BLOCK COMMUNICATIONS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Block Communications Savings Plan* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution 401(k) plan sponsored by *Block Communications, Inc.* (the "Company") and certain of its wholly owned subsidiaries (collectively, the "Employers"), as defined in the Plan agreement. Employees age 21 or older who have completed or are expected to complete 1,000 hours of service with the Employers, who are not a member of a group that has been excluded from Plan coverage pursuant to a collective bargaining agreement or unilaterally excluded by an employer after it has met any applicable collective bargaining obligation are eligible to participate. The Plan is administered by a committee of three or more individuals appointed by the Company's management. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute up to 100% of eligible pretax compensation (up to 10% of eligible compensation for highly compensated employees), as defined in the Plan agreement. Participants of two of the Company's wholly owned subsidiaries may also make after-tax (Roth) contributions from eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans. The Employers make matching contributions ranging from 20% to 100% of the employees' contributions, up to a maximum of 6% of the participants' eligible compensation. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employers' matching contributions and net earnings based on the performance of the investment options selected by the participant. Participants who initiate a loan or benefit payment are charged a fee for that transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 20% vested in Employers' matching contributions after one year of service in the Plan, becoming 100% vested after five years of service.

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of $1,000 up to the lesser of 50% of the value of their account (excluding rollover accounts) or $50,000, less the excess of the highest amount of the outstanding balance of notes receivable from the participant for the previous 12-month period over the outstanding balance of notes receivable from the participant on the date the loan is made. Notes receivable terms range from one to five years unless the loan is for the purchase of a primary residence. The notes are secured by the balance in the participants' accounts and bear interest at rates ranging from 3.25% to 9.25%, which are commensurate with local prevailing rates at the time the notes are issued. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in their account. If a participant's account balance is $1,000 or less, payment can be made in a lump-sum without the participant's consent. If the account balance is greater than $1,000 but less than $5,000, payment can be made to an individual retirement account at Vanguard Fiduciary Trust Company ("Vanguard") or such other provider as the Company designates in accordance with Department of Labor guidelines, unless the participant requests a different disposition of their account balance within the applicable election period. Participants who terminated service prior to January 1, 2003, were eligible to elect annuity payments over a reasonable time period if they began receiving benefit payments prior to November 1, 2007.

Withdrawals of participant pretax deferrals, Employers' matching contributions and earnings thereon during a participant's employment are not permitted unless financial hardship can be proven or the participant has attained age 59½. Financial hardship withdrawals must meet one of the following specified hardship reasons: medical expenses, funeral expenses, post-secondary education, certain home repairs, purchase of a primary residence or to prevent eviction or foreclosure.

Forfeited Accounts

Forfeitures of the nonvested portion of the Employers' matching contributions, for participants who have left the Plan, are maintained by the Plan until five consecutive one-year breaks in service have occurred. They may then be used to reduce future Employers' cash contributions. Forfeiture assets of $3,718 in 2017 were used to reduce Employers' matching contributions. There were no forfeiture assets used in 2016 to reduce Employers' matching contributions. At December 31, 2017 and 2016, forfeited nonvested assets available to reduce future Employers' contributions totaled $743,583 and $637,515, respectively.

Administrative Expenses

The Plan's administrative expenses, including salaries related to Plan administration and trustee, audit, and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Participants are charged directly for loan fees and fees related to certain distribution types.

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of mutual funds includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in fair value of mutual funds.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are recorded as deemed distributions based upon the terms of the Plan agreement.

Contributions

Contributions from participants are recorded when withheld from their compensation. The Employers contributions are recorded in the period in which they become obligations of the Employers.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2017, the most recent statement of net assets available for benefits presented herein, through October 1, 2018, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, (2) the December 31, 2017, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2017 and 2016. Vanguard has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2017 and 2016.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each of the Plan's assets or liabilities is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BLOCK COMMUNICATIONS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Common/collective trust: The Vanguard Retirement Savings Trust ("VRST") invests primarily in benefit-responsive investment contracts issued by insurance companies, banks or other financial institutions. The VRST seeks to maintain a stable net asset value and provide returns comparable to those of short-term fixed income securities. The fair value of the VRST is based upon the NAV, as provided by Vanguard. The NAV is used as a practical expedient to estimate fair value and, as a result, is not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan committee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

2017	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	$ 136,831,740	$ -	$ -	$ -	$ 136,831,740

NOTES TO FINANCIAL STATEMENTS

2016	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	$ 122,032,027	$ -	$ -	$ -	$ 122,032,027
Common/ collective trust	-	-	-	12,061,010	12,061,010
Total investments at fair value	**$122,032,027**	**$ -**	**$ -**	**$ 12,061,010**	**$134,093,037**

(1) Certain investments are measured at NAV per share (or its equivalent) on an inactive market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels for the years ended December 31, 2017 and 2016.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2017	2016			
Common/collective trust					
Vanguard Retirement Savings Trust	$11,221,705	$12,061,010	$ -	Daily	Daily

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Vanguard. Vanguard is the trustee of the Plan and, therefore, transactions related to these investments qualify as party-in-interest. Fees paid by the Plan for investment management services are included in net appreciation in fair value of mutual funds.

5. TAX STATUS

The IRS has determined and informed the Company by a letter dated June 26, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan committee and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in these financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company was untimely in remitting certain participant contributions in the amount of $86,756 in 2016 and $13,497 in 2017. Late remittances of participant contributions constitute prohibited transactions under ERISA section 406, regardless of materiality. The Company remitted the delinquent participant contributions and related Company matching contributions in 2016 and 2017 and reimbursed the Plan for lost earnings in 2017.

8. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and a common/collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
