NOTE 1 – PLAN DESCRIPTION

General: The Plan, established effective August 1, 1966, as a profit-sharing plan and amended August 1, 1988 to include the 401(k) provision, is a defined contribution plan covering all full-time employees of FESCO, Ltd., (the "Partnership") who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants may contribute up to $18,000 ($24,000 for employees age 50 or over) of annual compensation as an elective deferral. Participants may elect to have elective deferrals before tax or as a Roth elective deferral (after-tax).

The Partnership may make discretionary matching contributions for eligible employees who have completed six months of service and have 1,000 of service.

Participants direct the investment of their contributions into various mutual fund options offered the Plan by the American Funds.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of:

- Partnership matching contributions, if any
- Account earnings
- Administrative expenses, if any

Allocations of discretionary Partnership-matching contributions are based on the amount of participant compensation. Allocation of earnings is based on the investments held in each participant's account. Certain expenses are allocated based on the nature of the expense.

Vesting: Participants vest immediately in their contributions and actual earnings thereon. Vesting in Partnership contributions is based on years of service with participants being fully vested in Partnership contributions after three years of service.

Benefit Payments: On termination of services due to separation, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in the account, or periodic distributions required for minimum distribution purposes. Under certain circumstances, participants may receive in-service or hardship distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. . For accounts less than $5,000, the account balance is distributed to former participants or rolled into an IRA account with American Funds.

Forfeited Accounts: Forfeited, non-vested accounts may be used to pay Plan expenses or reduce future employer contributions. At December 31, 2017 and 2016, respectively, forfeited, non-vested accounts totaled $18,838 and $185,493. During 2017, the Plan allocated $196,961 of forfeitures to participant accounts.

Participant Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of (1) $50,000 less the highest outstanding note balance during the previous 12-month period or (2) 50% of their account balance. Note receivable transactions are treated as a transfer between the investment fund and note receivable fund. The notes are secured by the balance in the participant's account. Note terms generally range from 1 to 5 years for loans unless the note is for the purchase of a principal residence in which case the term of the note may not extend beyond 15 years. The notes bear interest at money center prime rate (4.50% at December 31, 2017). Principal and interest are paid through payroll deductions under a level amortization schedule. Interest rates on notes receivable outstanding as of December 31, 2017 range from 3.25% to 4.25%. The maturity dates for the notes receivable range from February 2018 to November 2022.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with generally accepted accounting principles in the United States (U.S. GAAP).

Use of Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. The investments consist of mutual funds at December 31, 2017 and 2016. The mutual funds are valued at the net asset value of shares held. Purchases and sales of mutual funds are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The purchase and sale of investments are determined and directed by Plan participants.

Participant Notes Receivable: Participant notes receivable are valued at their unpaid principal balance plus accrued interest, if any. Loans in default are treated as distributions based on terms of the Plan document. Interest income is recorded on an accrual basis. Related administrative fees are recorded as expenses and are expensed when incurred.

Excess Salary Deferral Contributions Refundable to Participants: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the excess contributions to the applicable participants within the statutory requirements of the Internal Revenue Code.

Subsequent Events: Subsequent events have been evaluated by Plan management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New and Recently Issued Accounting Standards: New and recently issued accounting standards that may impact the Company's financial statements are as follows:

- FASB Accounting Standards Update (ASU) No. 2015-7, Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share – ASU – No. 2015-07 provides that certain investments that calculate a net asset value per share in accordance with paragraph 820-40-35-39 are valued using a net asset value per share, as a practical expedient, may be removed from the fair value hierarchy. The ASU is effective for years beginning after December 15, 2016 with earlier applications permitted. The Plan adopted this ASU effective January 1, 2017 and the change did not have an impact on the valuation of Plan investments as the Plan, currently, has investments valued using level 1 inputs only.

- FASB ASU No. 2015-12 (Topic 962), Plan Accounting –Defined Contribution Plans Part I: Fully Benefit-Responsive Contracts; Part II: Plan Investment Disclosures; Part III: Measurement Date Expedient – This ASU allows fully benefit-responsive contracts to be accounted for at contract value, rather than fair value; disclosures regarding certain information to be eliminated and; the measurement date of investments using a practical expedient to be the month end closest to the plans' fiscal year end. The ASU is effective for the Plan year ends beginning after December 15, 2016. The Plan early adopted ASU No. 2015-12, Part II effective January 1, 2015. With respect to the remaining ASU parts, The Plan adopted those parts effective January 1, 2017 and the change did not have an impact on the valuation of Plan investments as the Plan, currently, has investments valued using level 1 inputs only.

