401(K) PLAN

Notes to Financial Statements
December 31, 2017 (Audited) and 2016 (Compiled)

NOTE A – PLAN DESCRIPTION

The following brief description of United Mechanical, Inc., 401(k) Plan (“the Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of United Mechanical, Inc. and its affiliate Hollimyer Insulation, Inc. (“the Company”), who have completed at least one year of service and have reached the age of twenty-one years or older. Participation in the Plan may begin on the first day of the Plan year quarter coinciding with or following the date on which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan was amended effective January 1, 2016 to include auto enrollment at 6% with auto escalation at 1% a year up to 10%. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan, under the trustees/custodians, for the respective companies, offers several registered investments, pooled separate accounts and an investment contract as investment options for participants. The Plan provides for a discretionary employer matching contribution to be determined by the Company. The Company matched 50% of employee deferrals up to 6% of covered compensation for the years ending December 31, 2017 and 2016. The matching contribution is calculated and transferred each pay period. The match by the Company is credited to the participant’s account and invested as the participant has directed.

Participant Accounts

Participant accounts are credited with participant contributions, the Company’s matching contributions and Plan earnings, and charged with participant withdrawals and an allocation of investment expenses. Allocations are based on participant earnings, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual income thereon is based on years of continuous service. A participant is 100% vested after five years of credited service or upon retirement, reaching the normal or early retirement age, disability, or death regardless of years of service.

NOTE A – PLAN DESCRIPTION (continued)

Benefit Payments

Accounts with a vested balance of \$5,000 or less at termination, retirement or death are paid in a lump-sum amount equal to the value of the participant's vested interest in her or his account.

Forfeited Accounts

Employer contributions to the Plan are subject to a vesting schedule. If a participant leaves the Plan before becoming 100 percent vested, the non-vested employer contributions may be used to reduce administrative expenses. To the extent that they are not applied to reduce expenses, they may be used to reduce employer contributions. At December 31, 2017, the Plan had \$2,394 in forfeited non-vested accounts. Additionally, during the 2017 plan year \$814 of forfeitures were used to reduce employer contributions.

Notes Receivable from Participants

The Plan allows participants to borrow from their account balance subject to certain restrictions. A participant loan may not exceed 50% of her or his non-forfeitable account balance. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed \$50,000 (reduced by any outstanding loan balance, if any during the one-year period ending on the day before the new loan is made). Loans less than \$1,000 are not allowed.

A participant can only have one loan outstanding. All loans must be secured by the participant's balance in the Plan and be repayable on a regular schedule with reasonable interest rates. Payments of both principal and interest must be made at least quarterly. Any loan which is not for purchasing a primary residence must be repaid within five years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for benefit responsive or guaranteed investment contracts, which are valued at contract value. Quoted market prices are used to value mutual funds held in brokerage link accounts and pooled separate investments. Purchases and sales of investments are recorded on a trade-date basis.

401(K) PLAN

Notes to Financial Statements
December 31, 2017 (Audited) and 2016 (Compiled)

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions Receivable

Contributions receivable are comprised of amounts due from participants and the employer for participant deferrals and discretionary matching contributions due to timing differences. Based upon management's review of the amounts, all are considered fully collectible.

Plan Administration Costs

Fees related to investment management are paid by the Plan. Other ancillary costs associated with the Plan's administration are absorbed by the Company.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for any open tax periods.

Payment of Benefits

Benefits are recorded when paid.

They are included in the financial statements based on information certified by the trustees/custodians, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

UNITED MECHANICAL, INC.
401(K) PLAN

Notes to Financial Statements
December 31, 2017 (Audited) and 2016 (Compiled)

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Unit valuation based on a publicly quoted pricing input used to determine the net asset value.

Brokerage link account: Underlying investments consist of mutual funds which are valued at net asset value based on readily determinable fair market values.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used at December 31, 2017.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 4,609,269	\$ -	\$ 4,609,269
Total assets at fair value	\$ -	\$ 4,609,269	\$ -	\$ 4,609,269

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 2,867,989	\$ -	\$ 2,867,989
Brokerage link account	596,650	-	-	596,650
Total assets at fair value	\$ 596,650	\$ 2,867,989	\$ -	\$ 3,464,639

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive annuity investment contract with Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by PLIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described under the significant accounting policies, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The Fixed Income Guaranteed Option is a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the plan is the yield earned (i.e. interest credited) on the group annuity contract. As of December 31, 2017 and 2016, the yield earned, and net crediting interest rate was 1.06% and 1.15%, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2016 was \$293,636. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1% or greater than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

UNITED MECHANICAL, INC.
401(K) PLAN

Notes to Financial Statements
December 31, 2017 (Audited) and 2016 (Compiled)

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events limit the Plan's ability to transact at contract value with PLIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

During 2017 the contract was terminated when the plan changed investment custodians.

NOTE F – INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan's administrator and tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts managed by John Hancock Insurance Company for the year ended December 31, 2017. John Hancock Insurance Company is an affiliate of the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to \$76 for the year ended December 31, 2017.

During the 2017 and 2016 plan year certain Plan investments are pooled separate accounts and insurance contracts managed by Principal Life Insurance Company. Principal Life Insurance Company is an affiliate of the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and recordkeeping amount to \$22,175 and \$6,127 for the year ended December 31, 2017 and 2016, respectively.

UNITED MECHANICAL, INC.
401(K) PLAN

Notes to Financial Statements
December 31, 2017 (Audited) and 2016 (Compiled)

NOTE I – RISKS AND UNCERTAINTIES

The Plan utilizes pooled separate accounts that invest primarily in publicly traded mutual funds. Investment in these funds, in general, is exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J – FIDELITY BOND COVERAGE

In order to maintain compliance with “ERISA” rules regarding bond coverage the Plan is covered by a fidelity bond. The bond is current, and the amount of coverage is in excess of ten percent of the total assets of the Plan.

NOTE K – SUBSEQUENT EVENTS

Subsequent to year end the Plan Sponsor amended the Plan document. Effective October 1, 2018 the Plan will no longer have an auto enrollment and auto escalation feature.
