JCI INDUSTRIES, INC. PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF THE PLAN

The following description of the JCI Industries, Inc. Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General – The Plan is a defined contribution plan covering all eligible employees of JCI Industries, Inc. (the "Company") who are 20½ years of age and have completed one month of service. Eligible employees may enter the Plan on the first day of January, April, July, or October that coincides with or next follows the date on which the requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Reliance Trust Co. ("RTC") serves as the Plan's custodian and Newport Group serves as the Plan's recordkeeper. An officer of the Company serves as the Plan's trustee.

Contributions – Participants may contribute amounts up to certain Internal Revenue Code ("IRC") limitations as either pre-tax or Roth salary deferrals. Newly eligible employees who do not complete a salary reduction agreement are auto-enrolled in the Plan at 6% of eligible compensation. The Company may make discretionary matching contributions to the Plan. For 2017, the Company made discretionary matching contributions of 50% up to 6% of eligible compensation to the Plan. The Company may also make a discretionary nonelective contribution. In order to share in the discretionary nonelective contribution, if any, a participant must be employed on the last day of the Plan year and have 1,000 hours of service during that Plan year. No discretionary nonelective contribution was made by the Company during 2017.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of Company contributions and Plan earnings and is charged with the participant's withdrawals and distributions. Allocations are based on participant earnings as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Participants direct their contributions into various mutual funds or a collective investment trust.

Vesting – Participants are vested immediately in their voluntary salary deferral contributions. Vesting for the discretionary matching contribution and the discretionary nonelective contribution is 25% after two years of service, with an additional 25% accruing with each additional year of service. Full vesting occurs after five years of service.

Forfeitures – Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. Forfeitures may be used by the Company to reduce future employer contributions, or to pay administrative expenses. There is \$771 and \$3,973 available in forfeitures as of December 31, 2017 and 2016, respectively. During 2017, forfeitures in the amount of \$12,712 were used to pay administrative expenses.

Payment of Benefits – Upon termination of service due to any reason, a participant with a balance of less than \$1,000, will be distributed in a lump sum payment. For balances greater than \$1,000, a participant may elect to receive an amount equal to the value of their vested interest in his or her account in the form of a lump sum payment or rollover.

In-Service Withdrawals – Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan Document and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested. A participant taking a hardship withdrawal may not make deferral contributions for six months.

Participants who have obtained the age of 59½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000 and a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years, but may be longer if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses – Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan. Expenses include investment advisor fees of \$42,986 and professional service fees of \$30,300. Total expenses were \$73,286.

Termination of the Plan – Although the Plan Sponsor has not expressed any intent to do so, it has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions – Company and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

A portion of the management fees and operating expenses charged to the Plan for investments in mutual funds and the common collective trust ("CCT") are deducted from income earned on a daily basis and are not separately reflected. Consequently, a portion of

management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful account is considered necessary.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through October 1, 2018, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies at December 31, 2017 and 2016.

Mutual Funds – Valued at the published net asset value (“NAV”) of shares held by the plan at year end.

Common Collective Trust – Valued at the trust NAV per unit based on fair value of the underlying investments, as determined by the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments are reported at fair value as follows at December 31, 2017 and 2016.

	Fair Value Measurements Using:			Total
	Level 1	Level 2	Level 3	
December 31, 2017:				
Mutual Funds	\$ 9,716,141			\$ 9,716,141
Total investments in the fair value hierarchy	\$ 9,716,141	\$ -	\$ -	9,716,141
Investments measured at net asset value (a)				153,902
Investments measured at fair value				\$ 9,870,043
December 31, 2016:				
Mutual Funds	\$ 7,433,821			\$ 7,433,821
Total investments in the fair value hierarchy	\$ 7,433,821	\$ -	\$ -	7,433,821
Investments measured at net asset value (a)				197,849
Investments measured at fair value				\$ 7,631,670

(a) Certain investments are measured at fair value based on NAV per share practical expedient at December 31, 2017 and 2016. These investments have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, may be redeemed daily without restrictions, and with no notice requirements. Additionally, there are no unfunded commitments.

4. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and a CCT, which hold various securities, including U.S. Government Securities, corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2017 and 2016, and for the year ended December 31, 2017:

- Investments, at fair value
- Net appreciation in fair value of investments
- Dividend and interest income
- Schedule of Assets (Held at End of Year), excluding Notes Receivable from Participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. TAX STATUS

The Company adopted a Volume Submitter 401(k) Profit-Sharing Plan which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