- FASB Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers – ASU No. 2014-09 implements a common revenue standard that clarifies the principles for recognizing

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

revenue. The core principle of ASU No. 2014-09 is that the entity should recognize revenue depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU No. 2014-09 will be effective for public business entities in 2018 and nonpublic business entities in 2019. The Plan Administrator does not anticipate that this FASB ASU will have a significant impact on the financial statements.

- FASB ASU No. 2016-02, Leases, supersedes the current leasing guidance and requires lessees to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of earnings. The new standard will be effective for nonpublic entities in 2020. The Plan Administrator does not anticipate that this ASU will have a significant impact on the financial statements.

- FASB ASU No. 2014-15, Presentation of Financial Statements – Going Concern. This update provides guidance about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern or provide related footnote disclosures. ASU 2014-15 requires management to assess an entity's ability to continue as a going concern incorporating and expanding upon certain principles that are currently in the U.S. auditing standards. This update is effective prospectively for years beginning after December 15, 2016. The Plan adopted this ASU, effective January 1, 2017.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Level 1: The fair value of mutual funds is based on quoted net assets values of the shares held by the Plan at year-end.

Level 2: Inputs other than Level 1 prices that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, inactive markets, or inputs.

Level 3: Inputs that are not observable.

The classification of investments by level of inputs is as follows:

	Level 1	Level 2	Level 3	Total
December 31, 2017				
Participant Directed:				
Mutual Funds	$60,106,054	$ --	$ --	$60,109,054

NOTE 5 – TAX STATUS

The Plan has not been obtained a determination letter from the IRS. The prototype used to design the Plan agreement has been has been submitted to the IRS for approval previously. The most recent prototype was approved by the IRS by letter dated September 30, 2014 for use by employers for the benefit of their employees. The Plan Administrator and Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they have concluded that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by the Federal tax authorities. Currently, there are no tax examinations in progress.

NOTE 6 – PLAN TERMINATION

Though it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in any employer contributions made prior to that time.

NOTE 7 – RISKS AND UNCERTAINTIES

The mutual fund investments are exposed to various risks such as interest rate, market and credit risks. Due to these risks, it is at least reasonably possible that changes in the values of the mutual fund investments will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for Plan benefits.

NOTE 8 – RELATED PARTY TRANSACTION AND PARTIES-IN-INTEREST TRANSACTIONS

During 2017, the Plan paid $144,609 in investment management fees, recordkeeping fees and professional fees.

Certain Plan investments are shares of mutual funds managed by affiliates of the Plan Trustee. Transactions with the affiliates are considered related party and parties-in-interest transactions.

In the recordkeeping and custodial agreement with Capital Bank and Trust Company, Trustee and the Plan, the Plan earns service provider and financial professional credits from Capital Research and Management Company, an affiliate of Capital Bank and Trust Company. The credits are based on balances maintained by the Plan in the mutual funds offered by the Plan. For the year ended December 31, 2017, the Plan received $189,648 in credits. The Plan used the credits to offset $82,000 in service provider and financial professional fees. In addition, on December 14, 2017, the Plan administrator authorized a $200,000 allocation to participant accounts.

NOTE 9 – NONEXEMPT TRANSACTION

During 2017, the Company did not remit one participant contribution on a timely basis to the Plan. The delinquent contribution is defined as a prohibited transaction by ERISA. The delinquent contribution totaled $150 as was remitted to the Plan. The Company believes that the amount of lost earnings is insignificant to the Plan and has not accrued an estimate at December 31, 2017. The Company will remitted the lost earnings prior to the year ending December 31, 2018.

NOTE 10 – SUBSEQUENT EVENT

Effective March 31, 2018, the Plan changed custodians and recordkeepers, as the Plan assets were transferred to Fidelity Management Trust Company from Capital Bank and Trust Company.
