DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Dayton Gastroenterology, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The plan is a defined contribution plan covering substantially all full-time employees of the Employer. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan.
2. *Eligible Participants.* Eligible participants are those employees who are over age 21 and have a minimum twelve months of service.
3. *Contributions.* Eligible participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, limited to the statutory maximum contribution (\$18,000 for participants under the age of 50 and \$24,000 for participants ages 50 and over). The Plan has an automatic enrollment policy, whereby the eligible participant has 3% (increases to 5% effective July 1, 2018) of compensation withheld automatically. On an annual basis each January 1, the participant's elective deferrals will be increased 1% by the employer and communicated to the participant in a timely manner. The Plan allows eligible participants to make Roth 401(k) (after-tax) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer has a discretionary match provision, which is determined by the Board of Trustees. The Employer also has a discretionary profit sharing provision, which is determined annually by the Board of Trustees. Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.
4. *Participant Accounts.* Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution, (b) plan earnings, and (c) charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
5. *Vesting.* Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.
6. *Notes Receivable From Participants.* Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate between 3.25 and 4.5 percent, which is commensurate with reasonable rates offered by financial institutions. Principal and interest are paid ratably through bi-weekly payroll deductions.
7. *Payment of Benefits.* On termination of service, the participant will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. The plan allows in-service distributions as follows: on the Employer's contributions, once they have attained the Plan's normal retirement age; on participant's rollover contributions, there is no restriction; on participant's pretax deferrals, once they have attained age 59 1/2. The plan does not allow in-service distributions on Roth 401(k) contributions.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN (Continued):

8. *Forfeitures.* Forfeitures of non-vested money shall first be used to pay plan administrative expense. To the extent any forfeitures remain, they will then be used to reduce any Employer contributions for the plan year in which the forfeiture occurred. Unallocated forfeitures at December 31, 2017 and 2016 were \$51,167 and \$35,533, respectively.
9. *Plan Expenses.* Expenses of maintaining the Plan are absorbed by the plan sponsor or paid through forfeitures. Investment management expenses are paid by the participants.

B. SUMMARY OF ACCOUNTING POLICIES:

1. *Basis of Accounting.* The accompanying financial statements of the plan are prepared on the accrual basis of accounting.
2. *Use of Estimates.* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.
3. *Investment Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses.

4. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.
5. *Payment of Benefits.* Benefits are recorded when paid.
6. *Date of Management's Review.* The Plan has evaluated subsequent events through August 20, 2018, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

C. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information is included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	<u>2017</u>	<u>2016</u>
Unallocated Cash	\$ 51,167	\$ 35,533

Common/Collective Trusts	5,154,167	5,192,350
Investment Income		
(net of investment expenses)	4,420,832	2,759,740
Other Income – SEC Settlement	0	177
Administrative Expenses	5,933	6,092

D. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are collective trust funds invested by Interserv, LLC and TD Ameritrade, and, therefore, these transactions qualify as party-in-interest transactions. The advisor picks from a pool of bonds, stocks, and mutual funds to develop a managed account that will meet a participant's investment strategy. It is intended to simplify the investment selection process for the participant.

E. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include -- quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

E. FAIR VALUE MEASUREMENTS (continued):

Level 2 - Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds, Preferred stock, and Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value of yields currently available on comparable securities of issuers with similar credit ratings.

Partnership: Valued at net estimated realizable value, which approximates fair value.

Common/Collective trusts: Valued at the closing price or net asset value (NAV) of the underlying readily marketable securities depending on the classification of the underlying securities - closing price for money market funds, government securities, corporate bonds, and equity securities, and NAV for mutual funds.

F. COMMON/COLLECTIVE TRUSTS:

The Plan invests in the Ameritrade IDA Asset Account, MetLife Stable Value Series 25157-Class 0 Fund, American Realty Capital New York City REIT, Phillips Edison Grocery Center REIT II, and Business Development Corporation of America, which are common/collective trusts that invest in various readily marketable securities with quoted market prices. The portfolios consist of mutual funds, money market funds, government securities, corporate bonds, equity securities, and insurance contracts. The Plan's interest in the trusts is calculated by applying the Plan's ownership percentage in the trust to the total fair value of the trust.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

H. TAX STATUS:

The Plan is a prototype plan designed by their third party administrator. The Internal Revenue Service has determined and informed the third party administrator by a letter dated March 31, 2008, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. RECENT ACCOUNTING PRONOUNCEMENTS:

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management elected to adopt this update early for the 2016 plan year.

DAYTON GASTROENTEROLOGY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

J. RECENT ACCOUNTING PRONOUNCEMENTS (continued):

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I & III are not applicable to the Plan. Part II was adopted for the 2016 plan year.
