood Logistics, LLC and Subsidiaries (the Company). Employees are eligible to participate by making pre-tax contributions upon completion of three months of service from their respective employment commencement date and attaining age 21. Effective March 1, 2017, the Plan allows for post-tax (Roth) contributions and the eligibility service requirement was reduced to one month of service (see Note J). Additionally, participants are eligible for a discretionary matching contribution if they are employed on the last day of the plan year. Furthermore, participants are eligible for discretionary Company profit sharing contributions if they have completed 12 consecutive months of service, are employed on the last day of the plan year, have 1,000 hours of service during the plan year, and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants and discretionary matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company accrued discretionary matching contributions totaling $139,413 to the Plan for the year ended December 31, 2017. No discretionary profit sharing contributions were made or accrued for 2017.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated as of the last day of the Plan year and is based on a percentage of the participant's contribution for all eligible participants employed on the last day of the Plan year. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants employed on the last day of the Plan year. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or the greater of 50% of their vested account balance. The loans are collateralized by the borrowers' respective vested account balances and bear interest ranging from 3.75% to 5.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $3,411 for the year ended December 31, 2017.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in value of investments.

9. Forfeitures

At December 31, 2017 and 2016, unallocated plan assets resulting from forfeited nonvested accounts totaled $15,578 and $6,133, respectively. These accounts will be used to reduce future discretionary Company contributions or pay the Plan's administrative expenses. Forfeitures of $15,136 were used to reduce discretionary Company contributions during 2017. Subsequent to year-end, forfeitures of $15,598 were used to reduce discretionary Company contributions related to the Plan year ended December 31, 2017. The employer contribution receivable balance at December 31, 2017 is stated net of forfeitures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at net asset value (NAV) per unit as determined by the insurance company or contract administrator. Such NAV is based on the value of the underlying assets and liabilities of the account. Participants may transfer in and out of such trusts on a daily basis without any prohibitive restrictions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Participant-directed brokerage accounts: Accounts primarily consist of common stocks and insured deposits that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Participant-directed brokerage accounts	$ 54,225	$ -	$ -	$ 54,225
Total assets in the fair value hierarchy	$ 54,225	$ -	$ -	54,225
Investments measured at NAV*				$ 4,754,594
Investments, at fair value				$ 4,808,819

	Plan Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 3,365,742
Investments, at fair value				$ 3,365,742

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant or Plan redemption restrictions for these investments.

	December 31, 2017			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 4,754,594	$ -	Immediate	None

	December 31, 2016			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 3,365,742	$ -	Immediate	None

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY (U.S.A.) AND MINNESOTA LIFE INSURANCE COMPANY

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by John Hancock Life Insurance Company (U.S.A.), the former custodian, and Minnesota Life Insurance Company, the current custodian, and furnished to the Plan Administrator (see Note J). The Plan Administrator has obtained certifications from the former and current custodians that information provided to the Plan Administrator by the former and current custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

NOTE C - INFORMATION CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY (U.S.A.) AND MINNESOTA LIFE INSURANCE COMPANY (Continued)

	2017	2016
Investments, at fair value		
Pooled separate accounts	$ 4,754,594	$ 3,365,742
Participant-directed brokerage accounts	54,225	-
Investment, at contract value		
Guaranteed investment contract	27,705	-
Notes receivable from participants	75,946	62,639
	$ 4,912,470	$ 3,428,381

The former and current custodians also certified the completeness and accuracy of $649,241 of net appreciation in fair value of investments and $3,411 of interest and dividends income related to the aforementioned assets for the year ended December 31, 2017.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive guaranteed investment contract with Minnesota Life Insurance Company through the Minnesota Life Insurance Company's Guaranteed Return Account which is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Minnesota Life Insurance Company maintains the contributions in its Guaranteed Return Account. Minnesota Life Insurance Company guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rating is updated annually based upon contract provisions, and it may not be less than 1.00%. Minnesota Life Insurance Company's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The contract does not provide for any conditions or circumstances under which distributions from the contract would be payable at amounts below contract value. Upon discontinuance of the contract, contract value would be paid out as soon as administratively feasible from the date the sponsor provides notice to discontinue. Only one transfer is allowed into or out of the Minnesota Life Insurance Company's Guaranteed Return Account during a three-month period. Certain transfer restrictions apply to transfers out of the account.

NOTE E - INCOME TAX STATUS

The Plan adopted a volume submitter plan sponsored by Qualified Retirement Plans, Inc. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

Effective March 1, 2017, the Plan has adopted nonstandardized form of a volume submitter sponsored by Minnesota Life Insurance Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by John Hancock Life Insurance Company (U.S.A.) through February 28, 2017 (see Note J). John Hancock Life Insurance Company (U.S.A.) was the custodian (see Note J), as defined by the Plan; therefore, these transactions qualified as party-in-interest transactions. Effective March 1, 2017, plan investments are managed by Minnesota Life Insurance Company (see Note J). Minnesota Life Insurance Company is the custodian, as defined by the Plan; therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE I - PROHIBITED TRANSACTIONS

The Plan Sponsor failed to deposit participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. The Plan Sponsor intends to correct these deficiencies pursuant to the DOL's Voluntary Fiduciary Correction (VFC) Program.

NOTE J - PLAN AMENDMENT AND RESTATEMENT

Effective March 1, 2017, the Plan adopted a volume submitter plan sponsored by Minnesota Life Insurance Company, and all plan assets were transferred to Minnesota Life Insurance Company, the new custodian. The Plan was amended and restated to allow post-tax (Roth) contributions and reduce the eligibility service requirement for employee contributions and Company matching contributions from three months to one month. There were no other significant changes to plan provisions as a result of the amendment and restatement. Interested parties should refer to the plan document for a complete description of the Plan's provisions.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 5, 2018, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than as described in Note A-9, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
