OVATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED DECEMBER 31, 2017

1. Description of Plan (continued):

Contributions:

The Plan provides that each participant may contribute up to a maximum of 25% of their pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various separate accounts maintained by Transamerica Retirement Services as investment options for participants. Participants may increase or decrease their contribution percentages at the first of any month. Participants may change their investment options and transfer funds between investments daily.

The Plan has a discretionary employer matching contribution that can be declared by the sponsor anytime during the plan year, or after the end of the plan year up to the due date of the sponsor's tax return. During 2017, the Company made discretionary matching contributions of 50% of the first 4% of participants' contributions.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (including net realized and unrealized investment gains and losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting policy:

Participants are always fully vested in their own contributions and the Company's safe-harbor contribution plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is 20% after 2 years of service, 60% after 3 years and increases 20% after each additional year of service. After five years of service, each participant is fully vested. Participants become fully vested upon death.

Notes receivable from participants:

Participants may borrow from their fund accounts with a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest. The interest rate ranged from 5.25% and 6.25% on all loans for the year ended December 31, 2017. Principal and interest is paid ratably through biweekly payroll deductions.

OVATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED DECEMBER 31, 2017

1. Description of Plan (continued):

Payment of benefits:

On termination of service due to death, disability, retirement or other, benefits will be paid in a lump sum amount equal to the value of the participant's vested interest in his or her account.

Investment options:

Upon enrollment in the Plan, a participant may direct employee contributions in the investment alternatives offered by the Plan. All funds in the Plan are participant directed.

Forfeited accounts:

At December 31, 2017 and 2016, forfeited nonvested amounts totaled \$996 and \$170, respectively. Forfeitures are used to reduce matching employer contributions or to pay plan expenditures. During the year ended December 31, 2017, \$1,758 of forfeited amounts were utilized to reduce employer contributions and \$2 was utilized to pay plan expenses.

Amendment:

In 2017 the Plan was amended with the following provisions:

- Allows forfeitures to be used to reduce all employer contributions, including Safe Harbor Contributions, Qualified Nonelective Employer Contributions and Qualified Matching Contributions
- Permits mid-year changes to Safe Harbor 401(k) plans as detailed in IRS Notice 2016-16
- Provides distribution and loan relief for victims of certain qualified Natural Disasters
- Revises the claims procedures for disability benefits
- Permits rollover distributions to a SIMPLE IRA

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

OVATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED DECEMBER 31, 2017

2. Summary of significant accounting policies (continued):

Adoption of accounting standards:

In May 2015, the FASB issued Accounting Standards Update ASU 2015-07, *Disclosures for Investments in certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize investments for which the fair values are measured using the net asset value per share practical expedient within the fair value hierarchy. It also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. This guidance was adopted retrospectively in 2017. The adoption impacted the disclosures of the Plan's pooled separate accounts.

In 2016, the Plan adopted the method of accounting and reporting to comply with ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Under the standard, fully benefit-responsive investment contracts are reported at contract value in arriving at net assets available for benefits. The adoption of this accounting standard has not materially impacted the statement of net assets available for benefits. The Plan's fully benefit responsive investment contract, as described in Note 5, is not a traditional guaranteed investment contract and does not rely on the contract for specific return guarantees or maturities. Therefore, the Plan's investment contract is considered fairly valued at contract value under accounting standards. The standard also removes some disclosures that had been previously required.

Use of estimates in preparation of financial statements:

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Pooled separate accounts are valued based on net asset value ("NAV"), which is used as a practical expedient to measure the fair value of those funds (not classified within the fair value hierarchy). The Board of Trustees determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

OVATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED DECEMBER 31, 2017

2. Summary of significant accounting policies (continued):

Excess contributions payable:

Amounts payable to participants totaling \$15,434 at December 31, 2017 and \$11,549 at December 31, 2016 for contributions in excess of amounts allowed by the IRS are recorded as a liability and a corresponding expense. The Plan distributed the 2017 excess contributions prior to March 15, 2018.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits:

Benefits are recorded when paid. There were no unprocessed participant distribution requests as of December 31, 2017 and 2016.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative and transaction expenses.

3. Summary of information certified by the custodian:

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian, Transamerica Financial Life Insurance Company:

	<u>2017</u>	<u>2016</u>
Investments:		
Pooled separate accounts, at fair value	\$ 2,869,893	\$ 2,189,483

	<u>\$ 3,295,403</u>	<u>\$ 2,624,804</u>
Notes receivable from participants	<u>\$ 143,097</u>	<u>\$ 151,824</u>

OVATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED DECEMBER 31, 2017

3. Summary of information certified by the custodian (continued):

	<u>2017</u>
Additions to net assets:	
Net appreciation in fair value of investments	\$ 377,376
Interest	5,666
Interest income on notes receivable from participants	7,994
	<u>\$ 391,036</u>

4. Fair value measurements:

The Plan's only major class of assets measured at fair value is pooled separate accounts. The Plan uses net asset value per unit of account ("NAV") as determined by Transamerica Financial Life Insurance Company to measure the fair value of its pooled separate accounts. The NAV of the pooled separate accounts are based on the market value of the underlying mutual funds or securities that are publicly available. The pooled separate accounts are not traded in the public exchange market and unit prices of the accounts are not publicly available. The NAV is used as the practical expedient to estimate fair value. There are no unfunded commitments and no participant-level restrictions on transfers out of any of the pooled separate accounts. Certain pooled separate accounts restrict participant-level transfers into the investment choice for a rolling 30-day period once a transfer out has been made.

A fair value hierarchy table is not included since all the Plan's investments are measured at fair value using the net asset value per unit practical expedient, which are not classified in the fair value hierarchy. Presented below are the fair values of investments measured at NAV as the practical expedient.

	Fair value measurements using NAV:	
	<u>12/31/17</u>	<u>12/31/16</u>
Pooled separate accounts	\$ 2,869,893	\$ 2,189,483

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2017 are reported in net appreciation in fair value of investments.

OVATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED DECEMBER 31, 2017

5. Stable value fund:

The Plan has a fully benefit-responsive investment contract with Transamerica Life Insurance Company ("TA") which consists of the Transamerica Stable Value Advantage Fund ("SVF"). Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by TA is the beginning balance plus any deposited and credited interest, less any withdrawals, charges, or expenses, a measurement that approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, although TA may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

The contract value of the SVF at December 31, 2017 and 2016 was \$425,510 and \$435,321, respectively. The SVF has no underlying assets. The assets are based on the general unallocated account of TA. The Plan's ability to receive amounts due is dependent on TA's ability to meet its financial obligations. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The credited interest rate was 1.30% during the year ended December 31, 2017.

6. Related party transactions:

Administrative expenses:

The Company paid plan administration fees totaling \$8,933 for the year ended December 31, 2017.

Currently, the Plan provides investments, investment management, and record keeping services through Transamerica Retirement Services, and administration and consulting services through Levenson Actuarial Services, parties in interest. Fees related to these services amounted to \$10,626 for the year ended December 31, 2017.

7. Tax status:

The Prototype Plan utilized by the Ovation Retirement Savings Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

7. Tax status (continued):

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Plan provides for 100% vesting of all participants' accounts.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes to the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
