KNOX COMMUNITY HOSPITAL EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF THE PLAN

The following brief description of the Knox Community Hospital Employees' Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing pension plan covering employees of Knox Community Hospital (the "Hospital").

Eligibility

Employees are eligible to participate after attaining the age of 18 and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Hospital contributes a Profit Sharing contribution of 3% of participants' eligible compensation to the Plan. For the 2017 and 2016 plan years, the Hospital elected to contribute an additional discretionary match equal to 50% of such participants' elective deferral contribution made to the Tax Deferred Annuity Plan, up to 3% of participants' compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan.

Participants Accounts

Each participant's account is credited with the Hospital's contribution and allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

KNOX COMMUNITY HOSPITAL EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Vesting

Vesting is based on years of service. Participants are vested based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Participants at retirement may elect to receive a lump-sum, a life annuity, a certain and life annuity, a joint and survivor annuity, an installment refund annuity, a fixed period annuity, an installment payment, or a partial withdrawal, as defined. Provisions exist for early, deferred, and disability retirements.

Forfeitures

Forfeitures represent the non-vested portion of the Hospital contributions plus earnings thereon, which are not distributed to participants who terminate employment before they are 100% vested. In the event a terminated employee is not reemployed within five consecutive one year breaks in service, such forfeitures may be used to reduce the Hospital's contribution to the Plan. \$64,667 and \$54 of forfeitures were available to be used to reduce employer contributions at December 31, 2017 and 2016, respectively, and \$123,778 and \$201,273 of forfeitures were used to reduce employer contributions in 2017 and 2016, respectively.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

KNOX COMMUNITY HOSPITAL EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported on the financial statements. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

American United Life Insurance Company (AUL) maintains the Plan's investment funds. Investments in pooled separate accounts are credited with earnings and gains or losses on the pooled investments. The separate accounts are stated at fair value as reported to the Plan by AUL, based on the quoted market prices of the underlying mutual funds. The unit value of the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares.

Those pooled separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets.

The investment strategies for the pooled separate accounts investing in mutual funds or equity securities vary based on the degree of investment risk chosen by the fund manager and the criteria of the fund or security's investment goals.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Receivables

Employer contributions received but not remitted to the trustee at year end are reflected as receivables.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through September 18, 2018, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2017 and 2016, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The frame work for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). However, in accordance with Subtopic 820-10, the pooled separate account investments that measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

The description of the valuation methodologies used for assets measured at fair value are included in Note 2. There have been no changes in the methodologies used at December 31, 2017 and 2016.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2017</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 27,863,153	N/A	Daily	None
<u>December 31, 2016</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 23,371,578	N/A	Daily	None

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts that are traditional investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer.

KNOX COMMUNITY HOSPITAL EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

The following represents the crediting interest rates as of December 31, 2017 and 2016 for each contract:

American United Life Insurance Contracts

- For insurance contract #G62142 fixed account, the crediting interest rate as of December 31, 2017 and 2016 was 4.00%.
- For insurance contract #G62142 alternate fixed fund, the crediting interest rate as of December 31, 2017 and 2016 was 3.75%.

The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Hospital by a letter dated July 6, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds and insurance contracts and are managed by AUL. AUL is the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Blue & Co., LLC is the independent auditor for the Plan. The aforementioned parties generally receive payment from the Hospital.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PLAN TERMINATION

Although it has not expressed intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
