NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of the Wick's Truck Trailers, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Organization

The Plan is a defined contribution plan sponsored and administered by Wick's Truck Trailers, Inc. who is a member of a controlled group that also includes: Wick's Truck Trailer of Kansas City, Inc.; Western Trailer Leasing; and Wick's Sterling Trucks, Inc. ("Plan sponsor" or "the Company") for its employees. The Plan was started and became effective August 25, 1989. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

From January 1, 2016 through September 30, 2016, the Plan had designated Nationwide Trust Company, FSB, as trustee of the Plan assets. Beginning October 1, 2016, the Plan has designated TD Ameritrade Trust Company as trustee of the Plan assets. Under the terms of the trust agreements between the trustees and the Plan, the trustees invest funds of the Plan in investment pools at appropriate percentage guidelines as directed by the Plan participants.

The Plan Sponsor's Board of Trustees is responsible for oversight of the Plan. With respect to the Plan's core investment offerings, Wick's Truck Trailers, Inc. has engaged Wealth Management LLC (a federally-registered investment advisor) as an ERISA 3(38) investment manager.

Eligibility

Eligibility for participation in the Plan and the Plan Sponsor's matching and profit sharing contributions is based upon a minimum attained age of 18 years old and one year of service (defined as earning at least 1,000 hours of service).

Participant Contributions

Participants may make elective contributions to either a Pre-tax 401(k) salary deferral or a Roth 401(k) salary deferral of a percentage of their total eligible compensation, provided that the contribution does not exceed annual limitations set by the Internal Revenue Service.

Employer Contributions

The Plan must make 401(k) safe harbor matching employer contributions each payroll period to all eligible employees. The formula is 100% of the first 3% of the eligible participant's compensation to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan.

In addition, the employer may decide each contribution period whether to make a profit sharing contribution. In order to share in the allocation of the profit sharing contributions, a Participant is required to be employed on the last day of the Plan year or complete at least 500 hours of service in the applicable Plan year. For the year ended December 31, 2017, the Company did not make a profit sharing contribution.

WICK'S TRUCK TRAILERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

1. PLAN DESCRIPTION, CONTINUED

Participant Accounts

Each participant's account is credited with the participant's elective contributions and an allocation of the Company's contributions and Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Contributions are subject to certain limitations.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer matching or profit sharing contributions portion of their accounts plus earnings thereon is 100% fully-vested after three years of continuous service.

Payment of Benefits

The accounts of participants who leave the employment of the Plan sponsor are paid by the trustee in accordance with the various options defined in the Plan.

In-service Distributions

The Plan agreement states that participants may receive distributions while still employed by the sponsor. Participants eligible to receive this type of distribution must have a minimum attained age of 59 ½ years or qualify for the deemed severance distribution and distributions may generally be made from fully-vested accounts.

Hardship Distributions

The Plan agreement states that participants may withdraw money for financial hardship if the participant satisfies certain conditions that qualify as an immediate and heavy financial need.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$1,273 and \$0, respectively. The Plan agreement states that these accounts may be used to pay for administrative expenses or to reduce the employer matching contribution. For the year ended December 31, 2017, the Plan used \$71 of forfeitures to reduce employer matching.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

WICK'S TRUCK TRAILERS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosure. Accordingly, actual results may differ from those estimates.

Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2018, the date these financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under this policy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's assets at fair value as of December 31, 2017 and 2016 consist of the investment in mutual funds and are in accordance with Level 1 of the fair value hierarchy.

4. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustees for the time periods identified in Note 1.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, Wick's Truck Trailers, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include mutual funds managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
