INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Materials Transportation Company
401(k) Defined Contribution Plan

We have audited the accompanying financial statements of Materials Transportation Company 401(k) Defined Contribution Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Materials Transportation Company 401(k) Defined Contribution Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 15 through 19, Schedule of Delinquent Participant Contributions and the Schedule of Assets (Held at End of Year), together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MATERIALS TRANSPORTATION COMPANY 401(k) DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Materials Transportation Company (the Company) 401(k) Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed at least three months of service and have attained the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 100% of their compensation to the Plan. On a discretionary basis, the Company can contribute, on behalf of each participant, a qualified matching contribution of 25% of the participant's contribution, up to a maximum amount of 4% of the participant's compensation. Contributions are subject to certain limitations. Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan currently offers twenty-eight common trust funds. During 2017, the Company made contributions of $ 42,493 to the plan.

Participant Account

Each participant account is credited with the participant's contributions and allocations of (a) Company contributions, (b) Plan earnings, and (c) certain forfeitures of terminated participant's nonvested accounts. Allocations of earning are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Payment of Benefits

On termination of service, a participant receives a lump-sum amount equal to the value of his or her account. The Plan also includes a provision for in-service and hardship distributions.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions are 20% vested to the participant after the second full plan year of service, 20% for each additional year of service and fully vested after six years. A participant receives credit for a year of service if they complete at least 1,000 hours of service at any time during the twelve consecutive month computation period. Full vesting in employer contributions also occurs upon death, total disability or retirement at or after age 65.

Participant Loans

Participants may borrow from their fund accounts. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

Forfeitures

Forfeitures may first be used to offset plan expenses. Excess, if any, will be used to reduce employer contributions. Employer contributions paid with forfeitures totaled $ 11,446 and $ -0- during the years ended December 31, 2017 and 2016, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchase and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Administrative expenses other than trustee fees of the Plan were absorbed by the company sponsor of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other member requested services are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Participant Loans

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when these are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $ 4,810 and $ 13,748, respectively. These accounts will be used to reduce future employer non-elective contributions.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other that quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016, all of which are participant directed:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,512,270	$ -	$ -	$ 4,512,270
Total investments at fair value	$ 4,512,270	$ -	$ -	$ 4,512,270

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,928,432	$ -	$ -	$ 3,928,432
Total investments at fair value	$ 3,928,432	$ -	$ -	$ 3,928,432

During 2017, the Plan's investments (including gains and losses or investments bought and sold, as well as held during the year) increased in value by $ 583,838.

4. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was restated effective January 1, 2015 to comply with the Pension Protection Act of 2006. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

7. Party-In-Interest Transactions

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party-in-interest transactions.

The Plan holds investments in common trust funds of the trustee. Fees incurred by the Plan for investment management services by the trustee of the Plan were paid for by the Company for 2017.

8. Evaluation of Subsequent Events

Management has evaluated subsequent events through October 8, 2018, which is the date the financial statements were available to be issued.
