Employer contributions

The Company may make contributions to the Plan in the form of matching contributions as determined at its sole discretion. For the year ended December 31, 2017, the Company made matching contributions of 50% of each participant's elective deferrals. The Company did not match elective deferrals that exceeded 2% of each participant's eligible earnings.

Employees must complete one year of service and generally must be actively employed on the last day of the Plan year to be eligible to participate in matching contributions; however, employees who are not employed on the last day of the Plan year due to retirement, death or disability will be eligible for matching contributions.

Participant accounts

Each participant's account is credited with the allocation of the Company's contribution, the participant's contribution, and the Plan's earnings (losses). The Company's matching contribution is based on the participant's elective contribution. The earnings (losses) are allocated to the participant's account on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested when their employment terminates by reason of normal retirement, death or disability. Other than the aforementioned reasons, a participant is 100% vested in the employer contributions after five (5) years of credited service.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate. The interest rate is the prime rate as published in The Wall Street Journal on the 14th day of each month, plus one percentage point. Loan terms are generally five years or less, but may exceed five years if the purpose of the loan is to purchase a principal residence. A participant may have two loans outstanding at any given time. Principal and interest is paid ratably through monthly payroll deductions. Loans outstanding during 2017 bear interest at rates that range from 1% to 5.25%.

Investment options

Participants can direct the investment of their contribution and employer match.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If the participant's vested account balance ("VAB") does not exceed $5,000, then the VAB may only be distributed to the participant in a single lump-sum payment. If the VAB exceeds $1,000, the participant must consent to the distribution. If the VAB exceeds $5,000, the participant may elect to receive a distribution of the VAB in a single lump-sum payment, installments over a period of not more than the participant's assumed life expectancy or partial withdrawal.

Forfeited accounts

During 2017, forfeitures amounting to $3,986 were used to reduce fees and matching contributions. As of December 31, 2017, forfeitures amounting to $7,292 were available to reduce fees or any future matching contributions.

Administrative expenses

Investment advisory and management fees paid by the Plan amounted to $210 for the year ended December 31, 2017, and are included in other expenses on the statement of changes in net assets available for benefits. Audit expenses are absorbed by the Plan sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan and supplemental information are prepared using the modified cash basis of accounting. This basis differs from accounting principles generally accepted in the United States of America primarily because contributions are recognized when received rather than when earned, forfeitures are recognized when applied to reduce matching employer contributions rather than when forfeited and corrective distributions are recognized when paid instead of when the underlying obligation is incurred.

Use of estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities and changes therein, and the disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Payment of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

ASC Topic Fair Value Measurements and Disclosures, which defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the U.S., and expands disclosures about fair value measurements. Under this topic, the Plan must report its investments at fair value among three categories of price inputs available. These categories of inputs are unadjusted quoted prices in active markets for identical assets (Level 1); significant other observable inputs (Level 2); and significant unobservable inputs (Level 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded as received. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income taxes

The Plan's federal income tax and informational returns remain subject to examination by the Internal Revenue Service ("IRS") for a period of three years from the due date of filing. The Plan's tax returns for California remain subject to examination by state taxing authorities for a period of four years from the due date of filing. The Plan's tax returns are not currently under examination by the IRS.

Subsequent events

The Plan has evaluated events subsequent to December 31, 2017, to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through October 5, 2018, the date the financial statements were available to be issued. Based upon this evaluation, it was determined no subsequent events occurred that require recognition or additional disclosure in the financial statements.

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

In accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Reliance Trust has certified information regarding the cost and fair value of all investment and notes receivable from participant assets held at December 31, 2017 and 2016, and investment and notes receivable from participants transactions entered into during 2017. This information was used in the preparation of the accompanying financial statements and supplemental schedule.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan obtained its latest determination letter on January 1, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter and the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

7. PARTY-IN-INTEREST

Notes receivable from participants and the related interest income are considered party-in-interest transactions.

Investment advisory and management fees amounting to $210 paid to Reliance Trust and/or its affiliate are considered party-in-interest transactions since Reliance Trust is the trustee of the Plan.

The Reliance Trust held all Plan's investments and JP Morgan managed certain Plan investments totalling $4,445,926.

The records of the Plan indicate no party-in-interest transactions, which are prohibited by ERISA and for which no statutory or administrative exemption exists.

8. SELF-CORRECTION PROGRAM

In 2017, the Plan was delinquent in depositing participants' contributions amounting to $4,101. Plan's management corrected the operational failures and remitted substantially all lost earnings in 2017 to ensure participant accounts are made whole, except for $955 which were remitted to the Plan in 2018.

9. RECONCILING THE FINANCIAL STATEMENTS WITH FORM 5500

The information reflected in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits is consistent with the information reflected in Form 5500.
